V Training

A five day special training programme on 'Fuel conservation for Drivers' was conducted by Anna Institute of Road Transport, Gummidipoondi from 13-5-91 to 17-5-91.

VI Reduction in Energy cut

The Government of Tamil Nadu in G.O. (Ms) No. 851 (PWD) dt. 2-5-91 has reduced the energy cut on HT Industries from 30% to 25% from 6-5-91. The demand cut will however continue to be 30%.

VII Extension of supply to HT/LT industries from separate feeders

In Memo. No. Addl. CE/IEMC/EE3/AEE1/9930/91 dt. 10-5-91, the Board has instructed that HT/LT consumers who want supply from separate feeder laid at the cost of pioneer consumer should bear the entire cost of the tapped portion of the line (i.e. from the tapping point upto the premises of the party).

VIII Power cut exemption to industries located in SIPCOT complex

The Government of Tamil Nadu in G.O. (Ms) No. 716 (PWD) dt. 18-4-91 (communicated in Board's Endt, No. IEMC/EE2/A1/FPC—GI Backward Taluk/CR 4182/91 dt. 14-5-91) has ordered that all HT industries coming up in Industrial complexes of SIPCOT be exempted from Power cut for a period of five years from the date of availing of HT supply.

IX R & C orders—Penal charges for exceeding the demand quota

The Board in Memo. No. IEMC/EE2/A1/FPC GI/D 1054/91 dt. 18-5-91 has ordered the following :-

1. Discretionary powers delegated to CEs (Distribution) and SEs of Electricity Distribution Circles for condonation of excess in demand quota withdrawn.

2. Excess demand quota upto 5% in respect of HT industries other than those covered under clause 6 (iii) IV, V and XV of R & C order shall be charged at thrice the normal demand charges (including the penal levy which is at twice the normal rate) without disconnection. This facility is permitted only for two times in a month and for the third time in the same month, the service shall be kept disconnected even if it is within 5% for seven days in addition to charging the excess at thrice the normal rate (including the penal levy at twice the normal rate).

3. In cases of HT Industries other than those covered under clause 6 (iii), IV, V and XV of R & C order for excess demand over 5%, the excess should be charged at thrice the normal demand rate/including the penal levy of twice the normal rate) apart from disconnection for seven days.

(viii)

4. In cases of HT industries covered under clause 6 (iii), IV, V & XV of R & C order which are subjected to disconnection, the excess demand shall be charged at four times the normal rate (including the penal levy of thrice the normal rate).

X Forwarding of applications for part time BE Degree/Diploma courses

In B.P. (Ch) No. 10 (Sectt. Branch) dt. 18-5-91, the Board has ordered that the applications of Board employees for part time BE degree/diploma courses working within a radius of 30 KMs of Institutions shall be permitted subject to a ceiling of 25%.

TRAINING—Thermal Training Institute/Ennore—Provision of Personal Computer—Proposal approved.

(Permanent) B. P. (Ch.) No. 130

(Administrative Branch)

Dated 23-4-91
Chithirai 10, Prachorpathi,
Thiruvalluvar Aandu 2022

Read :

The Deputy Director/Thermal Training Institute/Ennore Lr.No. D. 1719/90 dated 13-11-90.

Proceedings :

The Thermal Training Institute/Ennore is conducting regular training courses for the Graduate Engineers and Technicians (Induction Level Training) working in the Thermal Power Stations. The Deputy Director/Thermal Training Institute/Ennore has submitted a proposal to purchase and to provide one Personal Computer for the use of trainees at Thermal Training Institute so that they can be trained in computer languages like Basic, Fortron etc. which will help them to formulate their own programmes. They can also learn and write the software programmes for some of the sequential logics employed in Furnace Safe Guard Supervisory Systems and also, Data Acquisition System at the Thermal Power Stations and Design Software programmes for calculating the efficiency and optimisation of the Thermal Power Plant. These packages can be used to help the trainees to learn sequential starting/shutting down procedures better and also meet the emergencies in the plant without time loss. The Institute can also design and conduct short-term courses exclusively on computer languages.

After due consideration of the proposal, approval is hereby accorded to the Deputy Director/Thermal Training Institute/Ennore for the purchase and provision of one Personal Computer for the use of trainees at Thermal Training Institute/Ennore at a total cost of Rs. 40,000/- (Rupees Forty thousand only) as detailed below :

(1) PC-PC/XT

Rs.

COMMITTEE—Constitution of a Committee to enquire into the problems encountered in Scourvent gate operation and entry of silted water into Kundah Power House—IV—Orders issued.

(PER) B.P. (FB) No. 28

(Sectt. Branch)

Dated 6-5-1991.

Proceedings :

During the desilting operation of Pillur Dam on 25-3-1991 by the time emergency scourvent gate was lowered the desilted water has entered into the power house through the rear side window of the power house to a height of four feet due to the blocking of the scourvent discharge basin by heavy mass of silt. The silted water entered the control floor and turbine floor. There was a deposit of silt of about three feet depth in the control floor and water logging with silt in turbine floor and cable gallery beneath the control floor.

2. The Tamil Nadu-Electricity Board has since decided to constitute a committee comprising of the following officers to enquire into the matter and to analyse the various aspects in detail with a view to avoid recurrence of such happening in future :

- (i) Thiru N. Nagappan,
Special Chief Engineer/Kadamparai,
Madras.
- (ii) Thiru V. Ananthasamy,
Chief Engineer,
Hydro Projects,
Bhavani.

3. The terms of the reference of the committee will be as under :

- (i) To assess the actual loss ;
- (ii) To find out how it had happened and whether there was any dereliction of duty on the part of the any official ;
- (iii) Whether this could have been avoided and what is to be done to prevent recurrence of such happenings.

4. The committee will submit its report within a fortnight.

5. The members of the committee will attend the above work in addition to their normal works.

(By Order of the Board)

K. N. Rathinavelu,
Secretary.

Memorandum No. 15399—D2/91—2 (Secretariat Branch), Dated the 7th May, 1991.

Sub : Establishment—Disciplinary action against Officers with reference to Tamil Nadu Electricity Board Employees Discipline and Appeal Regulations—Competency of authorities to initiate disciplinary proceedings—Instructions—Reiterated.

Ref : Memorandum No. 21889—D2/90—6, dated 2—5—1990.

In the reference cited, instructions have been issued regarding competency of authorities to impose minor/major penalties and the procedure to be followed thereon. It is observed that in most of the cases, disciplinary action initiated against Class I Officers by competent authorities such as Superintending Engineers/Chief Engineers are not reported upon to Secretariat Branch at every stage. As a result of this, disciplinary action initiated against Class I Officers by the Superintending Engineers/Chief Engineers is not brought to the notice of Chairman.

2. It is therefore instructed that in respect of all disciplinary action initiated by Superintending Engineers/Chief Engineers against Class I Officers, copies of action initiated at every stage such as (i) calling explanation (ii) framing of charge (iii) final disposal of disciplinary proceeding etc. should invariably be marked to Chairman, Tamil Nadu Electricity Board.

K. N. Rathinavelu,
Secretary.

Read :

G.O. Ms. No. 1093 Finance (Pension) Department, dated 10-10-90.

Proceedings :

According to the note 7 (V) of Tamil Nadu Pension Rules 1978, the break between the Military/War Service shall be treated as automatically condoned provided the period of break does not exceed one year. Breaks exceeding one year, but not exceeding three years may also be condoned in exceptional cases under special orders of Government.

2. The Government of Tamil Nadu have issued orders in their G.O. cited to the effect that the approved Military/War Service shall be counted as qualifying service along with Civil service without any condonation of the break irrespective of the duration of break between the two periods of service. The periods of interruption itself shall under no circumstances be reckoned as qualifying service for pension.

3. It is proposed to adopt the above orders of Government to the employees of the Board also.

4. The Tamil Nadu Electricity Board accordingly directs that the approved Military/War service shall be counted as qualifying service along with Civil Service without any condonation of the break irrespective of the duration of break between the two periods of service. The periods of interruption itself shall under no circumstances be reckoned as qualifying service for pension.

5. The orders shall take effect from the date of issue of the orders and the past cases need not be reopened.

6. The receipt of this order should be acknowledged.

Thiruvalluvar Aandu 2022

Read :

B.P. Ms. (Ch.) No. 142 (Sectt. Br.) dt. 13-4-87

Proceedings :

It has been noticed that there are considerable delays in conducting enquiries and also in finalising Disciplinary Proceedings by Disciplinary Authorities. With a view to reduce the pendency of Disciplinary Proceedings cases and also to keep the time schedule prescribed in the Board's Proceedings cited, it has been decided to appoint TWO full time enquiry officers in the grade of Assistant Executive Engineer under the control of Inspector General of Police/Vigilance.

2. In pursuance of the above decision, sanction is accorded for the creation of two posts full time enquiry officers in the grade of Assistant Executive Engineer in the scale of pay of Rs. 2350-90-2800-110-4230 for a period of one year from the date of utilisation in the Board Office Secretariat Branch/Vigilance Cell.

3 (i) The full time enquiry officers will work under the control of Inspector General of Police/Vigilance.

(ii) They will be trained suitably for conducting the enquiries and in framing charge sheet etc., with the help of Directorate of Vigilance and Anti Corruption/Madras.

4. The incumbent of the posts sanctioned in para 2 above will be eligible to draw the usual Pay, Dearness Allowance, House Rent Allowance and other allowances at the rates admissible under the orders in force.

5. The expenditure is debitable to the "TNEB Funds-75-0".

Regulations—Tamil Nadu Electricity Board Service Regulations Qualifying service—Defined Clarification to Regulation 17 (g)—Issued.

Permanent B.P. (Ch) No. 109

(Secretariat Branch)

Dated : 17-5-1991

Vaikasi, 3, Prachorpathi,
Thiruvalluvar Aandu-2022.

Read :

1. From G.O. Ms. No. 2 P&ARR Department, dt. 3-1-91.

Proceedings :

According to Regulation 17(g) of the Tamil Nadu Electricity Board Service Regulation the appropriate authority shall, if it is of the opinion that it is in the Board's interest so to do, have the absolute right to retire any Board employee by giving him notice of not less than three months in writing or three months' pay and allowances in lieu of such notice, at any time after he has attained the age of fifty years, or after he has completed thirty years of qualifying service.

2. A doubt has arisen whether the temporary service rendered by a Board employee with intermittent break of service and temporary service in different categories of posts can be taken into account for calculating qualifying service for the purpose of review under Regulation 17 (g) of the Tamil Nadu Electricity Board Service Regulations.

3. The words "Qualifying Service" have not been defined in the Tamil Nadu Electricity Board Service Regulations. However as per Rule 3 (o) of the Tamil Nadu Pension Rules as adopted by the Board "Qualifying Service" means permanent or officiating service (including Board temporary service under emergency provisions) rendered in a post included in a pensionable establishment. According to Rule 11 of Tamil Nadu Pension Rules, 1978 as adopted by Board, qualifying service of a Board employee shall commence from the date he takes charge of the post to which he is first appointed either substantively or in an officiating or temporary capacity.

4. In view of the provisions in Pension Rules referred to above and with a view to avoid doubts regarding definition of "Qualifying Service" mentioned in Regulation 17 (g) of the Tamil Nadu Electricity Board Service Regulations, the Board directs that the term "Qualifying Service" mentioned in the first sentence of Regulation 17 (g) of the Tamil Nadu Electricity Board Service Regulations shall mean permanent or officiating service (including temporary service under emergency provisions) rendered in a post included in a pensionable establishment.

Thiruvalluvar Aandu 2022.

Read :

(i) (Per) B. P. (Ch) No. 308 (Adm. Br.) dt. 24-6-1989.

(ii) (Per) B. P. (Ch) No. 187 (Adm. Br.) dt. 22-5-1990.

Proceedings :

According to the orders issued in the Board's Proceedings cited, forwarding of applications and grant of permission for study of part time B.E. Degree/Diploma Courses will be subject to the conditions, inter alia, that the employees should be working within a radius of 16 K.Ms. of institutions and shall be subject to a ceiling of 15% of Diploma holders/I.T.I. Certificate holders, irrespective of the number of applications received, without detriment to Board's work.

2. Representations have been received that the restriction of 16 K.Ms. limit may be modified as 40 K.Ms. and also to increase the percentage of ceiling prescribed for the grant of permission from 15% to 30% to enable the employees to improve upon the skill and knowledge.

3. After careful consideration of the matter, it is ordered that in modification of the orders issued in para 3(vi) of the Board's Proceedings 1st cited and para 4 of the Board's Proceedings second cited, the employees viz. Diploma holders/I.T.I. Certificate holders working within the radius of 30 K.Ms. of the Institutions shall be permitted to study part-time courses for acquiring higher qualification, and that the existing ceiling of 15% for the grant of permission to the employees be enhanced to 25%.

4. The other conditions/guidelines issued in the Board's Proceedings first cited shall remain unaltered.

(By Order of the Chairman)

K. N. Rathinavelu,
Secretary.

Memorandum No. 27351/O&M Cell (4)/91-1, (Secretariat Branch) dated the 18th May, 1991.

Sub : Office Procedure—Tamil Nadu Electricity Board—Using of ink by Officers and Staff for noting, drafting etc.—Instructions issued—Reiterated.

Ref : Memo. No. 67732/O&M Cell/82-1 dt. 28-2-1983.

In the reference cited, instructions were issued that Class II and III Officers shall use only blue or black or blue black ink for noting, drafting, initialling and signing fair copies etc.

2. It is observed that some of the officers and staff belonging to Class II and III categories of the Board do not observe the instructions. They are found to use green or Turquoise blue ink with the result it becomes difficult to differentiate corrections made in the draft etc., by Senior Officers. Moreover, use of such colour ink leaves much scope for alteration of approved drafts also.

3. It is hereby ordered that all Class II and III officers and staff of Board should not use Turquoise blue, green, red ink etc. for noting, drafting, initialling and signing fair copies etc. Only blue or black or blue black ink should be used as already ordered. Ball point pens of blue or black may be used. The above instructions should be followed by all concerned without fail in future.

4. Receipt of this Memorandum may be acknowledged.

Memorandum No. 17427/C2/90-2 (Secretariat Branch) dated the 23rd May 1991.

Sub: ESTABLISHMENT — Tamil Nadu Electricity Board—Allowing employees of Board to move to Selection Grade on completion of 10 years service—Preparing annual list of persons eligible for movement to Selection Grade in advance—Orders—Issued.

Ref: B. P. Ms. No. 288 (Secretariat Branch) dt. 3—12—79.

According to the orders issued in para 3(i) of B. P. Ms. No. 288 (S. B.) dt. 3—12—79, the Chief Engineer or the Authority competent to order promotions should prepare a list of employees eligible for advancement to Selection grade twice in a year, not later than 1st April and 1st October, while so drawing up the list, the employee who had completed the prescribed period of 10 years in the preceding period of 6 months should be taken up and orders issued; the selection grade appointment should, however, be made with effect from the actual date of completion of 10 years period.

2. The Superintending Engineer/General Construction Circle/West/Coimbatore has suggested that it would be better to order selection grade appointment as and when the employees complete 10 years service, without waiting for 1st April and 1st October so as to avoid hardships and accumulation of works in office till 1st April and 1st October.

3. After consideration of the above suggestion, in modification of the orders mentioned in para 1 above, it is hereby ordered that the list of employees in various categories eligible for movement to selection grade in a year on dates between 1st April and 31st March shall be prepared in advance in the months of March and April of the year. The list should contain the names of all employees completing 10 years service in the ordinary grade in the year. However the selection grade appointment should be made with effect from the actual date of completion of 10 years period.

4. The first list for 1991—92 should be prepared before 30—6—1991.

5. The receipt of this Memo. should be acknowledged.

Sub : Amenities—Providing of separate dining room, Toilet facilities to the women employees working in TNEB—Instructions—Issued.

The various employees unions have represented on behalf of women employees for provision of separate toilet and dining room to the women employees working in various offices such as Section Offices, Collection Centres, Sub-Division Offices, Division Offices, Revenue Branches and Central Offices in the Tamil Nadu Electricity Board.

2. In spite of instructions issued from time to time, it is observed that the above facilities are said to have been not provided in many of the Offices especially in the rented buildings occupied by the T.N.E.B.

3. In view of the hardship experienced by the women employees, the Chief Engineers/Superintending Engineers are requested to give immediate attention to this issue and arrange to take steps to provide facilities such as toilet and separate dining room, wherever not provided so far to the women employees working in the T.N.E.B. including the offices functioning in the rented buildings.

4. They are also requested to ensure that the toilet and dining room, already provided are maintained properly. In future there should be no room for such complaint in this regard.

5. They are requested to acknowledge receipt of the same.

—Participation of Officers of Tamil Nadu Electricity Board—Instructions issued
—Reiterated.

Ref : B.P. Ms. (FB) No. 497 (Techl. Br.) dt. 31—10—1988

Instructions were issued in the Board's Proceedings cited that Executive Engineers of all the Distribution Divisions should attend the District Development Council convened by District Collectors.

2. The Government have pointed out that, of late, the Executive Engineers of the Tamil Nadu Electricity Board are not in the habit of attending the grievance day meetings convened by the Collectors every Monday on the pretext that they are instructed to be present in their offices to meet the consumers on all Mondays and to attend agricultural consumers Grievances etc.

3. All the Chief Engineers and Superintending Engineers are informed that they are expected to extend their fullest co-operation to the Collectors.

4. The Chief Engineers and Superintending Engineers are therefore instructed that all meetings called by the Collector should be attended by Board's officers. Depending on the convenience, importance of the subject to be discussed at the Collector's meeting and other commitments, the Superintending Engineers/Executive Engineers may either attend the Collectors' meeting themselves or send their next level officers i.e. Executive Engineers.

5. The above instructions should be followed scrupulously in future.

6. Receipt of this memorandum may be acknowledged.

Memorandum No. 77448/C2/90-1, (Secretariat Branch) Dated the 28th May, 1991

Sub: ESTABLISHMENT—Heavy rain and inclement weather on 2-11-90—Regularising the absence of employees as casual leave or earned leave—instructions—Issued.

In G. O. Ms. No. 1682 Public (Misc.) Department, dated 1-11-90, the Government ordered that Friday the 2-11-90 would be a Government holiday for the offices of the Government in view of heavy rains and inclement weather. The holiday was not a public holiday under the Negotiable Instruments Act, 1881. In lieu of the holiday, Saturday the 8-12-90 was ordered to be a working day for the Government offices.

2. The Board did not declare a holiday on 2-11-90 to the Board's Offices. It has been brought to notice that many employees of the Board had not attended office on 2-11-90 presuming that that day would be a holiday for the Board Offices also. Representations have been received for declaring 2-11-90 as a holiday for the Board Offices also.

3. The representation has been examined. Taking into account the facts, that the Board had not declared 2-11-90 as a holiday and many employees attended the offices on that day, it is hereby ordered that in the case of absentees on 2-11-90, casual leave subject to eligibility or earned leave wherever Casual Leave is not admissible may be granted for a day on 2-11-90.

4. As a special case, earned leave for the above mentioned day (2-11-90) may be granted not withstanding exceeding of 3 or 4 spells in a year laid down in the Standing Orders.

2. From Govt. Finance (Pension) Department G.O. Ms. No. 281, dt. 10—4—91.

Proceedings :

Government of Tamil Nadu have sanctioned revised rates of Dearness Allowance to their Pensioners/Family Pensioners admissible from 1—1—1991. It has been decided to adopt the Government rates of Dearness Allowance to the Pensioners and Family Pensioners of the Tamil Nadu Electricity Board also.

2. After careful consideration, the Tamil Nadu Electricity Board directs that the revised Dearness Allowance to the Pensioners and Family Pensioners of the Board shall be paid at the following rates :

Period	Pension/Family Pension per month	Rate of revised Dearness Allowance per month
From 1st January 1991	(i) Not exceeding Rs. 1,750/-	51 Per Cent of Pension/ Family Pension.
	(ii) Exceeding Rs. 1,750/- but not exceeding Rs. 3,000/-	38 Per Cent of Pension/ Family Pension subject to a minimum of Rs. 893/-
	(iii) Exceeding Rs. 3,000/-	33 Per Cent of Pension/ Family Pension Subject to a minimum of Rs. 1140/-

3. The difference between the Dearness Allowance drawn from January 1991 and the Revised Dearness Allowance sanctioned above shall be drawn as arrears for the Pensioners/ Family Pensioners. The details of admissibility of Dearness Allowance with effect from 1st January 1991 are indicated in the Annexure to this order. The amount of Dearness Allowance shall be rounded off to the next higher rupee. In the case of divisible family Pensioners, the Dearness Allowance shall be divided proportionately.

Loans and Advances—House Building Advance—Sanction of Advance partly for purchase of plot and partly for construction of house—Release of advance intended for construction—Amendment to Rule 5 of House Building Advance Rules—Issued.

(Permanent) B.P. (Ch.) No. 97

(Sectt. Branch)

Dated 8-5-91,
25th Chittirai, Prachorpathi,
Thiruvalluvar Aandu, 2022

Read :

G. O. Ms. No. 279 (H & UD Dept.) dated 15-3-1990.

Proceedings :

In the G. O. cited the Government have issued an amendment to Government House Building Advance Rules in regard to release of instalment meant for construction in cases of sanction of advance partly for purchase of plot and partly for construction of House.

2. It has been decided to adopt the Government orders mentioned in para 1 above. Accordingly it is directed that in the case of advance sanctioned partly for purchase of land and partly for the construction of a house thereon the advance for purchase of plot which is 20% of the eligible amount fixed in each case shall be sanctioned first to enable the employee to acquire the plot without delay. The orders for sanction of the balance amount intended for construction will be issued on production of the approved plans and estimates along with the proof of title for the plot acquired by the loanee Board employee concerned. The application for sanction of advance for construction together with the approved plans etc. should be made to the Sanctioning Authorities within a period of 3 (Three) months from the date of drawal of advance sanctioned for purchase of plot. Application made for construction in such cases beyond the prescribed period of 3 months will not be entertained. Failure to apply for advance for construction along with approved plan etc. within the prescribed period will entail foreclosure of the loan and summary recovery of the advance sanctioned for purchase of plot.

3. With reference to the above orders the following amendment is issued to Tamil Nadu Electricity Board House Building Advance Rules :—

Amendment

In the said Rules, in rule 5, in the Notes, after item (v), the following item shall be added:-

“(vi) In the case of advance sanctioned partly for purchase of land and partly for the construction of a house thereon, the applications for the sanction of the advance intended for construction together with the Utilisation Certificate for the first instalment of the advance sanctioned for purchase of plot, approved building plan, detailed/abstract estimates, Government Pleader’s opinion regarding the title of the Vendor should be made to the sanctioning authority concerned within a period of 3 months from the date of drawal of the first instalment of the advance sanctioned for purchase of plot. Applications made for the sanction of the advance intended for construction, beyond the prescribed period of three months shall not be entertained. Failure to apply for the advance for construction along with the approved building plan etc. within the prescribed period shall entail foreclosure of the loan and summary recovery of the advance sanctioned for purchase of plot. In cases of delay, in applying for the sanction of the advance intended for construction due to reasons beyond the control of the loanee Board employee, the permission of sanctioning authority should be obtained”.

4. Receipt of this order shall be acknowledged.

(By Order of the Chairman)

K. N. Rathinavelu,
Secretary.

Letter No. 14290/N2/91-1 (Secretariat Branch) Dated the 14th May 1991

Sub : Medical Allowance—Admissibility during leave periods—Date of effect—Clarification issued.

Ref : (i) Board's Memo. No. 76553/N2/89-7, dt. 18-12-90.

(ii) Bd's Lr. No. 3507/N2/91-1, dt. 1-2-91.

(iii) Superintending Engineer/G.C/Tirunelveli Lr. No. A4/F/34/91, dt. 25-2-91.

In Board's reference read above clarifications were issued towards admissibility of Medical Allowance during leave periods. A point has been raised whether recovery of Medical Allowance has to be effected in respect of cases occurred prior to the dates of issue of the clarifications. After careful consideration, I am to state that the Medical Allowance paid along with surrender leave salary/suspension in respect of cases occurred prior to 18-12-90 and the Medical Allowance paid along with the terminal leave salary in respect of cases occurred prior to 1-2-91 need not be recovered.

Memorandum (Per.) No. 58704-N1/85-4 (Secretariat Branch), Dated: the 14th May, 1991.

Sub : Tamil Nadu Electricity Board Employees' Special Provident Fund-cum-Gratuity Scheme—Certain clarifications—Issued.

Ref : B.P. Ms. (FB) No. 76 (Secretariat Branch), dt. 31-8-85.

The following clarifications are issued to the B.P. cited:—

Points raised	Clarification issued
(i) Whether the amount of subscription of Rs. 20/- p.m. may be deducted from each employee for 12 years and 4 months and the recovery stopped thereafter.	The subscription of Rs. 20/- p.m. has to be recovered from the employee for 12 years and 4 months and then the recovery will stop. In the 5th month after completion of 12 years subscription amount of Rs. 20/- has not been included in the table prescribed in Annexure-I of the B.P.

- (ii) Whether in case of an employee who quits Board's service other than on superannuation, the repayment may be made as per the table annexed after deduction of Board's fixed contribution of Rs. 5000/-.
- When the employee quits the service of the Board other than on superannuation, the repayment has to be made as per the table in the annexure after deducting the Board's contribution amount of Rs. 5000/-.
- (iii) Whether the table in the annexure is applicable to cases of employees who retire from service on or after 31-10-85 only.
- The interest amount which has been included in the Table is applicable to cases of employees who retire on or after 31-10-85 only.
- (iv) The interest for the amount payable is 8% compounded interest in the first stage and 9% compound interest in the second stage. The circumstances in which the above two different rates of interest have to be worked out may be elucidated.
- As per the provisions in para 3 of the B.P. the subscription will carry 8% compound interest till the amount together with interest reaches Rs. 5000/- i.e. upto the subscription collected for 12 years and 4 months in the first stage. Then at the second stage from the 5th month after completion of 12 years, the amount will carry G.P.F. rate of interest according to the increase.
- (v) It is presumed that for the persons retired between 1-4-84 and 30-9-85, if no intimation of option is received before 15-10-85 they are deemed to have opted for the scheme and the arrears collected in full without obtaining option and repaid in full without interest along with Board's contribution of Rs. 5000/- immediately.
- For the persons retired between 1-4-84 and 30-9-85, no time limit has been fixed for obtaining option. Only from such of those persons from whom options are received the arrears of subscription should be collected in full and repaid without interest along with Board's contribution of Rs. 5000/-. In the case of death after retirement during 1-4-84 and 30-9-85, the question of option does not arise and this benefit, should be paid as aforesaid to the nominee/legal heirs of the Board employee who received the other benefits of the deceased employee.
- (vi) In the table the amount indicated in respect of every item is the total of employees' subscription together with interest and Board's fixed contribution of Rs. 5000/- that shall be payable. Whereas the rule-9 reads that the employee retiring on superannuation will be paid the actual amount of contribution recovered together with interest thereon as per the table of repayment. In addition, the Board will contribute Rs. 5000/-. It is presumed that repayment shall be as per the table alone and not any further amount in addition to the amount in table.
- The table amount consists of employees' subscription together with interest and Board's fixed contribution of Rs. 5000/-. The additional amount mentioned in rule-9 of Annexure-II is only the Board's fixed contribution. The table amount alone is payable.
- (vii) Regarding execution of nomination, it is presumed that the nomination when received may be countersigned by the Head of office and pasted in the Service Book after making necessary entry as is being done in the case of Tamil Nadu Electricity Board Employees' Family Security Fund Scheme.
- Regarding execution of nomination, the nomination should be obtained with reference to rule 10 of Schedule-II of the B.P. It should be countersigned by the Head of Office pasted in the Service Book after making entries in the Service Book.

- (viii) (a) In item 3 under Rule 13 (Annexure—II) it is stated that the C.E./Personnel is the sanctioning authority in respect of Superintending Engineers in Head quarters. It is presumed that the Superintending Engineers in the Head quarters office include the Superintending Engineers in System/Circles also.
- (b) In item 7 under Rule 13 (Annexure—II) it is stated that the sanctioning authority of Class—III & IV employees is "Head of Office", let it be presumed that "Head of Office" is the Superintending Engineers of the respective System/Circle.
- (ix) Whether the work of entering the monthly subscription in the Service Book of the employee may be done annually.
- (x) Whether the recovery has to be made in respect of employees appointed on or after 1-4-84 from the month following the issue of regularisation orders and arrears recovered from the actual date of Regularisation.
- (xi) There are several regular employees in the provincial establishment work, but they subscribe to C.P.F. and not eligible for pension. Some of these employees have opted to G. P. F. Scheme on conversion from C.P.F. to avail pensionary benefits. Some of these C.P.F. subscribers are being admitted to G.P.F. after recrediting Board's contribution after 1-4-84 onwards and they are governed by pension scheme only from the date of admission to G.P.F. It is presumed that subscription to the new scheme has to be recovered from these employees from the month following the date of admission to G.P.F. only.
- (xii) In para 4 of the B.P., it has been stated that in respect of employee retiring on superannuation from whom the arrears of subscription to new scheme at Rs. 20/- p.m. could not be recovered before their superannuation along with the current subscription, the entire arrears of balance of subscription should be recovered in full from the pay of the employees last drawn on retirement. As per the table of repayment, the repayable
- Specific orders were issued in (Per) B.P.(FB) No. 35, dt. 28-3-89 followed by Amendment in Memo. (P) No. 28358/N1/89-2, dt. 22-8-89 regarding the sanctioning authorities.
- The Head of Office in respect of System/Circles is the Superintending Engineers except in case of suicide/murder wherein the Chairman is the sanctioning authority.
- The monthly subscription amount made to the scheme should be entered in the Service Book annually. The competent authority carrying out the annual verification of the Service Book should also check the subscription entries in the Service Book.
- The subscription may be recovered from the month following the date of joining for all new recruits except those candidates who are recruited under emergency provision and arrears collected from the actual date of regularisation.
- The presumption is correct.
- In such cases, interest as per table may be allowed for the arrears of subscription recovered before the date of superannuation and for that portion of balance of arrears of subscription recovered in the last month pay bill before retirement, no interest should be paid.

amount includes interest which is admissible if the subscription has been recovered periodically in time. It is therefore requested to be confirmed whether the amount inclusive of interest as indicated in the table may be paid to the retiring employees even though the balance of arrears of subscription is recovered in full in one lumpsum in the last pay bill.

Memorandum No. 21480-E1/91-4, (Secretariat Branch) dated 17-5-1991.

Sub : Loans and Advances—House Building Advance—Allotment of funds for 1991-92—Orders—Issued.

Ref : From Chief Financial Controller/Board Office Accounts Branch U.O. No. Bud/A1-2/L&A/RE. 90-91 & BE. 91-92/91 dated 27-2-91.

Allotment of funds as detailed in the Annexures I to IV is made for the year 1991-92 for sanction of House Building Advance to the employees of the Board.

2. In respect of fresh cases of purchase of plot and construction/construction, allotment has been made only for 80% of the requirements. As per Rule, formal sanction can be made in such cases upto 25% over and above the provision now made. **The sanctioning authorities shall ensure that the actual disbursement in such cases are authorized only upto the limit of funds now allotted and that on no account the limit is exceeded.**

3. Attention of the sanctioning authorities is invited to the Board's Memorandum No. 37077/E2/86-2 dated 16-6-1986 wherein instructions have been issued among other things regarding assigning of priority number which are to be followed scrupulously. **Only the applications that are in a complete shape are entered in the Priority Register and allotment of funds are sought for only for such applications.** The sanctioning authorities are therefore informed that in respect of the funds allotted in Annexures II to IV of this Memorandum, sanctions shall be issued as per House Building Advance Rules **immediately** and action taken to utilise the amounts fully. The sanctioning authorities are requested to pursue the House Building Advance cases closely and see that the time stipulated for construction is kept-up by the loanee employees and the amount allotted are utilised fully without any lapse.

4. If any applicant is not willing to avail the House Building Advance, necessary undertaking may be obtained from the applicant and the amount allotted should be surrendered immediately duly cancelling the application. If the applicant cancels his application on his own, the allotment made in such cases also should be surrendered immediately. Similarly, in cases where the House Building Advance could not be sanctioned immediately due to pendency of Disciplinary Proceedings (as defined in Rule-1 (iii) of House Building Advance Rules, which has arisen after assigning priority number) the fund obtained in respect of such cases should also be surrendered immediately. The applications in such cases should not, however, be cancelled. As and when the Disciplinary Proceeding is cleared and the applicant becomes eligible for sanction of House Building Advance, fund required for such cases may be intimated to this office and allotment obtained.

5. The sanctioning authorities should closely pursue the indents made by them and if the same is not included in a subsequent allotment made or if there is any discrepancy in the allotment made, the matter should be reported to Board Office Secretariat Branch immediately.

6. The sanctioning authorities are requested to notify in the Notice Board in their offices **on 10th of every month**; the information about applications which have been sanctioned upto a specific date. The notification should also indicate upto which priority number in the priority Register, advances have been sanctioned. This notification should be displayed on the Notice Board for a **minimum period of five days**.

7. It is also informed that in the case of purchase of Ready Built House/Flats/Additional House Building Advance, applications received **upto 31-3-91** which are in complete shape shall be considered now and sanction orders issued. A clear copy of the sanction order should be **sent along with the requisition** for allotment of funds for the same. The requisition for allotment of funds for Ready Built House/Flat/Additional House Building Advance without enclosing the clear copy of sanction order will not be considered for allotment of funds. The indent as well as the sanction order in these cases should indicate the date of application with reference to which the sanction is accorded.

8. In respect of pending instalments relating to the cases where **the formal sanction was accorded prior to 31-3-1991**, the sanctioning authorities should send an indent by **5th of every month** indicating their actual requirement with reference to the utilisation certificates, etc. actually produced by the loanees **during the preceding month**. **Cases where formal sanction is made after 1-4-91 should not be included** in the above monthly indent.

9. The sanctioning authorities are also requested to send a report before **5th of every month** indicating the total amount of advance **actually released** during the previous month towards House Building Advance **category-wise** in the following proforma:

Sl. No.	Category	Month	Amount actually released	Amount, if any surrendered and reasons for surrender in each case.	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
			Rs.	Rs.	
1.	Pending instalment				
2.	Plot-cum-construction/ Construction.				
3.	Enlargement/Improvement				
4.	Ready Built House/Flat				
5.	Additional advance				
6.	Society Schemes				

This report should not be clubbed with the indents made for allotment of funds. This report should only show the amounts utilised during the concerned month. Amounts utilised during the previous month should not be carried forward and added, i.e. the particulars should be only on month-wise basis and previous figures should not be carried forward. **Failure to send this report will be viewed seriously and further indents if any will not be entertained if this report is not sent. There is no need to send quarterly utilisation reports.**

10. The instructions issued in paras 2 to 9 above should be followed scrupulously.

11. Receipt of this Memorandum should be acknowledged immediately.

K. N. Rathinavelu,
Secretary.

Memorandum No. CH/EA/33012/91—1 Dated the 18th May, 1991.

Sub : Audit objections—Examination—Regarding.

It is noticed that in many cases based on the audit objection, officers straightaway act and levy penalties etc. without really subjecting the audit objection to a detailed scrutiny. This results in huge demands on the consumers besides putting the Board Officers in a dilemma, if there is valid reason for withdrawing the claims.

2. It is therefore ordered that whenever objections are raised by the [audit] Assistant Divisional Engineer and other functionaries of the Board may act and raise demands accordingly, but subsequently the same should be examined by the Superintending Engineer and decided on merits whether the objection should be accepted or overruled as the case may be. In case the Superintending Engineer decides to overrule the objection details of the case may be sent along with the justification for overruling the audit objection to the Technical Member concerned. He will send the paper with his comments to the Accounts Member and then to the Chairman.

P. C. Cyriac,
Chairman.

Sub : Allowances—Travelling Allowance—Enhanced rate of Dearance Allowance at special tracts and Allowances for incidental expenses—Regulation at the Guest/Private rates/Tamil Nadu House, New Delhi rate—Clarification issued.

Ref : (Per) B.P. (F.B.) No. 8 (Secretariat Branch) dt. 8—2—91.

Enhanced rates of Daily allowance for journeys and halts in special tracts and also the allowance for incidental expenses to meet portage and other charges were regulated based on normal or ordinary rate of Daily Allowance prior to the issue of orders revising the rates of Dearance Allowance etc., in (Per) B.P. (F.B.) No. 2 (Secretariat Branch) dated 5—1—90. In the above B.P. as well as in (Per) B.P. (F.B.) No. 8 (Secretariat Branch) dated 8—2—91, no rates of Daily allowance have been shown as normal or ordinary rates of Daily allowance and there are only Hotel stay rates and Guest house or Private rates, besides Tamil Nadu House rates at New Delhi. Many Superintending Engineers of the Board have presumed that the Guest House/Private rates of Daily allowance may be taken as normal or ordinary rates of Daily allowance.

2. The presumption of the Superintending Engineers is correct. Enhanced rates of Daily allowance at special tracts shall be regulated based on Guest House/Private rates of Daily allowance. At New Delhi, the allowance for incidental expenses shall be regulated based on Tamil Nadu House rates of Daily allowance. In all other places, the allowance for incidental expenses shall be regulated based on Guest House/Private rates of Daily allowance.

Sub : Incentive Increment—Advance Increment for acquisition of P.G. Degree and Ph.d in Engineering—Granting of Personal Pay equivalent to Advance increments after reaching maximum in time scale of pay—Orders issued.

Ref : B.P. Ms. (FB) No. 79, (SB), Dt. 10—9—85.

In the Board's Proceedings cited, the following orders were issued on the question of grant of advance increment for possessing P.G. Degree and Ph.d in Engineering to the Officers of the Board :—

- (i) In cases where the maximum of the time scale of pay attached to a post is less than Rs. 2000/- and the Board's Engineer has reached the maximum, advance increment shall be granted at the rate of last increment provided the pay including the advance increment and the stagnation increments, if drawn, should not exceed Rs. 2000/- per month.
- (ii) In cases where the Board's Engineers have already reached the maximum of the time scale of pay, where such maximum is Rs. 2000/- or above or where the maximum of the time scale of pay is less than Rs. 2000/- but the pay of the Board's Engineers has reached Rs. 2000/- including the stagnation increment, an amount equivalent to the advance increment (amount of the last increment) shall be granted as personal pay.

2. Taking into account the orders in Para (vii) of B.P. Ms. (FB) No. 87, (SB), Dt. 24—10—85 read with B.P. Ms. (FB) No. 104, (SB), Dt. 5—11—1986, the ceiling limit of Rs. 2000/- fixed in the orders mentioned in Para 1 above shall be raised to Rs. 3500/- (1984 Scale). This amount shall be in force between 1—12—84 and 30—11—88.

3. Taking into account the orders issued in Para 1 (7) of (Per) B.P. (FB) No. 60, (SB), Dt. 24—8—89 read with Board's Memo. No. 65035/C1/89-41, Dt. 31—3—90 the ceiling limit Rs. 3500/- mentioned in para 2 above shall be raised to Rs. 5450/- (1988 Scale) with effect from 1—12—1988. Receipt of this order may be acknowledged.

Copy of Lr. No. 8779/C1/90—8 H & U Dev. Dept., Government of Tamil Nadu, from Tmt. V. Chandralakha, Secy. to Govt. addressed to all Collectors, all Head of Depts.

Sub : Loans and Advances—House Building Advance—Tamil Nadu Government Employees House Building Advance Special Family Benefit Fund Scheme—Recovery of subscription—Clarification Issued.

Ref : 1. From the Director of Statistics,

2. From the Director of Treasuries and Accounts,
Letter No. 20620/90/K2, dated 27—4—90.

I am directed to state that the Tamil Nadu Government Employees' House Building Advance Special Family Benefit Fund Scheme is being implemented with effect from 1—4—86. According to the scheme, all the Government Servants who have obtained house building advance shall subscribe to the above scheme each month at the rate of 1% of the amount recovered monthly, towards the repayment of the house building advance from the month following the month in which the first instalment of the advance is paid till the repayment of the advance in full together with interest thereon, provided the loanees have a service period of five years and above, prior to the date of their Superannuation at the time of enrolment under the scheme. In the event of the death of the loanee while in service before the repayment of the advance in full, the entire outstanding amount of advance with interest shall be adjusted under the above scheme. In cases, where the lumpsum recovery is made from the Death-cum-Retirement Gratuity, subscription at 1% to the above scheme is not made.

2. The Director of Statistics has raised a presumption that in respect of amounts remitted by the individuals in one lumpsum, to reduce the burden of repayment of the advance, the subscription to the Tamil Nadu Government Employees' House Building Advance Special Family Benefit Fund Scheme at 1% of the repayment need not be collected and requested the Government to confirm his presumption.

3. The Director of Treasuries and Accounts who was consulted in the matter has stated that 1% of the recovery may also be effected on the lumpsum remittances made by the loanees towards the repayment of house building advance and interest thereon.

4. I am directed to state that the Government after careful examination, accept the views of the Director of Treasuries and Accounts and direct that the subscription to Tamil Nadu Government Employees House Building Advance Special Family Benefit Fund Scheme shall be recovered at 1% of the lumpsum repayments by the loanee towards principal of House Building Advance or interest thereon.

Sub: Electricity—H.T. services—Exceeding the contracted demand—Levy of penalty at double the normal rate—Regarding.

Ref: C I.A.O.U.O. No. 08368/CC.II/88-2 dt. 14-3-88.

A copy of the U.O. cited is enclosed.

1. It is reported by the Chief Internal Audit Officer in the U.O. cited that the mode of billing adopted by you as per illustrations-II, is not correct and disadvantageous to the Board and requested to clarify the correct position to bill the H.T. consumer exceeding their contracted demand. The action taken by you to levy the Maximum Demand charges as per illustration II to the normal rate (ie. 125 KVA x 40) and penal levy at double the normal rate for the excess demand ie. Rs. 80/- x 8 KVA is not correct. You are therefore requested to levy at normal rate for the actual recorded demand (ie. 133 KVA x Rs. 40) and penal levy at double the normal rate for the excess over sanctioned demand ie. (133-125 = 8 KVA x Rs. 80) and also revise all the past cases and claim the compensation charges as indicated by Chief Internal Audit Officer in illustration-I.

2. A Review of all the other H.T. services may be made wherever such revision is required, the same may be done and issue the revised claim. A detailed report on the above may be sent early.

K. U. Krishnan,
Member (Distribution).

Sub: Board Office Audit Branch—H.T. services—Levy of penal charges for exceeding the permitted demand—Mode of billing—clarification—requested.

As envisaged in the schedule to terms and conditions of supply (Part-I) vide B.P. Ms. No. 780, dt. 21-6-1977 a H.T. consumer exceeding the maximum demand permitted has to be penalised at double the normal rate per KVA for the demand so exceeded. The penal levy is besides the normal demand charges leviable on the excess demand as surmised by Audit and as billed for by the operation and maintenance systems in Madras City vide illustration-I. In other words the levy for the excess demand should be at treble the normal rate.

Illustration-I :

Maximum Demand permitted	—	125 KVA.
Maximum Demand recorded	—	133 KVA.
Excess Demand	—	8 KVA.
Maximum Demand charges at the normal rate 133 KVA x Rs. 40/- (Rs. 40/- per KVA)	—	Rs. 5,320.00
Penal levy for the excess demand of 8 KVA (at double the normal rate) 8 KVA x Rs. 80/-		Rs. 640.00
		<hr/>
Total levy	—	Rs. 5,960.00

The mode of billing adopted by the South Arcot Electricity System/South at Cuddalore is given in Illustration (II) which by and large places the Board in a disadvantageous position in so far revenue is concerned.

Illustration—II

Maximum Demand permitted	—	125 KVA
Maximum Demand recorded	—	133 KVA
Excess Demand	—	8 KVA
Demand charges at the normal rate (Rs. 40/- per KVA) for the demand permitted i.e., 125 KVA x 40 =	—	Rs. 5,000.00
Penal levy at double the normal rate for the excess demand i.e. Rs. 80 x 8 KVA.	—	640.00

Total levy	—	5,640.00

The Board Office Administrative Branch may be requested to clarify early which of the illustrations is correct, so as to enable the Audit Branch to issue necessary guidelines to the Audit Parties.

This may be treated as specially urgent.

Order :

Due to Marginal improvement in power position, Government have decided to reduce the powercut on High Tension Industries with a permitted demand of above 130 KVA by 5% from present level of 30% on energy only and no change in the cut on demand of 30% and retaining the extent of power cut of 15% both on demand and energy imposed in respect of certain High Tension Industries viz. Oxygen Plants, Roller Flour Mills, Freezing Plants, Cold Storage of Sea Food Industries and Liquid Nitrogen Plants.

2. The following notification shall be published in an extra-ordinary issue of Tamil Nadu Government Gazette.

Notification

In exercise of the powers conferred by Section 3 of the Tamil Nadu Essential Articles Control and Requisitioning Act, 1949 (Tamil Nadu Act XXIX of 1949), the Governor of Tamil Nadu hereby makes the following amendments to the Tamil Nadu Restriction on consumption of Electricity Order 1976 issued in G.O. (Ms) No. 1111 Public Works Dated 24-7-76 and as amended subsequently.

The amendment shall come into force with effect from the 6th May, 1991.

Amendment

(i) The following shall be substituted as clause 3(i) in the said Order.

Clause 3(i) : A cut of 30% on base demand and 25% on base energy as defined in clause 7(i) and (ii) of the said Order be applicable to all High Tension Industries with a permitted demand of above 130 KVA provided that all High Tension Industries will be given a minimum quota of 130 KVA.

TELEX MESSAGE DATED 4-5-1991.

Government in G.O. Ms. No. 851 PW Dt. 2-5-91 have reduced cut on energy to 25% on H.T. industries whose present level of cut is 30% retaining 30% cut on demand.

There is no change in present level of cut of 15% on both demand and energy on Oxygen, Freezing Plants, Cold Storage of Sea Food Industries, Nitrogen Plants at Sulakharai and Salem and Flour Mills. The above G.O. is effective from 6-5-91.

The Superintending Engineers of all Electricity Distribution Circles are therefore instructed to issue revised quota cards due to the above reduction in energy cut in respect of H.T. Industry which are subjected to 30% cut presently and who have been fixed quota based on their base consumption by the Superintending Engineers themselves.

The revised quota cards in respect of H.T. Industries for whom quota has been fixed at Head-Quarters and Revised Night Power Quota are being communicated separately.

All other existing instructions issued in respect of R&C Orders shall remain in unaltered.

Order :

M/s. Sivanandha Mills Limited, Coimbatore was incorporated in 1980 and the case of the mill was referred to the Board for Industrial and Financial Reconstruction for its revival (Case No. 40/89). The Board for Industrial and Financial Reconstruction in its hearing on 8-9-1989 held the Company, as a sick one under Section 3(1) (0) of the Sick Industrial Companies (Special Provisions) Act, 1985. As directed by the Board Industrial and Financial Reconstruction, the scheme for rehabilitation of M/s. Sivanandha Mills was prepared and it has been approved by the Bank of Baroda and the same was submitted to the Board for Industrial and Financial Reconstruction for approval.

2. The Board for Industrial and Financial Reconstruction also approved the package in its order dated 23-10-90. The Bank of India has also sanctioned the relief and concessions envisaged in the package. The Director of Handlooms and Textiles has stated that in continuation of the approval to the rehabilitation of the Company by the Board for Industrial and Financial Reconstruction the promoters are requesting for Powercut exemption and deferment of sales tax facility for a period of three years. He has, therefore, requested the Government to sanction powercut exemption and deferment of sales tax facility for a period of three years, since this sanction of concessions will help the mills to overcome the financial constraints.

3. The Government after careful consideration, direct that the following two concessions be granted to M/s. Sivanandha Mills Limited, Coimbatore.

- (i) Powercut exemption for a period of 3 years only;
- (ii) Deferment of sales tax dues for a period of 3 years. That is the payment of sales tax dues shall commence from the fourth year, after the date of issue of this order and the payments shall be as detailed below:
 - (a) During the fourth year, the arrears of Sales tax dues of the first year shall be paid along with the dues of fourth year.
 - (b) During the fifth year, the arrears of sales tax dues of the second year shall be paid along with the dues of fifth year.
 - (c) During the sixth year, the arrears of sales tax dues of the third year shall be paid along with the dues of the sixth year.

4. The concessions sanctioned in paragraph '3' above, will be subject to the following conditions:

- (i) The Director of Handlooms and Textiles should confirm that there are no arrears of tax as on date, due by the company.
- (ii) There must be a nominee of the Director of Handlooms and Textiles should be assigned the following responsibilities:-

- (iii) The nominee of the Director of Handlooms and Textiles should be assigned the following responsibilities:
- (a) He should monitor the utilisation of funds involved in the deferment of sales tax and ensure that the deferment is limited to genuine requirements of the mills like;
 - (i) Margin Money for Working Capital;
 - (ii) Payment of Statutory liabilities etc., Deferment is not available, if it is not, justified with reference to the purpose.
 - (b) He should head a sub-committee of the mills which should deal with the purchase and sales policies, with power to veto any decision of the sub-committee which may be against the interest of the mills.

5. The Director of Handlooms and Textiles, shall take necessary follow-up action in this matter and send a report to Government

6. This order issues with the concurrence of Public Works Department, Commercial Taxes and Religious Endowments Department and Finance Department vide their U.O. Nos. 12245/V. Spl. 2/91-1, dated 4-3-91, 10042/F1/91-1, dated 19-3-91 and 39460/ TH&I / 91-1, dated 16-4-91 respectively.

Thiruvalluvar Aandu 2022.

Proceedings :

The Department of non-conventional Energy Sources (DNES), Govt. of India have sanctioned additional windmills for a capacity of 1.5 MW for erection at the existing Kayathar II windfarm in Chidambaranar district, comprising of 1 No. 200 KW prototype wind electric generator being developed and fabricated by Bharat Heavy Electricals Ltd. under a separate Dept. of Non Conventional Energy Sources R & D project and the remaining capacity of 1.3 MW being

based on wind electric generators of unit size of the range of 200 to 300 KW. The cost of the machineries including delivery at site, erection and commissioning will be met by the DNES. The site cost towards land, site preparation, approach road, foundations, other Civil works, all electrical works grid connection etc. will be shared equally between Tamil Nadu Elec. Board and Tamil Nadu Energy Development Agency (TEDA).

2. The Board hereby approves the execution of the above windfarm project after finalising the order for the supply erection and commissioning of wind electric generators closest to 1.3 MW capacity.

3. The Board also approves a sum of Rs. 315 lakhs (Rupees three hundred and fifteen lakhs only) towards the cost of windmills and Rs. 92.016 lakhs (Rupees ninety two lakhs one thousand and six hundred only) towards the local works as per the estimate enclosed in Annexure I and II. The cost of the machineries including erection and commissioning shall be met from the funds of DNES. The cost of local works shall be shared equally between TEDA and TNEB.

4. The expenditure is chargeable to "TNEB" Funds-Capital expenditure I HES-Chidambaranar Elec. Distribution Circle (a) works-2. Transmission-A/c Code No. 14.646.

5. The Board will exercise the powers of the Telegraph Authority under the provisions of section 42 of the Electricity (Supply) Act, 1948 and shall not be bound by the provisions of sections 12 to 16, 18 and 19 of the Indian Electricity Act, 1910.

Sub : Electricity—Extension of supply to H.T. and L.T. industries from separate feeders laid at the cost of Pioneer Consumer—Getting concurrence for tapping—Instructions issued.

Ref : S.E/IEMC/EE3/AEE1/9930/90-2/dated 28-12-90.

Instructions were issued in the memo. cited under reference, that in case of tapping from a separate feeder for which a party has paid the cost of extensions in full for extending supply to another party, such party/parties who want/wants supply from the separate feeder should bear the entire cost of the tapped portion of the line subject to getting concurrence of the original party who has paid for the separate feeder and it was also directed that it will be the responsibility of such party/parties to obtain concurrence from the original party for such tapping.

Representations have been received that the parties who have paid the cost of separate feeder are not willing to give such concurrence for tapping when approached by latter parties,

The matter has been examined and the following instructions are issued.

Instructions already issued in this office memo. cited stipulating that the concurrence of the Pioneer Consumer who has paid the cost of the separate feeder should be obtained for tapping to subsequent consumers is hereby cancelled. The latter parties need not obtain the concurrence from the Pioneer Consumer who has paid the cost of the feeder. This is in line with the relevant provisions in the I.E. Act, 1910 and Terms and Conditions of Supply.

The parties who want supply from the separate feeder should bear the entire cost of the tapped portion of the line (i.e.) from the tapping point upto the premises of the party.

Sub; Execution of Project—Delays by various contractors—Maintenance of Register—Instructions—Reg.

It has observed that number of proposals are being received at the Tender Committee/Board recommending extra payments for various contractors on the plea that the delays are not attributable to the contractor but due to TNEB/other Agencies. However in such cases while general statements are made, specific delays are not indicated as proper records are not maintained at the field/headquarters level recording the delays of the contractors. It is therefore ordered that all the project CEs and CEs dealing with civil contracts should maintain a register recording delays of each of the contractor so that it will be useful at a later date not only for closing the contracts but also for examining the request of the contractors for extra/escalation payments.

Order :

In the Government Order (Ms) No. 876 Public Works dated 3-4-86 orders were issued granting exemption from power cut to the new industries situated in the SIPCOT Complexes at Tuticorin, Manamadurai, Pudukkottai, Cuddalore and Gummidipoondi for five years from the date of availing High Tension Supply. The Chairman and Managing Director, SIPCOT has stated that SIPCOT Complexes at Hosur and Ranipet came into existence as early as 1973 and 1974 respectively and the concession of power cut exemption granted to other SIPCOT Complexes should be extended to these SIPCOT Complexes and to the future SIPCOT Complexes also. The Member, Tamil Nadu Electricity Board has stated that the issue may be decided by the Government.

2. The Government have examined the matter and decided that the new industries situated in SIPCOT Complexes at Ranipet and Hosur and the new industries coming up in the future SIPCOT Complexes shall be exempted from power cut for a period of five years from the date of availing High Tension Supply.

The following notification shall be published in the next issue of the Tamil Nadu Government Gazette.

NOTIFICATION

In exercise of the powers conferred by Section 3 of the Tamil Nadu Essential Articles Control and Requisitioning Act, 1949 (Tamil Nadu Act XXIX of 1949), the Governor of Tamil Nadu hereby makes the following amendments to the Tamil Nadu Restriction on consumption of Electricity Order, 1976, as issued in G.O. (Ms) No. 1111, Public Works dated 24-7-1976 and as amended subsequently.

The amendment shall come into force from the date of the Government Order.

AMENDMENT

In the said order in Clause 7, for the existing Sub-Clause (ix) the following shall be substituted:— (ix) All new High Tension Industries coming up in the industrial complexes of State Industries Promotion Corporation of Tamil Nadu Limited (SIPCOT) shall be exempted from power cut for a period of five years from the date of availing High Tension Supply.

Sub : Electricity—Madras Electricity Distribution Circle/South—Application of tariff to Orphanages—Instructions issued.

As per the Tariff Notification issued by the Government of Tamil Nadu in G.O. Ms. No. 553 P.W., dated 12-3-1990 application of L. T. Tariff—VII is appropriate for the energy supplied to Orphanages.

2. A case has come to the notice where the application of the above concessional tariff has been denied for the reason that the Orphanage has not been recognised by the Government of Tamil Nadu and therefore it was charged under highest L.T. Tariff—(ie). L.T. IX.

3. The Superintending Engineers of Distribution Circles are informed that there is no mention in the tariff notification about the recognition of the Orphanages by the Government of Tamil Nadu for applying L.T. Tariff—VII.

4. In the absence of specific mention, the Superintending Engineers of Distribution Circles are requested to apply L.T. Tariff—VII for the supply given to Orphanages irrespective whether they are recognised or not by the Government of Tamil Nadu.

2. Memo. No. IEMC/EE2/A1/F.P.C. GI/CR. 11346—1/88
dt. 15—11—88.

In supersession of the earlier orders issued on condonation for excess over demand quota vide para 7 of the memo. first cited above, the following revised instructions are issued:—

- (1) The discretionary powers delegated to the Chief Engineers (Distribution) and the Superintending Engineers of all Electricity Distribution Circles for condonation of excess demand recorded over the quota, are withdrawn forthwith.

- (2) The excess demand recorded over the quota upto 5% in respect of the H.T. Industries (other than Oxygen plants, Freezing plants, Cold Storage of Sea Food Industries, Nitrogen plant at Salem and Sulakerai—covered under clause 6 (iii) (iv) (v) and (xv) of R & C order) shall be charged at thrice the normal tariff rate for Maximum Demand (including the penal levy which is at twice the normal rate) and power supply continued by resetting of Maximum Demand. This facility is permitted only for the first two such occasions in a month. However if such an industry exceeds the demand quota for a third time in the same month, the service shall be summarily disconnected, even if such excess demand recorded over the quota is within 5% and such service shall be re-connected only after a lapse of seven days irrespective of the quota period and such excess demand recorded over the quota shall be charged at thrice the normal tariff rate (including the penal levy at twice the normal rate).

2. Consequent on the above modification in the existing instructions, the following instructions are also issued :

(1) In cases, where the excess demand recorded over the quota by H.T. Industries (other than those covered under clause 6 (iii), (iv), (v) & (xv) of R&C order) is above 5% the excess over the demand quota shall be charged at thrice the normal demand charges (including the penal levy which is at twice the normal rate) apart from the H.T. Service being disconnected for a period of 7 days as per the instructions already issued.

(2) In cases, where the H.T. Industries covered under clause 6(iii), (iv), (v) & (xv) (which shall not be disconnected for exceeding the demand quota) exceed the demand quota, the penal levy shall be four times the normal demand charges (including the penal levy which shall be thrice the normal charges). This modification is in supersession of the instructions already issued for charging at thrice the normal demand charges (including the penal levy which was twice the normal rate) in memo No IEMC/EE2/A1/F.P.C. General/CR 11346—1/88 dt. 15—11—88.

The instructions issued above shall come into force with immediate effect.

All the H.T. Industries may be informed of the above revised instructions immediately.

The Superintending Engineer/Dharmapuri Electricity Distribution Circle is informed that the clarification sought for in his letters cited has been examined in detail and the attention of the Superintending Engineer/Dharmapuri Electricity Distribution Circle is invited to the Instructions already issued in para 2 (i) under **Clause 18.00** — Billing in Permanent B. P. (Ch). No. 112, Technical Branch, dated 29—5—89 (working instructions to the B. P. Ms. (FB) No. 61, (Adm. Branch), dated 24—12—88 which provides as follows:

“Concession in tariff should be calculated only on the **normal charges** for consumption in units and demand in KVA. Other items like, penal charges for exceeding the quota, sanctioned demand, Belated Payment Surcharge, Compensation charges for violation, Low Power Factor, extra levy for not availing supply at the voltage prescribed etc. should not be taken into account for the purpose of computing the tariff concession”.

The **normal charges** means only the amount billed for normal quota and this should not be mixed with the levy of penal charges for exceeding the quota etc. Therefore, the extension of new industry concession should be restricted to the normal quota of both Demand and Energy. Hence, the excess new industry concession already allowed should be recovered from the consumer. In view of the above, the contention of the audit is correct.

The Superintending Engineer/Dharmapuri Electricity Distribution Circle is, therefore, requested to take further action to collect the sum of Rs. 58,080-50 from the consumer towards short levy as pointed out by the Audit.

Circular Memo No. 21561/SS3/91 (Secretariat Branch) dated: the 21st May 1991.

Sub : Security—Grant of permission to foreigners/foreign delegations to visit Board's vital installations etc.—Instructions—Issued.

Ref : Vig. Cell Circular Memo. No. 40578/SS3/89—6, dt. 8—1—90.

In Vigilance Cell Circular memo. cited, instructions were issued to the effect that in future, the requisitions to grant permission to the foreign nationals to visit the vital installations, prohibited places, sub-stations etc. of the Board should be sent well in advance (i.e.) three months before the date of their visit, to Inspector General of Police/Vigilance, so as to address the Government well in advance for their permission. But, of late, it is noticed that the requisitions to grant permission to the foreign nationals have been received from the Superintending Engineers/Chief Engineers at a short notice. Due to paucity of time, permission could not be granted in such cases as Government have to be addressed in the matter. Recently, Government of Tamil Nadu in their Lr. No. 40404/U1/91-2, P.W.D., dt. 26—4—91 have pointed out that, of late, the proposals are received only for ratification without seeking for prior permission of the Government and that the proposals may be sent well in advance, for approval of the Government in future.

2. All the Superintending Engineers/Chief Engineers are therefore requested to adhere strictly to the instructions issued in the Board's memo. cited and to see that the requisitions to grant permission to the foreign nationals to visit any places of the Board should be sent, well in advance atleast thirty days before the date of their visits, to Inspector General of Police/Vigilance along with the Bio-data of the foreign nationals prescribed in the Board's memo. cited.

3. Please acknowledge.

R. Rajagopalan,
Inspector General of Police/Vigilance.

Sub : Electricity—Free supply to agricultural consumers—Excess over lighting load availing by the agricultural consumers—Assessment clarification—Regarding.

Ref : S.E./Villupuram Electricity Distribution Circle Letter No. SE/VEDC/VPM/AO/Rev/RCS/A2/F. Free supply/PR. 420/dt. —12—90.

The Superintending Engineer/Villupuram Electricity Distribution Circle is informed that the Government have ordered free supply of Electricity to agricultural consumers and also deleted Explanation (i) and (ii) under L.T. Tariff-V in G.O. Ms. No. 2431, P.W., dt. 17—11—90. The other Clauses V (iii) and V (iv) are still in force. Hence the Superintending Engineer is requested to take action as per Clause V (iii) and V (iv) for excess lighting load in Agricultural services.

Sub : Electricity—Extension of supply for single phase lighting service—Acceptance of single phase meter from the consumers—Reg.

Ref : This office circular memo. No. 1154/IEMC/PO (T)/T.I. (2)/89-9, dt. 4-5-90.

In view of the shortage of single phase meters and to clear the large number of domestic applications, the Superintending Engineers of Distribution Circles are requested to accept new single phase meters offered by prospective consumers upto 31-3-1992.

They are informed that the refund against the cost of the consumers meter may be made at Rs. 159/- each as indicated in this office circular memo. No. 1154/IEMC/PO (T)/Tariff I (2)/89-8, dt. 16-4-90 by following the procedure in vogue.

The procedure outlined in memo. No. 317/SE/IEMC/PO (T)/T.I(2)/84-5, dt. 11-10-89 may be followed for acceptance of the consumer's meters, testing them, overlooking the priority in giving service connection, accounting and in refunding the cost of the meters.

COPY OF TELEX

Due to constrains in the movement of coal for our thermal stations and due to poor hydro storage in the reservoirs, as a temporary measure, the agricultural loads are to be divided into three groups and following revised schedule for maintaining three phase supply on 11 KV/ 22 KV rural feeders may be implemented with immediate effect.

A. Rural feeders without HT industries :

	Day	Night
I Group	... 0600 to 1000 hrs.	0000 to 0600 hrs. (Next day)
II Group	... 1000 to 1400 hrs.	2300 to 0500 hrs. (do)
III Group	... 1400 to 1800 hrs.	2200 to 0400 hrs. (do)

B. Rural feeders without HT industries :

I Group	... 0600 to 1200 hrs.	2300 to 0600 hrs.
II Group	... 1200 to 1800 hrs.	2200 to 0500 hrs.

During other hours, single phase supply only will be given for both the categories A & B. The groups will be rotated once in a week on every Sunday.

The receipt of the telex may be acknowledged to SE/LD & GO/Madras.

In continuation to the above a revised list of 11 KV & 22 KV Urban feeders, to be subjected to urban Load Shedding is enclosed. As already instructed in the reference (3), cited above the urban load shedding may be carried out as per the schedule.

HT feeders feeding predominantly **HT Industries**, continuous process industries and HT Essential Services are exempted from the purview of urban load shedding.

If any of the urban feeders have not been included in the revised list, now enclosed, the same may be included for load shedding under intimation to this Office.

If any of the feeders in the list are to be deleted from the urban load shedding, the details of the HT feeder with connected load, maximum demand reached so far, No. of HT Services and LT Services with connected load etc. categorywise may be furnished in the Proforma already available with S. Es. In respect of HT services, coming on this feeder, the name of each of the HT service, the nature of service, permitted demand, tariff, whether subjected to power cut or not etc. may be furnished to this Office for approval.

The Schedule may be published in the Local Dailies.

The list in respect of Trichy/South, Chingleput and Villupuram will be communicated separately. Pending that, the above S. Es. are requested to carryout the urban shedding as per the list available with them. They are also instructed to furnish the particulars already called for, without further delay.

Receipt of this memo. may kindly be acknowledged to Superintending Engineer/Load Despatch & Grid Operation, Madras.

Circular Memo. No. Addl. CE/IEMC/EE3/AEE2/708/91/ (Technical Branch) dated 31-5-91.

Sub : Electricity—Compliance of Rule 45 (1) of I.E. Rules 1956—Adopting certain procedures and incorporating certain orders before effecting supply—Clarification sought for—Instructions issued.

Ref : Lr. No. T. 403/2028-2/91/dated 21-3-91 from the C. /ED/Madurai Region.

The Chief Engineer/Distribution/Madurai Region has requested clarification whether the instructions in Chief Engineer's memo. dated 13-12-72 and 6-6-73 are to be followed or the clause 10.01 of the Terms and Conditions of supply of Electricity in B. P. No. 61, dated 24-12-1988 are to be followed with regard to issue of test report forms and obtaining signature of the electrical contractors.

The Circular instructions vide Memo. No. SE/IEMC/EE3/AEE2/313/90/ dated 17-4-90 reiterating the instructions vide Chief Engineer's Memos. dated 13-12-72 and 6-6-73 have been issued to prevent malpractices of carrying out electrical wiring works by unauthorised persons and signing the application forms and test reports by some electrical contractors without actually doing the electrical works.

The instructions issued in C.E's Memo. No. EM/A1/Misc/72-73, dated 13-12-72 emphasises that blank test report forms should not be distributed to wiring contractors and other persons. The test report forms as per Terms and Conditions of Supply of Electricity are to be issued only to the eligible consumers who approach the Junior Engineer/Assistant Engineer after completion of work and hence this will not contradict the instructions issued in Chief Engineer's Memo. dated 13-12-72.

Hence, it is clarified that Assistant Engineer/Junior Engineer may issue the test report forms to the applicants or persons authorised, by the applicants only, when they approach stating the completion of wiring work. As the Test report form is serially numbered, the Assistant Engineer/Junior Engineer may maintain an issue register for issuing test report forms to each applicants. It may be emphasised that test report forms should not be issued to wiring contractors by the Assistant Engineer/Junior Engineer.

K. U. Krishnan,
Member (Distribution).
