Memorandum No. 54035/O&M Call (2)/89-1 (Secretariat Branch) dated 3-8-1990.

Sub:—Establishment — Board Office Secretariat Branch—Transfer of subjects to Board Office Secretariat Branch from other branches—Orders cancelled.

Read:—(Per) B. P. (Ch) No. 161 (Sectt.) dated 30-7-90.

The orders issued in the Board's Proceedings cited is hereby cancelled.

(By Order of the Chairman)

K. N. Rathinavelu,
Secretary.

Memorandum (Per) No. 48995-C1/90-1 (Secretariat Branch) dated the 4th August, 1990.

Sub: Establishment—Disciplinary Proceedings cases — Suspension — Continuance beyond 90 days — Payment of subsistence allowance — Instructions issued.

Ref: B. P. Ms. (Ch) No. 16 (SB) dt. 18-1-84.

According to the orders issued in the B. P. cited, no employee should be kept under suspension for a period exceeding three months without getting the approval of the Chief Engineer concerned/other competent authority or for a period exceeding six months without getting the approval of the Chairman. The approval for such extension of suspension should be obtained every month and the application for the approval of extension of suspension should be sent sufficiently in advance giving fully the reasons therefor.

2. In practice, review of the suspension cases and taking a decision on continuance or otherwise of the suspension by the Chief Engineer or other competent authority/Chairman takes more than three months/six months. It has been brought to the notice that in some Circles, payment of subsistence allowance is withheld beyond the period of three months/six months on the ground that the orders of the above mentioned higher authorities are not received. The issue has been examined.

3. The intention in issuing the orders in the B. P. cited is to study the suspension cases by the higher authorities to find out whether there is justification to continue the employee under suspension or the suspension may be revoked. It is not correct to stop payment of subsistence allowance, when there is a time lag between the end of three months/six months and the actual issue of orders by the higher authorities. Even when the higher authority takes a decision to revoke the suspension after a time lag, revocation of suspension can only be from a prospective date. In view of the above, it is clarified that payment of subsistence allowance as per the Standing Orders or other Rules should not be stopped on the ground that the orders of the Chief Engineer or other competent authority/Chairman for continuance or otherwise of suspension beyond three months/six months have not been received and subsistence allowance as per the provisions of the Standing Orders/other Rules should continue to be paid even beyond three months/six months till such time the employees are reinstated in service.

The receipt of this memo. should be acknowledged.

K. N. Rathinavelu,
Secretary.

Insuring Board's Assets in Thermal and Hydro Stations against risk of Fire, Floods, Earthquake etc.
—Discontinuance—Revised orders issued.

(Permanent) B.P. (FB) No. 145

(Technical Branch)

Dated 4—8—1990

Aadi 19, Pramodhutha,
Thiruvalluvar Aandu, 2021

Read :

Permanent B.P. (FB) No. 89 (Technical Branch) dt. 30—5—90.

In the B.P. cited above, Board had directed to dispense with Fire/Earthquake Insurance Policies for the Thermal Stations/Dredgers/Wind Mills/Wind Farms/Proposed Gas Turbine Stations and also not to renew/extend the existing policies unless the Fire Insurance cover is insisted for mortgaging or any other specific purpose for which the Fire Insurance Cover is mandatory.

The Board had also directed that a separate fund shall be created from which the written-down value of the assets damaged be deducted.

2. Subsequent to the issue of the above orders, the Tender Committee, in its 457th meeting held on 18—6—90, while considering the proposal for extension of the Fire Insurance policy of Unit-I of the Kadamparai Power Station, recommended to the Board that, based on the decision taken for Thermal Stations, no new Insurance policy need be taken and the existing policies also need not be extended in respect of Hydro Stations also, whose assets have not been mortgaged to L.I.C.

3. The Board after careful consideration accepts the recommendations of the Tender Committee and accordingly, in modification of the orders issued in B.P. cited, the following orders are issued :—

- (i) Insurance policies to cover the risks of Fire, Flood, Earthquake, marine etc., **shall not be taken** for the assets in the existing and future Thermal/Hydro Stations, Dredgers, Wind Mills, Wind Farms and also the proposed Gas Turbine Stations, and the existing Insurance Policies **also shall not be renewed/extended** unless the Insurance Cover is insisted for mortgaging or any other specific purpose for which the Insurance cover is compulsory.
- (ii) A separate fund for the assets indicated in (i) above shall be created, for which an amount of one percent (1%) of the value of assets shall be deposited annually and the written-down value of the equipments damaged shall be deducted from this fund.
- (iii) As the intention of the Board is to dispense with any type of insurance for the assets indicated in (i) above, except where it is compulsory, it is to be clearly understood that, Insurance Cover means, Insurance against all type of risks such as fire, earthquake, flood, Marine etc.
- (iv) However, the Storage-cum-Erection Insurance policy for projects and major construction works may be taken wherever necessary, after getting specific approval of the Board.
- (v) The Transit Risk Insurance for the materials may be continued to be taken wherever necessary.

Read:—

Item No. 27 of 592nd meeting of the Tamil Nadu Electricity Board
held on 27-7-1990.

Proceedings :

The Tamil Nadu Electricity Board approves the proposal of the Chief Engineer/Research and Development for

(1) Entrusting ten special school trips to M/s. Cheran Transport Corporation, Coimbatore as per the proposal sent by the then additional Chief Engineer/Generation/Kundah, during the academic year 1990-91 at the rates indicated in the Annexure. The rates will be valid for the academic year 1990-91 or till the fare revision by Government of Tamil Nadu, whichever is earlier

(2) Ratifying the action of the then Additional Chief Engineer/Generation/Kundah in continuing the school trips for the year 1990-91 in anticipation of approval of the Board.

(3) Approving the following procedure in making payments which was adopted in all the earlier proposals and is now in force.

(a) To make advance payment every month to M/s. Cheran Transport Corporation for the ten special school trips based on the probable number of working days in the month. Any payment made for the days on which the trips are not performed will be adjusted in the advance payment for the next month.

(b) To reimburse the actual bus fare paid by the children attending the Gudalur Higher Secondary School for their travel in the regular bus trip from Masinagudi to Gudalur and back at the end of every month based on their parent employees furnishing a certificate to the effect that the trips were actually made by their children.

(c) To authorise the Superintending Engineer/Generation/Kundah to make the payments as outlined above.

(By Order of the Board)

ORDER :

After the introduction of 10 years schooling in Kerala from 1964, the S.S.L.C. of that State was considered not equivalent to the S.S.L.C. of Tamil Nadu which was obtained after 11 years schooling. The question of recognising the S.S.L.C. of Kerala was kept pending, awaiting a decision of the Government on the question of change in the pattern of Education in this State to 10+2+3 years pattern which is in vogue in Kerala, Karnataka and Andhra Pradesh States.

2. The 10+2+3 pattern of education has been introduced in the Government order first read above. The first batch of students under 10 year schooling took their public examination in March 1978. The Tamil Nadu Public Service Commission which was consulted on the question of recognising the S.S.L.C. of Kerala has advised that the S.S.L.C. of the three Southern States of Kerala, Karnataka and Andhra Pradesh issued after 10 years School course with eligibility for admission to the College course in their respective Statee from 1978 may be accepted on par with the 10 years S.S.L.C. of the Tamil Nadu for purpose of minimum general educational qualification for employment under this Government.

3. The Government, after careful consideration direct that the S.S.L.C. of Kerala, Karnataka and Andhra Pradesh issued after 10 years school course with eligibility for admission to the College course in their respective States with not less than 35% of marks in each of the five subjects either in one or more sittings from 1978 be recognised as equivalent to the 10 years S.S.L.C. of Tamil Nadu for purpose of minimum general educational qualification for employment under this Government.

2. From the Tamil Nadu Public Service Commission, Madras Letter No. 7490/E4/87, dated 30-6-1988.

Order :

In the Government Order read above, the Government ordered that the Secondary School Leaving Certificate of Kerala, Karnataka and Andhra Pradesh issued after 10 years School course with eligibility for admission to the College course in their respective States with not less than 35% of marks in each of the five subjects either in one or more sittings from 1978 be recognised as equivalent to the 10 years Secondary School Leaving Certificate of Tamil Nadu for purpose of minimum general educational qualification for employment under this Government.

2. It has been represented that a number of persons who passed the Secondary School Leaving Certificate (10 years) of Kerala and Karnataka prior to 1978 were recruited to Government Service and the services of these persons were regularised by relaxing the relevant service rules with effect from the date of relaxation which results in a great loss to them. It has further been stated that there were more than 5 subjects in the Secondary School Leaving Certificate of Karnataka prior to 1970. Hence with a view to afford benefits to persons who passed the Secondary School Leaving Certificate (10 years) of Kerala, Karnataka and Andhra Pradesh prior to 1978 and to persons who passed the Secondary School Leaving Certificate of Karnataka State prior to 1970, who studied more than 5 subjects in Secondary School Leaving Certificate it has been requested to issue necessary amendment to the effect that the orders issued in the Government Order read above shall be made applicable to persons who passed 10 years Secondary School Leaving Certificate of Kerala, Karnataka and Andhra Pradesh either in one or more sitting prior to 1978 and that the five subjects referred to in the Government Order may be construed as any five of the subjects with not less than 35% of Marks in respect of persons who passed the 10 years Secondary School Leaving Certificate of Karnataka State prior to 1970 with more than 5 subjects in Secondary School Leaving Certificate.

3. The Government have examined this request in detail in consultation with Tamil Nadu Public Service Commission. The Government accordingly issue the following orders in modification of the orders issued in para 3 of the Government Order read above:—

“Persons who have passed the 10 years Secondary School Leaving Certificate of the Kerala, Karnataka and Andhra Pradesh States even prior to 1978 and obtained not less than 35% of Marks either in one or more sittings in each of the five subjects, viz. Language, English, Mathematics, Science, History and Geography (Social Studies), shall be deemed to possess the Minimum General Educational Qualification for employment under this Government”.

No. 29 of 1990 — Tamil Nadu General Sales Tax (Amendment)

The following Act of the Tamil Nadu Legislative Assembly received the assent of the Governor on the 19th May 1990 and is hereby published for general information :—

Act No. 29 of 1990

An Act further to amend the Tamil Nadu General Sales Tax Act, 1959.

BE it enacted by the Legislative Assembly of the State of Tamil Nadu in the Forty-first year of the Republic of India as follows :—

Short title and commencement (Amendment) Act, 1990. 1. (1) This Act may be called the Tamil Nadu General Sales Tax (Amendment) Act, 1990.

(2) It shall be deemed to have come into force on the 1st day of April 1990.

Amendment of Section 3

2. In section 3 of the Tamil Nadu General Sales Tax, 1959 (hereinafter referred to as the principal Act),

Tamil Nadu Act I of 1959

(1) in sub-section (1), for the expression "shall pay a tax for each year at the rate of five per cent of his taxable turnover", the expression "in respect of sale of goods, shall pay a tax for each year at the rate of eight per cent of his taxable turnover, at the point of first sale" shall be substituted ;

(2) in sub-section (3), for the expression "for sale by him of any goods—

mentioned in the First Schedule other than those falling under items 70(b), 70(c) and 107 of the said Schedule

or

involved in the execution of works contract shall be at the rate of only four per cent on the turnover relating to such sale", the following expression shall be substituted, namely:—
"for sale by him of any goods liable to tax, —

(i) under sub Section (1); or

(ii) under the First Schedule, other than those falling under items 70(c) and 107 of the said Schedule ; or

(iii) involved in the execution of works contract, shall be at the rate of only three per cent on the turnover relating to such sale".

Amendment of Section 5

3. In Section 5 of the principal Act, in clause (b), for the expression "five per cent", the expression "eight per cent or at such reduced rate as the Government may, by notification, specify" shall be substituted.

Amendment
of Section 7

4. In Section 7 of the principal Act,—(1) In sub-section (1) for the expression "Notwithstanding anything contained in sub-section (1) of Section 3", the expression "Notwithstanding anything contained in sub-section (1) of Section 3 but subject to sub-section (4)" shall be substituted ;

(2) after sub section (3), the following sub-section shall be added, namely—

"(4) The provisions of this section shall not apply in respect of any sale or purchase made on or after the 1st day of April 1990".

Amendment
of Section 7-A

5. In Section 7-A of the principal Act, to sub-section (2), the following proviso shall be added, namely:—

"Provided that this sub-section shall not apply to the purchases made on or after the 1st day of April 1990".

Amendment
of Section

6. In section 12 of the principal Act, for sub-section (1), the following sub-sections shall be substituted, namely:—

"(1) The assessment of a dealer shall be on the basis of the prescribed return relating to his turnover submitted in the prescribed manner within the prescribed period ;

Provided that subject to the provisions contained in sub-section (1-A), a dealer whose total turnover is not more than rupees five lakhs per annum and who fulfils the following conditions, namely:—

(a) that he has not obtained or received any of the declaration Forms prescribed under the Central Sales Tax Act, 1956;

Central Act
74 of 1956

(b) that he has not obtained or received Forms XVII, XX and XX-B prescribed under this Act;

(c) that he has not contravened any of the provisions of this Act or the rules made thereunder;

(d) that he has not contravened any other conditions prescribed, shall be deemed to have been assessed and the return filed by the dealer shall be accepted without calling for the accounts.

(1-A) The prescribed authority shall have power to select at random in the manner prescribed, such cases of deemed assessment, not exceeding ten per cent of total number of such assessments for the purpose of scrutinising the correctness of the return submitted by him in this connection and in such cases, final assessment orders shall be passed in accordance with the provisions of this Act.

(1-B) Save as otherwise provided in this Act and subject to such rules as may be prescribed, the procedure relating to assessment shall apply to the deemed assessment under the proviso to sub section (1)".

Amendment
of Sec. 16

7. In Section 16 of the principal Act, in sub-section (2), for the expression "the tax so assessed", the following expression shall be substituted, namely:—

"the tax so assessed and a sum which shall be at the rate of one hundred and fifty per cent of the tax assessed, in the case of deemed assessment referred to in the proviso to sub-section (1) of section 12".

Amendment of
Section 17-A

8. In Section 17-A of the principal Act,—

(1) after sub-section (1), the following sub section shall be added, namely :—

“(1-A) The Government may, by general or special order, authorise the Territorial Assistant Commissioner to exercise such of their powers specified in sub-section (1)”;

(2) in sub-section (2) for the expression “under sub-section (1)” the expression “under sub-section (1)” or sub-section (1-A)” shall be substituted.

Insertion of
new Section
60-B

9. After section 60A of the principal Act, the following section shall be inserted, namely :—

“60-B. Payment of tax in respect of goods shifted from multipoint to single point—Notwithstanding anything contained in this Act, the sale of such of those goods, as were liable to tax under sub-section (1) of section 3 as it stood prior to the 1st day of April 1990, effected within the State on or after the said date, shall be deemed to be the first sale for the purposes of this Act, although such goods had suffered tax prior to the said date;

Provided that in the case of goods held in stock on the 1st day of April 1990 which are liable to tax under sub section (1) of section 3 and which had already suffered tax under this Act prior to the said date, and which goods by virtue of this section have become taxable at the point of first sale on or after the said date, the rate of tax payable by any dealer in respect of those goods under this Act shall be reduced to the difference between the rate of tax payable on the sale of goods under sub-section (1) of section 3 and the rate of tax which the goods had already suffered prior to the said date;

Provided further that if the rate of tax payable under sub-section (1) of section 3 is less than the rate of tax at which the goods have already suffered tax prior to the said date, no refund of tax shall be made”.

10. In the first Schedule to the principal Act, after item 193 and the entries relating thereto, the following items and entries shall be added, namely :

ESTABLISHMENT—Tamil Nadu Electricity Board—Creation of One post of "Officer on Special Duty" in the grade of Chief Engineer for a period of five months from 1—9—1990 to 31—1—1991.

(Permanent) B.P. (F.B.) No. 34

(Secretariat Branch)

Dated 31—8—1990.

Proceedings :

Among the varied items of work transacted in the Administrative Branch of the Board, work load settlement with the Unions subsequent to the recent wage revision is in progress in addition to Cadre Management of Class II, III and IV of the employees of the Board.

2. Thiru M. Chinnakannu, Chief Engineer, Personnel is due to retire from the services of the Board on 30—9—1990 After-noon, on superannuation. With a view to affording opportunity, guidance and participation in work load revision—settlement and also for Cadre Management in the Administrative Branch, it is desirable that the next incumbent of the post of Chief Engineer, Personnel should have advance exposure atleast for a few months before he assumes charge as Chief Engineer (Personnel).

3. After careful consideration, the Tamil Nadu Electricity Board hereby orders that one post of 'Officer on Special Duty' in the grade of Chief Engineer (Scale Rs. 5100—175—5975) shall be created for a period of five months from 1—9—90 to 31—1—91 in the Administrative Branch. G.O. Ms. No. 1862 P.W.D. dated 31—8—90.

Proceedings :

Consequent on the retirement of Thiru S. Sellaratnam, Member (Distribution) on 31—8—1990 on superannuation, Thiru E.K. Abdul Jabbar, Chief Engineer, Thermal Designs has been appointed as Member of the Board. Thiru S. R. Ramakrishnan has been designated as Member (Generation). He is incharge of generation of electricity, projects and grid operation.

2. Thiru E.K. Abdul Jabbar has been designated as Member (Distribution). Thiru E.K. Abdul Jabbar has a sound knowledge of Thermal Projects and Design to his credit. The field of 'Distribution' has of late become very complicated consequent on various policy changes, vigorous consumer representations involving number of changes in policy and in decision making. Even though the terms and conditions of supply has been revised in December, 1988 there has been number of policy changes resulting in quite a few amendments having been made to the terms and conditions of supply. Thiru K.U. Krishnan, Chief Engineer/Distribution/Madras Region who is next in the line of seniority has rich experience in all aspects of 'Distribution'. It has been felt desirable that it would be highly advantageous if this rich experience is utilised fully. It is therefore ordered that henceforth all files on 'Distribution' intended to be seen by Member (Distribution) shall be routed through Thiru K. U. Krishnan. The files dealt with by the Superintending Engineer/Industrial Energy Management Cell shall be submitted to Thiru K.U. Krishnan and such of those files which in his opinion have to be seen by Member (Distribution) will be marked by him to Member (Distribution). Thiru K.U. Krishnan shall be designated as Chief Engineer, Distribution, Madras and Special Officer for Distribution.

Govt. G. O. Ms. No. 1114 Finance (Pension) Dept. dt. 7—10—89

Proceedings :

According to note (iii) under Rule 46 (4) of Tamil Nadu Pension Rules, 1978, payment of Death-cum-Retirement Gratuity to the extent of Rs. 5000/- (for the first Rs. 5000/- where the amount payable exceeds Rs. 5000/-) in favour of a minor may be made to his/her guardian, in the absence of a natural guardian without the production of a guardianship certificate but subject to production of an indemnity bond with suitable sureties to the satisfaction of the sanctioning authority. The balance in excess of Rs. 5000/-, if any, would become payable on the production of a guardianship.

2. The Government of Tamil Nadu, in the reference cited, have now ordered that the existing ceiling limit on payment of minor's share of Death-cum-Retirement Gratuity without production of guardianship certificate be enhanced to Rs. 10,000/- from Rs. 5000/-. It has been decided to adopt the above Government orders in respect of Board Pensioners also.

3. Accordingly, it is hereby ordered that the ceiling limit on payment of minor's share of Death/Retirement gratuity without the production of guardianship certificate be enhanced to Rs. 10,000/- from Rs. 5,000/- The other conditions stipulated in the above mentioned Rules will remain the same.

4. The orders shall take effect from the date of issue of this order.

Secretary.

Memorandum No. 41690/N1/90-2 (Secretariat Branch) Dated the 4th August, 1990.

Sub : PENSION—Family Pension—Medical Allowance to Family Pensioners whose spouse died in harness—Option to draw medical allowance—extension of time.

Ref : 1. (Per) B.P. (Ch.) No. 1, (SB), Dated 3—1—90.
2. From Superintending Engineer/Thanjavur Electricity Distribution Circle
Lr. No. Adm. II/A2/C. 390/90, Dt. 11—6—90.

In the Board's Proceedings first cited, orders were issued to the effect that the Family Pensioners whose spouses died in harness and who were eligible for reimbursement of medical expenses without restriction till the date of normal retirement of deceased employee if prefer to draw medical allowance even upto the date of normal retirement of the deceased employees, also be sanctioned medical allowance of Rs. 15/- per mensem till the normal date of retirement of the deceased employees. The orders were given effect to from 1—1—90 and the final date for exercising option was fixed before 28—2—90.

2. The Superintending Engineer/Thanjavur Electricity Distribution Circle has reported that some of the family pensioners have not submitted their option within the due date. They have submitted belatedly after 28-2-90. The Superintending Engineer has therefore requested clarification as to whether the belated option may be accepted.

3. The Tamil Nadu Electricity Board after careful consideration hereby direct that the Family Pensioners whose spouses died in harness while in service be permitted to exercise option to draw medical allowance at any date. In such cases, the claimers, if any, for medical reimbursement shall be admitted upto the date of option and the medical allowance of Rs. 15/- per mensem, shall be allowed proportionately from the date of option to the end of that month and at Rs. 15/- per mensem thereafter.

1. G.O. Ms. No. 1260, Finance (Allowances-I) Department dated 29—11—89.

Proceedings :

In exercise of the powers conferred by Section 79 (c) of the Electricity (Supply) Act, 1948 (Central Act 54 of 1948) read with regulation 3 (a) of the Tamil Nadu Electricity Board General Provident Fund Regulations and B.P. Ms. No. 2115 dated 13—10—72, the Tamil Nadu Electricity Board hereby makes the following amendments to the Tamil Nadu Electricity Board General Provident Fund Regulations.

Amendments

In the said Regulations in Regulation 2, in Sub-Regulation (1), for sub clauses (i) and (ii) of clause (d), the following shall be substituted :

(d) "Family" means—

(i) in the case of male subscriber, the wife or wives, parents, children, minor brothers, unmarried sisters, deceased son's widow and children and where no parents of the subscriber is alive, a paternal grand-parent;

Provided that if a subscriber proves that his wife had been judicially separated from him or has ceased under the customary law of the community to which she belongs to be entitled to maintenance, she shall hence forth be deemed to be no longer a member of the subscriber's family in matters to which these rules relate unless the subscriber subsequently intimates in writing to the Accounts Officer that she shall continue to be so regarded and

(ii) In the case of female subscriber, the husband, parents, children, minor brothers, unmarried sisters, deceased son's widow and children and where no parents of the subscriber is alive, a paternal grand-parent;

Provided that if a subscriber by notice in writing to the Accounts Officer expresses her desire to exclude her husband from her family, the husband shall henceforth be deemed to be no longer a member of the subscriber's family in matters to which these rules relate unless the subscriber subsequently cancels such notice in writing.

1. G.O. Ms. No. 1250, Finance Dt. 22-10-62.
2. From the Deputy Accountant General D.O. No. AG (Audit I)/RA. II/TWAD/ F. 9-38/789, dt. 28-5-90.
3. From the Income Tax Officer, Salary Ward I(1), Madras-6 addressed to Pay and Accounts Officer, Madras-9.

Order :

In the G.O. first read above the Government directed that the cash allowance received in lieu of surrender of residential peon by the officers of Government Departments be treated as one falling within the definition of Sec. 10(14) of the Income Tax Act and as such for this allowance no income tax need be paid by the recipient. The Accountant General in his letter 2nd read above has stated that compensatory allowance will not be included in the total income of an employee only to the extent it is exempted under Section 10 of the Income tax Act. He has also stated that this allowance has not been specifically mentioned under Section 10(14) of the Income Tax Act so as to become eligible for exemption and that with effect from 1-4-89 such allowances are exempted only to the extent notified by Government of India. He has observed that there is no notification from Government of India exempting this allowance.

The Income Tax Officer (Salary Ward-1), Madras-6 in the reference 3rd read above has also opined that this compensatory allowance does not qualify for exemption under Section 10(14) of the Act with effect from 1-4-89 and that the G.O. referred to in (i) above become in operative after 1-4-89. The Accountant General has therefore requested the Government to give suitable instructions to the concerned so that the cash allowance received by the officers of Government/ Public Sector Undertaking may be included in the total income of an employee for Income Tax purposes.

2. The Government examined the matter and direct that the Public Sector Undertakings/ Boards should take into account the cash allowance paid to its officers in lieu of surrender of residential peon and include such amount in the total income of the officer concerned for the purpose of deduction of Income Tax at source as per the relevant provisions of the Income Tax Act until such time the Government of India notified this allowance for exemption under Section 10(14) of Income Tax Act.

3. Government Lr. No. 123723/Pension/89/3, Dated 21—2—1990.

Proceedings :

In the Government order Ms. No. 1035, (Finance), Dated 8—11—67, the Government of Tamil Nadu have granted terminal benefits of proportionate pension and Death-cum-Retirement Gratuity based on the length of qualifying service in respect of Government Servants permanently absorbed on or after 8—11—1967 in public sector undertakings. The Government subsequently in G.O. Ms. No. 40, Finance, (Pension), Dated 20—1—89 have extended the benefits ordered in the Government order dated 8—11—67 to Government employees and employees of Government undertakings and Local Bodies who were absorbed permanently in Neyveli Lignite Corporation prior to 8—11—67 also. The above orders of Government have been made applicable in the Board proceedings first cited in the case of employees of the Board who were absorbed permanently in Neyveli Lignite Corporation as early in the year 1964 and 1965 subject to adjustment of the Provident Fund amount including interest already drawn at the time of absorption from the benefits payable to such personnel.

2. In the reference 3rd cited, the Government have issued further instructions in respect of these employees who were absorbed in the Neyveli Lignite Corporation. The Board has also decided to fall in line with it.

3. Accordingly, the Tamil Nadu Electricity Board hereby directs that in the absence of details regarding emoluments drawn during the last 36 months prior to the date of absorption and the pay drawn in the substantive post and officiating post, the Chief Internal Audit Officer, Audit Branch is permitted to admit and authorise minimum pension, provided, a copy of certificate issued by Chief Internal Audit Officer furnished the qualifying service duly attested by the departmental officer is furnished to him. It is also ordered that the Pension so admitted by the Chief Internal Audit officer will be a final one and not provisional one and that as and when the relevant details with documentary proof are furnished to him, the minimum pension will be revised, if otherwise found eligible.

Tamil Nadu Electricity Board Employees' Family Benefit Fund Scheme and Tamil Nadu Electricity Board Employees' Family Benefit Subsidiary Scheme—Enhancement of total lumpsum payment to Rs. 40,000/- Orders—Issued.

(Permanent) B.P. (FB) No. 33

(Secretariat Branch)

Dated the 20th August, 1990
Aavani 4, Pramodhutha,
Thiruvalluvar Aandu 2021.

Read :

1. B.P. Ms. No. 1074, Dated 3—7—74.
2. B.P. Ms. (FB) No. 41, (Sectt. Br.), Dated 12—5—86.

Proceedings :

In the Board's Proceedings first cited, the Board introduced the Tamil Nadu Electricity Board Employees' Family Benefit Fund Scheme with effect from July, 1974. Under this Scheme, the eligible employees have to pay a uniform rate of contribution of Rs. 10/- (Rupees Ten only) per month and the same will be deducted from the pay of the employee and credited to a Fund. In the event of death of an employee while in service, a sum of Rs. 10,000/- (Rupees Ten thousand only

will be paid to the nominee or legal-heir of the deceased employee. In the case of an employee retiring on super-annuation or other wise demitting office earlier for any reason, he will be paid the actual amount contributed by him till then together with the Board's Contribution representing an element of interest as per a prescribed Table of repayment depending upon the number of year of service rendered by him in accordance with the terms and conditions laid down in the Board's Proceedings first cited.

2. In the Board's Proceedings second cited, the Tamil Nadu Electricity Board Employees' Family Benefit Subsidiary Scheme was introduced with effect from 1-4-1985, under which no recovery will be made from the salary of the employee and no benefit will accrue in the case of retirement. But in the event of death while in service, the nominee or legal-heir of the deceased employee will be paid a sum of Rs. 10,000/-.

3. The Tamil Nadu Electricity Board has decided as a measure of further relief to the employees of the Board and their families to enhance the above lump-sum payments.

The Board accordingly passes the following orders :—

- (i) The rate of contribution of Rs. 10/- (Rupees Ten only) per month as per the Tamil Nadu Electricity Board Employees' Family Benefit Fund Scheme introduced in B.P. Ms. No. 1074, dated 3-7-74 be enhanced to Rs. 20/- (Rupees Twenty only) per month with effect from 1st July 1989 and with effect from that date, the amount of Rs. 10,000/- payable to the nominee or legal heir of the employee dying while in service under the above scheme be enhanced to Rs. 30,000/- (Rupees Thirty thousand only). The recovery of contribution will be till the date of superannuation of the employee. The above payment will be in addition to the payment of Rs. 10,000/- under the Tamil Nadu Electricity Board Employees' Family Benefit Subsidiary Scheme with reference to the orders in B.P. Ms. (FB) No. 41, (Secretariat Branch), Dated 12-5-86.
- (ii) In the case of an employee retiring on superannuation or otherwise demitting office earlier for any reason, he will be paid the actual amount contributed by him till then together with Board's contribution representing an element of interest calculated in accordance with a Table of repayments depending upon the number of years of service rendered by him as detailed in the Annexure to this order. The deductions will be from 1st July 1989 and shall be continued throughout the employees' service except during the period of extraordinary leave.
- (iii) The recovery of the contribution of Rs. 20/- per month will commence from the September pay bill payable in October, 1990. The arrears of the additional contribution of Rs. 10/- for the earlier months from July 1989 to August 1990 will also be deducted along with the normal monthly contribution of Rs. 20/- referred to above from the September pay bill payable in October 1990 on a formula one plus one. However, no recovery will be made from the employees who had retired/will retire between July 1989 and September, 1990.
- (iv) In case any employee died/dies before the contribution/arrears of contribution is deducted from the pay, his/her nominee/legal-heir will get the full benefit under the Scheme, provided the monthly contribution is deducted from the amount due to the deceased employee.
- (v) Interest as per the Table in the Annexure to this order may be allowed reckoning the service of the employee from 1st September, 1990. As far as the contributions of the employees till the end of August 1990 are concerned repayable amount may be worked out as per the Table in the Schedule-I of B.P. Ms. No. 1074, Dated 3-7-74. An entry in this regard may be made in the Service Book of the employee and a slip in this regard may also be communicated to the employee by the authority who prepare pay bills of the employees. For this accumulation, interest may be paid at the rate of 3.3% per annum from 1-9-90 till the date of super-annuation.

4. The rules and other instructions so far issued in regard to Rs. 10,000/- Scheme ordered in B.P. Ms. No. 1074 Dated 3-7-74 will be applied mutatis mutandis to the above modified Scheme also.

Instances of extravagant and wasteful expenditure being incurred by the Heads of Department, District Authorities and Public Sector Undertaking for making arrangements during the tours of Ministers, V.I.Ps. and other dignitaries have been brought to the notice of Government.

2. The Chief Minister desires that such expenditure should be minimised during the tours of Ministers, V.I.Ps. and other dignitaries.

3. The Heads of Departments have been delegated with powers in the G.O. first read above to incur expenditure on inaugural functions and foundation laying ceremony chaired by V.I.Ps, and/or attended by V.I.Ps. with reference to item 55 under Appendix-5 to the Tamil Nadu Financial Code Volume-II.

4. Orders have also been issued in G.O. Ms. No. 819, Finance (BPE) Deptt., dt. 9—8—1989 regarding expenditure to be incurred by the State Public Sector Undertakings/Boards on inaugural functions in connection with inauguration of factories, commencement of commercial production and so on and the expenditure incurred on such occasions should not exceed Rs. 10,000/-.

5. The Government further direct that when the Chief Minister or Ministers participate in Government functions/functions organised by Govt. Departments/Undertakings, there should be economy in expenditure on arrangements made for the occasion. When the Chief Minister or other Ministers participate in functions other than those of Govt. Departments or Governmental agencies, security arrangements alone need be made by the Govt. authorities and no barricading should be done.

6. The Government also direct that in Government functions in which the Chief Minister participates in a District, the authorities arranging the function may incur expenditure upto a ceiling of Rs. 75,000/- per function towards construction of dias/rostrum, P.A. System, Podium, Furniture etc. No barricading should be done.

Chairman Circular Memo. No. CH/EA/3097/90-1, dated 6-8-1990.

Sub : Electricity — Conservation of electrical energy in offices of the Board—
Instructions issued—Regarding.

The South West monsoon this year has not brought the expected inflows into the hydro reservoirs. In the month of July, only 541 M. U. of inflows have been received as against 1859 M. U. during July '89 and this is also less than the ten year average of 806 M. U. The storage in hydro reservoirs as on 3-8-90 is only 909 M.U. as against 1503 M.U. on the same day during last year. The coal flow to Tuticorin Thermal Power Station has also considerably reduced during the month of July due to repair works to tipplers and modernisation works of coal handling system at Haldia Port. Further coal to other Thermal stations have also been affected due to heavy rain in Bengal-Bihar State and also due to power failures. Even though it is expected that the deficiency in the South West monsoon inflows may be made up during August and coal flow to Thermal stations will improve after 31-8-90, in order to ensure that the consumption is kept to the minimum so as to ensure the available power is beneficially utilised, the following instructions are issued for strict adherence by all the staff of the Tamil Nadu Electricity Board:—

(i) Officers should switch off 25% of the fans and 25% of the lights during the office hours.

(ii) The fans and the air-conditioner should be switched off whenever the officers are away from their rooms for long durations.

(iii) During lunch hours, the section heads should switch off lights and fans when the seats are vacant.

(iv) In the evening, all lights other than those required for on going work and for security purposes should be switched off. Security person on duty is responsible for this work. The lights and fans provided in the corridor in the various floors should also be switched off.

(v) All offices should aim at a minimum of 10% reduction in their electricity consumption. The monthly figure of consumption should be scrutinised by the head of office to ensure proper economy.

Chairman.

Circular No. SE/RE & I (D)/DB/A4/F. Accident/D. No. 45/90 (Technical Branch) dt. 10—8—90.

Sub: Accident—Fatal electrical accident to a wireman on 13—11—88—Instructions—issued.

A fatal electrical accident occurred to a wireman at Achipatty, Negamam, O & M Division, Pollachy Taluk, Coimbatore District on 13—11—88. This accident occurred while the Wireman tried to attend to a cut in the incoming HT jumper of Achipatty SS II (100 KVA, distribution transformer). This transformer is tapped off 22 KV Millkoilpalayam feeder II, which runs as a double circuit line along with the 22 KV Millkoilpalayam feeder I i.e. the two feeders run in parallel (for 18 Kms) on same line supports.

2. On the accident day, the Line inspector obtained a line clear from the Shift Operator of Pollachy 110/22 KV sub-station on the 22 KV Millkoilpalayam feeder II. The bus and line switches of the breaker controlling the 22 KV Millkoilpalayam feeder II were kept open and locked. The feeder was not earthed at the sub-station end. The two phasing switch was in closed position for that feeder while under line clear. At the work site also, the HT feeder was not earthed before starting the work. The wireman opened out the AB switch of the distribution transformer, climbed up to the top of the structure, touched the HT line and got electrocuted.

3. The electrocution has been found to be due to the induced voltage in the feeder under line clear from the parallel line on the same support. This accident case has been studied taking measurements of voltages and currents at different conditions of earthing listed below :

- (a) The 22 KV feeder II earthed at substation and the line not earthed at point of measurement.
- (b) The 22 KV feeder II earthed at substation and the line earthed at point of measurement.
- (c) The 22 KV feeder II not earthed at substation and the line not earthed at point of measurement.
- (d) The 22 KV feeder II not earthed at substation and the line earthed at point of measurement.

4. It has been found that out of the above combinations, irrespective of whether earthing was done at substation or not, the readings of voltages and currents taken with earthing done at the work spot were zero indicating that effective earthing after discharging properly is the only remedy to avoid recurrence of such type of accidents.

5. In this regard the following instructions are issued.

(a) Proper earthing should be done at the workspot when taking up works on HT lines all the three conductors of the feeder under line clear shall be discharged, bunched together and effectively earthed by at least two leads connected to the earth electrodes at the work spot. This must be carried out irrespective of the operating condition of the other feeder of the double circuit line (on the same support) whether in normal operation, single phasing operation or in shutdown.

(b) Protective appliances like gloves and safety ropes must be used during the course of the work.

The above instructions shall be adhered to strictly.

Receipt of this memo may be acknowledged to SE/RE & I (D).

Sub : Extension of supply to the Tubewells/Other wells of erstwhile Tamil Nadu State Tubewells Corporation Limited, takenover by TAHDCO—Orders issued.

- Ref : 1. Memo. No. SE/RE & I(D)/LO/AR/RE(P)/4/85 dated 29-4-85.
2. Govt. Order No. 1005/Adi-Dravidar and Tribal welfare dated 26-6-89.

In the memo. cited under reference (1) the Chief Engineers have been directed to accord special priority to the Tube wells or other kind of sources erected by the Tamil Nadu State Tube wells, Corporation Limited..

2. Now the Government in the G. O. cited under reference (2) (copy enclosed) have intimated that Tamil Nadu State Tube wells Corporation Limited has been abolished and Tamil Nadu Adi-draavidar Housing and Development Corporation Limited (TAHDCO) has been entrusted with the residuary works of the erstwhile Tamil Nadu State Tube wells Corporation Limited. It has also been ordered in the G.O. that extension of supply to all the completed wells may be given on priority.

3. The Chief Engineers (Distribution) are therefore requested to accord priority while giving service connection to the completed wells of the erstwhile T.N.S.T.C. Limited, taken over by TAHDCO as and when necessary applications are received.

Proceedings :

In the Board's Proceedings cited, the Tamil Nadu Electricity Board approved utilisation of 665 unskilled labourers (with a total strength of 670 in rolls) of Ennore Thermal Power Station Industrial Co-operative Service Society for a Contract value of Rs. 62,85,400 (Rupees sixty two lakhs eighty five thousand and four hundred only) for a period of one year from 1—4—90 to 31—3—91 (365 days).

The Chief Engineer/Ennore Thermal Power Station & Basin Bridge Power House has submitted a revised proposal for entrusting contract works (665 unskilled Labourers) for a value of Rs. 66,17,000/- for 19,41,800 men hours to Ennore Thermal Power Station Industrial Co-operative Service Society for a period of one year from 1—4—90 to 31—3—91 (365 days). It is stated that the amount of Rs. 62,85,400/- (Already sanctioned in BP. (FB) No. 26 (Adm. Br.) dt. 29—5—90) is insufficient to meet the expenditure towards the Additional Commitments like E.S.I. and enhancement of E.P.F. Contributions from 8.33% to 10%. The Expenditure towards the additional Commitment on the above ESI and EPF are statutory obligations to be met by the Society.

The Tamil Nadu Electricity Board approves an additional amount of Rs. 3,31,600/- (Rupees three lakhs, thirty one thousand and six hundred only) required towards the ESI and EPF for the period from 1—4—90 to 31—3—91 as requested by the Chief Engineer/Ennore Thermal Power Station.

1. B. P. Ms. (FB) No. 40 Technical dt. 17—2—'83
2. U. O. No. SE/CD/E3/A2/JE/NJ/F. Maintenance of Public Buildings/D. 176/90 dt. 9—5—90.

1.0. At present annual maintenance of buildings in T.N.E.B. are carried out as per norms specified in the B.P.Ms. (FB) No. 40, dt. 17—2—83 which was issued based on the G. O. Ms. No. 1359 F.N.D. dt. 13—8—81 with some modifications to suit the requirements of T.N.E.B. The Govt. of Tamil Nadu had issued revised orders in G. O. Ms. No. 1835 dt. 16—11—88 superseding its earlier G.Os. in this respect fixing the guide lines and revising the rates for ordinary repairs and special repairs to all public buildings under its control with a view to make the maintenance pattern more rational and realistic.

2.0. The Tamil Nadu Electricity Board after careful consideration accepts to adopt the revised norms for the items given in para 3 below based on the revised orders issued by the PWD in G.O. Ms. No. 1835 dt. 16—11—88, in supersession of the earlier orders issued in B.P. Ms. (FB) No. 40 Technical dt. 17—2—'83 with some modifications to suit the requirements of the Tamil Nadu Elec. Board.

3.0. (1) The norms for the plinth area rates for maintenance (ordinary repair works) as per Annexure-I.

(2) The ceiling rates for special repairs as per Annexure II for residential and non-residential buildings.

(3) Average plinth area rates for inspection Bungalow as per Annexure III.

4.0. The Tamil Nadu Electricity Board also approves the proposal of CE/CD to revise the rates for maintenance works for the above three categories given in para 3 above in Annexure I, II & III as per the P.W.D. G.O., as and when the rates are revised by the Government.

5.0. The Chief Financial Controller is requested to send necessary draft amendments to the relevant paras in Tamil Nadu Electricity Board Manual Vol. I.

(c)	New Multistoreyed building at Head Quarters	Actuals	3.35
(d)	Inspection Bungalows and Rest Houses	(Vide Annexure-III)	

Note: (1) (i) The rates specified for the above ordinary repair works for a year contain only proportionate amounts towards white wash/colour wash/painting with reference to the periodicities

fixed for such Maintenance works. In case of group of buildings and multistoreyed buildings, the ordinary repair can be judiciously divided into compartments and completed according to the periodicities and within the ordinary repairs rate permissible, but in case of separate and small buildings this cannot be done effectively and the work like painting has to be done once in 6 years for the entire building and in such cases it will be permissible for the Executive Engineer/Assistant Executive Engineer to carry over and accumulate the savings effected in the preceding years and carry out the painting works. However the total amount spent on ordinary repairs during the specified period of 3/6 years shall be limited to 3 times the ordinary repairs rate or 6 times the ordinary repairs rate as the case may be.

(ii) The plinth area for a multistoreyed building will be the total of the plinth area at all floor levels.

2. The above rates do not cover expenditure on the following items, which are allowed based on the actual requirements.

- (i) Property Tax
- (ii) Work Charged Establishment Charges
- (iii) Roads, Lawns, Garden within the Compound
- (iv) Conservancy Charges
- (v) Maintenance of Air conditioning plants cold storage plants etc.
- (vi) Maintenance of lifts
- (vii) Rewinding of pump sets, fans, motors etc.
- (viii) Maintenance of H.T. installations
- (ix) Current consumption charges.

Extra rates are permitted for the following:—

- (i) Rs. 1.40 per m² for buildings, Semi-permanent construction Madras Terrace roof, slopping roof over wooden rafters, beams etc. and for buildings with ceiling in excess of 3.3 metres from floor level.
- (ii) Extra for hilly region as permissible in the schedule of rates for different regions may be allowed over the plinth area maintenance rates.
- (iii) The plinth area rates may be fixed as per the actuals for buildings which are more than 60 years old in the case of Civil works and 20 years old in the case of electrical works.

ANNEXURE—II

CEILING RATES FOR SPECIAL REPAIR WORKS

S. No.	Age of the Building	Special repair ceiling rate in terms of ordinary repair rate

1.	Less than 10 years	2 times ordinary repairs rate
2.	10 to 20 years	5 times "
3.	20 to 40 years	7 times "
4.	40 to 60 years	10 times "
5.	60 years and above	Actuals
B. ELECTRICAL :		
1.	Less than 10 years	7 times ordinary repairs rate
2.	10 to 20 years	10 times "
3.	20 years and above	Actuals

- Note :**
- (i) Only ceiling limit of total expenditure for a period of 5 years is fixed for Special repairs expenditure on individual building based on plinth area. The work may be carried out once in 5 years or at intermediate period in a period of 5 years and the expenditure should not exceed the ceiling amount fixed.
 - (ii) Special repairs to electrical equipments like pump, Lifts, Refrigerator, Air-conditioners, H.T. Installations, Transformers etc. will be as per actual requirements.
 - (iii) Whenever the ceiling limit is exceeded applying the approved plinth area rates, the specific approval of the member concerned will be obtained for carrying out such works.

ANNEXURE—III

Inspection Bungalows :

1. The maintenance estimates for the Inspection Bungalows be formulated with adequate care. The practice of making only lumpsum provisions for items like 'Renewal of linen', Renewal Crockeries' E.C. Charges, Water charges, repairs to furniture etc. may be avoided as far as possible. The estimates can certainly be based on the past date of consumption where items are susceptible of measurement, detailed estimates should be formulated.

2. The following are the components and average plinth area rates for such component works that have been identified.

S.No.	Name of the Component	Average plinth area rate based on estimate provision Rs.
1.	Civil works	13.80/m ²
2.	Renewal of linen	11.75/m ²
3.	Washing and cleaning (including purchase of washing material)	5.95/m ²
4.	Renewal of crockeries	3.00/m ²
5.	Repairs to furniture	1.05/m ²
6.	Repairs to electrical, water supply and sanitary	6.65/m ²
7.	Casual labour (NMR) Payment for upkeep of Inspection Bungalow	15.40/m ²
8.	Payment of Property Tax	1.00/m ²
9.	Payment of Water Tax	4.40/m ²
10.	Payment of Electrical charges	18.65/m ²
11.	Payment of Telephone charges	17.15/m ²
		<u>98.80/m²</u>

- Note :**
- Maintenance of Roads, Lawns and Gardens in the estimates may be formulated in accordance with the guide lines indicated in main B.Ps. and subject to the upper limit indicated in para (2) above.
 - The expenditure such as payment of Property Tax, Water Tax, C.C. charges and Telephone charges may be distinct items of estimates and be governed by the fiscal para-meter of para (2).

Dated 22—8—1990.

Sub: Electricity—H.T. services—issue of bills—clarification sought for on due date of payment and date of meter reading—issued.

Ref: S.E./Chidambaranar Electricity Distribution Circle letter No. SE/CEDC/AO (R)/HT/D.29/90 dated 23—2—90.

The Superintending Engineer/Chidambaranar Electricity Distribution Circle has raised the following doubts:

- Whether the period of 4 days as mentioned in Clause 18.03 of the Terms and Conditions of Supply of Electricity has to be reckoned inclusive of holidays (or) exclusive of holidays.
- Whether the H.T. consumers may be allowed extension of one day time to pay the monthly current consumption bill on the next working day, if the last due date for payment happens to be holiday.

As regards (i) above, it is clarified that the 4 days mentioned shall be taken as inclusive of holidays. In this connection it is pointed out that monthly readings are to be taken from 27th onwards and not on the last day of the month.

Regarding item (ii), it is informed that extension of the last date for payment by a day if it happens to be a holiday is not permissible.

With a view to avoid hardship to consumers, it is necessary that, as a rule, the 'date' of the bill for a particular H.T. consumer is the same date for every month. This will facilitate the consumers watching for the receipt of the bills and arranging payment in time.

Receipt of this memo may be acknowledged to Personnel Officer/Tariff.

B. P. Ms. (F. B.) No. 510 (Technical Branch) dt. 5—12—1987.

Proceedings :

The Tamil Nadu Electricity Board hereby accords approval for the following :

(i) To execute a fresh contract for a period of 3 years from 1—1—90 to 31—12—92 with M/s. Tansi Structural and Galvanizing Works, Mettur Dam, for galvanizing black materials fabricated at Mettur Workshop at the rate of Rs. 5,706.70 p. per M.T. (as shown in Annexure I enclosed) exclusive of taxes, duties and other levies as applicable. The above rate is based on the basic zinc price of Rs. 50,500/-per M.T. plus Sales Tax and S.C. as on 1—1—90 as fixed by M.M.T.C.

(ii) To allow variation in the rate of galvanizing charges at \pm 7.5 paise for every increase or fall of one rupee in basic zinc price inclusive of taxes, fixed by M.M.T.C.

(iii) To allow centage (overhead) charges at 20% on basic materials cost (Zinc, furnace oil, zinc Chloride, Ammonium chloride, Hydrochloric acid) for arriving at the basic galvanizing charges as on 1—1—90. (As per Annexure—1 enclosed.)

Mettur Thermal Power Station (M.T.P.S.) Unit I-Failures of Turbine Blades—Technical Committee's Report—Accepted.

Permanent B.P. (F.B.) No. 161

(Tech. Br.)

Dated 27-8-90

Read :

Item 26 of the Minutes of the 593rd meeting of the Tamil Nadu Electricity Board held on 14-8-1990.

The 210 MW Unit I of Mettur Thermal Power Station was commissioned in March 1987. There were three successive I.P. Turbine Rotor Blade failures at the 23rd Stage during October '87, May '88 and October '88, within a short service of the machine.

2. The causes for such repeated failures within such short service were investigated by a Technical Committee constituted for the purpose, headed by Thiru. J. Parthasarathy, Ex-Member (Generation) A.P.S.E.B., as its Chairman, with Thiru. S.R. Ramakrishnan, Member (Generation), TNEB, as Member (Secretary) and Thiru N. B. Mathur, General Manager (Engg.)/ M/s. BHEL/ Hardwar, as Member.

The Committee's Report was placed before the Board for acceptance. The findings of the Committee were carefully gone through and the Board accepts the findings in the Report, together with the remedial measures recommended therein.

Accordingly, the Board directs that the following remedial measures recommended by the Technical Committee be communicated to all concerned for necessary action.

Recommendations :

(i) Equipment for measuring packet frequency of blades has to be made available with the "Service After Sales (SAS)" wing of M/s. BHEL, so that the frequency testing can be carried out at site during erection and overhauling of Turbine, to facilitate timely replacement of defective blade packets, to avoid damages when T.G. Sets are in operation.

(ii) M/s. BHEL may be addressed for ensuring that all BHEL divisions dealing with erection, overhaul and repair of Turbines are made aware of all the critical design requirements which have an effect on the operational reliability of T. G. sets.

(iii) All measures need be taken to ensure that Thermal units are not operated beyond permissible limits of frequency specified by the manufacturers.

Member (Generation).

Memorandum No. 55534/O&M Cell (4)/90—1, (Secretariat Branch) Dated 28—8—90.

Sub: Electricity—Theft of electricity, malpractices etc.—Detected by Anti Power Theft Squad—Follow up action—Instructions issued—Reiterated.

Ref: Momorandum (Per) No. 40632/O&M Cell/84—1 dated 20—7—1984.

Attention is invited to the reference cited wherein instructions were issued in regard to the cases of theft of energy, malpractices etc. It is now brought to notice that the instructions issued on bi-monthly review to be conducted by the Circle Superintending Engineers/Chief Engineers/Distribution concerned have not been fully implemented in certain areas.

2. All the Chief Engineers of Distribution Regions and the Superintending Engineers of Distribution Circles are therefore requested that the instructions issued in the reference cited should be followed strictly in future and deviation if any will be viewed seriously.

3. Receipt of this memorandum shall be acknowledged.

K. N. Rathinavelu,
Secretary.

Memo. No. CE/R&D/EE/TRD/F.AAAC/AEE. 4/D.353/90, (Technical Branch) Dated 28—8—90.

Sub: Research & Development—Replacement of ACSR conductor by AAAC in all coastal/industrially polluted areas—Orders—Regarding.

The Research & Development wing took up a detailed study on the performance of All Aluminium Alloy Conductor (AAAC) in place of ACSR conductor in coastal/industrially polluted areas. The study has revealed that AAAC is far superior to ACSR conductor as indicated below:

1. Superior Corrosion resistance in coastal/other industrially polluted regions.
2. Reduction in power loss, due to the lower a.c. resistance.
3. Lighter conductors reduces handling and transportation costs and existing supports can be used.
4. Higher strength to weight ratio.
5. Surface hardness twice that of aluminium, so high abrasion resistance and hence not prone to damage and scratches.
6. Increased service life compared to ACSR conductor.
7. Repairs, splicing, dead ending is easier because AAAC is monometallic.
8. Hard to cut and impossible to recycle into utensils.

Rural Electrification Corporation, New Delhi have also recommended, to gradually switch over to AAAC in place of ACSR conductor, due to the superior properties compared to ACSR conductor. It is also learnt that the price difference compared to ACSR is now less than 10%.

In view of the above, use of AAAC conductors in all L.T., H.T. and E.H.T. lines in coastal and industrially polluted areas will improve the performance of the feeders to a very great extent. Future proposals for new feeders and for replacement of conductors in such areas may be made out with provision for AAAC conductors only.

The receipt of this memo may be acknowledged to Chief Engineer/Research & Development.
