Memo.No.CE/Comml/EE/DSM/AEE/PMM/F. Power cut instruction/
D. 354/ 09, dt. 11. .8.2009.

Sub: Elecy - Restriction and Control measure implementation –
Instruction issued- Regarding.

Ref:(i) CE/Comml/ EE/DSM/ AEE/PMM/F. Power cut /D.001/2008
dt.01.11.2008.

(ii) Lr.No.CFC/GI/FC/DFC/R/AAO/Rev/D / dt.01.12.08

(iii) Lr.No.CFC/GI/FC/DFC/R/AAO/Rev/D.178/08 dt.04.12.08

(iv) Memo.No.CFC/GI/FC/DFC/R/AO/HT/D.23/09, dt.05.02.09

Instructions has already been issued that implementation of Restriction and Control measures should be strictly watched and if there is any violation action may be taken as per the instructions in force.

Even after repeated instructions the Restriction and Control measures are not properly adhered and followed in many of the Electricity Distribution Circles. Hence all Chief Engineers and Superintending Engineers of Electricity Distribution Circles are requested to take action for the following:-

- (i) The monthly HT reading up to one year of all the Industrial and Commercial HT Services those are under power cut will be available in the base computer system of MRT. The Superintending Engineers are requested to download the above readings and verify each and every HT Service readings those who are coming under power cut from 1.11.2008 onwards and check if there is any demand and energy violation in normal hours and peak hours(6.00 PM to 10.00PM). Action may be taken if there is any violation as per the instructions already issued. The above work should be done immediately and the process of progress may be sent to Chief Financial Controller/Revenue every week for appraisal.
