IV. Performance of Thermal Stations :

(i) Tuticorin (5 x 210 MW) :

The details of generation at Tuticorin during August '94 were as follows :

Unit	Availability Factor (%)	Generation (MU)	Plant Load Factor (%)
I (210 MW)	61.80	90.89	58.17
II (210 MW)	50.70	72.95	46.69
III (210 MW)	61.60	88.86	56.87
IV (210 MW)	88.90	129.98	83.19
V (210 MW)	41.80	48.49	31.04
Station (1050 MW)	—	431.17	55.19

(a) Unit III shut down on 15—7—94 for annual maintenance works came back into service on 11—8—94.

(b) Unit I shut down on 22—8—94 for annual maintenance works.

(vii)

(ii) Ennore (2×60 MW + 3×110 MW) :

In August '94 Ennore generated 184.893 MU with a PLF of 55.22%. The unitwise details of generation was as follows:-

Unit	Availability Factor (%)	Generation (MU)	Plant Load Factor (%)
I (60 MW)	—	—	—
II (60 MW)	91.13	34.316	76.87
III (110 MW)	70.81	43.768	53.48
IV (110 MW)	92.76	53.674	64.85
V (110 MW)	87.28	53.735	65.66
Station (450 MW)	—	184.893	55.22

(a) Unit I shut down on 28—4—'94 due to generator transformer problem.

(iii) Mettur (4 × 210 MW) :

The details of generation at Mettur TPS during August '94 were as follows :-

Unit	Availability Factor (%)	Generation (MU)	Plant Load Factor (%)
I (210 MW)	93.58	133.26	85.29
II (210 MW)	43.26	62.27	39.86
III (210 MW)	91.35	129.98	83.19
IV (210 MW)	60.47	86.00	55.04
Station (840 MW)	—	411.51	65.85

(a) Unit II shutdown on 14—8—94 for annual maintenance works.

(iv) Coal Particulars for August '94 :

Sl. No.	Particulars	Tuticorin	Ennore	Mettur
1.	Coal linkage (in lakhs Tonnes)	4.30	2.10	3.60
2.	Coal Receipt (")	4.70	1.92	2.93
3.	Coal consumption (")	3.03	1.73	3.10
4.	Coal stock as on 30-6-'94 (")	2.41	0.32	1.36
5.	Coal consumption (kg/unit)	0.70	0.94	0.753

(v) Auxiliary Consumption and Oil Consumption During August '94 :

	Tuticorin	Ennore	Mettur
Auxiliary consumption (%)	8.5	12.70	8.89
Oil consumption (ML/Unit)	1.57	2.50	8.41

With reference to Regulation 7 (1) of the Revised Scales of Pay (Officers) Regulations, 1994, an Officer may exercise option to remain in the **existing scale** of pay until the date on which he earns his next increment in the **existing scale** of pay. The term "existing scale" in relation to any post has been defined in Regulation 2 (ii) of the Revised Scales of Pay (Officers) Regulations as the **scale of pay admissible to an Officer in respect of such post on the 1st December 1992**. The post held by the Officer mentioned in your letter on 1st December 1992 was selection grade Assistant Executive Engineer (Civil). In this post, he would have drawn an increment on 1st October 1993. But before drawal of this increment, he was promoted as Executive Engineer on 17—8—93. A question has arisen as to whether he would be allowed the Revised scale of pay fixation as well as promotion pay fixation on 1st October 1993. (Date of increment in lower post) notwithstanding his promotion to the higher post of Executive Engineer on 17—8—93. It is hereby clarified that this can be allowed.

M. Subramanian,
Secretary.

Copy of Lr. No. SE/GCC/MDS/Adm. I/A. 1/F. 12/D460/94 dt. 10—6—94 from the Superintending Engineer/GCC/Madras—12 to the Secretary T.N.E.B, Madras—2.

Sub : Establishment—Class I Service—Thiru M. Govindasamy, Executive Engineer/Civil/G.C.C./Madras—Pay fixation in the revised scale of pay—Clarification.

Ref : (Per.) B. P. (FB) No. 23 (Secretariat Branch) dt. 4—5—94.

Thiru M. Govindasamy, Executive Engineer/Civil of this circle has opted to come over to the revised scales of pay ordered in the B.P. cited with effect from 01—10—93 (i.e., on the date of accrual of increment in the post of Asst. Executive Engineer/Civil (Selection Grade).)

Thiru M. Govindasamy was holding the post of Selection Grade Assistant Executive Engineer/Civil on 1—12—92. He has been promoted as Executive Engineer/Civil and joined duty on 17—08—93 and opted to fix his pay in the post of Executive Engineer/Civil on 01—10—93 (i.e.,) on the date of accrual of increment in the lower post. Accordingly his pay in the pre-revised scale has been fixed at Rs. 4,430/- with effect from 1—10—93.

Since the Executive Engineer has opted for fixation of pay in the revised scale with effect from 01—10—93, and the scale of pay for Selection Grade Assistant Executive Engineer and Executive Engineer are one and the same, it may be clarified whether the pay may be fixed with effect from 01—10—93 in the revised scale to Thiru M. Govindasamy, Executive Engineer/Civil with reference to clause 7 (1) (Option) of the B. P. cited.

Sub : Pension—Expeditious Disposal of pension cases—Instructions—Issued.

Ref : B. P. Ms. No. 1 (Audit) dated 13—8—94.

According to rule 61 of the Tamil Nadu Pension Rules followed by the Board every Head of Office shall undertake the work of preparing pension papers one year before the date on which an employee is due to retire on superannuation or on the date on which he proceeds on leave preparatory to retirement, whichever is earlier.

2. It is reported by the Chief Internal Audit Officer/Audit Branch that terminal benefits have not been settled on the due dates in most of the cases, due to delay in receipt of pension cases in Audit Branch from the pension sanctioning authorities, and that the pension proposals from the Head Quarters Offices also are not received well in advance for issuing authorisation on the date of retirement.

3. All the pension sanctioning authorities are requested to adhere to the provisions envisaged in the Tamil Nadu Pension Rules as well as the procedures and instructions issued by the Board from time to time in this regard strictly and also to ensure that the pension proposals from the Head Quarters Offices are forwarded to the Audit Branch well in advance. (i. e.) not less than 15 days prior to the date of retirement from other offices as per the instructions issued in B. P. Ms. No. 1 (Audit) dated 13-8-79, so that retiring officials are not put into any hardship in getting their terminal benefits on the due date.

4. Receipt of the Memo. should be acknowledged in the slip enclosed.

(iii) I.G.P. (Vig.) U.O. Note No. 32626/SS1/94-2 dated : 27-7-94.

Proceedings :

The Anti Power Theft Squad is now inspecting H.T./L.T.C.T. Power and non power services both during day and night hours. Night and day surprise raids are conducted periodically to create awareness among the public. The Secret informations on Theft of energy/Violations received now-a-days are more specific and warrant immediate raid of the premises. Hence, it is reported that the existing number of squads are not adequate to cater to the needs of the Inspection and they essentially have to be reinforced by forming additional units. On a review of present work allocation of jurisdiction with reference to the number of services available for the inspection of each Anti Power Theft Squad sub-division it is found that a new Anti Power Theft Squad sub-division at Dindigul is necessary so that the work of sub-divisions in Trichy and Madurai divisions could be redistributed for better and effective raids and for yielding additional revenue to the Board.

2. After careful consideration, it is hereby ordered that **One** additional sub-division of Anti Power Theft Squad with Head Quarters at Dindigul shall be formed under the control of Superintending Engineer/Anti Power Theft Squad/Madras. Sanction is also accorded for the creation of the following posts temporarily for the newly formed Anti Power Theft Squad sub-division at Dindigul for a period of one year from the date of utilisation :—

(i) Assistant Executive Engineer	...	One
(ii) Assistant Engineer/Junior Engineer Grade I	...	Two
(iii) Technical Assistant	...	Two
(iv) Helper	...	Three
Total	...	Eight

2. The newly formed Anti Power Theft Squad Sub-division at Dindigul shall have jurisdiction over the entire Dindigul Anna and Theni Electricity Distribution Circles. Consequently the jurisdiction of sub-divisions at Trichy, Pudukottai, Thanjavur, Madurai and Virudhunagar will be re-adjusted suitably by redistribution of services.

4. The Incumbent of the posts sanctioned in para-2 above will be eligible to draw the Usual Pay, Dearness Allowance, House Rent Allowance, City Compensatory Allowance, Special Pay and Other allowances admissible under the orders in force.

5. The expenditure is debitable to the Tamil Nadu Electricity Board Funds-Revenues. expenses-75— employees cost.

In cases of expenditure over and above this limit, sanction may be accorded by the authority delegated with powers in B.P. Ms. (Ch.) No. 128 (Tech. Br.) dt. 24—6—83 and in (Per.) B. P. (F.B.) No. 64, S. B. dt. 10—8—94.
- (c) In view of the clarification in sub-para—(b) above, the orders issued in Board's Memo. No. 30024/O & M Cell—I (4)/91—1 dt. 30—5—91 are hereby canceled so that restriction in individual cases of payment under imprest shall apply to all offices uniformly.
- (d) The following items of expenditure shall also be booked under imprest, in addition to the items of expenditure specified in B.P. Ms. (Ch.) No. 4 Adm. Br. dt. 4—1—85 :—
 - i) Expenditure on battery charging
 - ii) tyre changing
 - iii) tube punctures
 - iv) small dynamo repairs
 - v) Minor repairs to vehicles
 - vi) tyre retreading charges
 - vii) purchase of spares to vehicles and other tools and plants.
 - viii) expenditure towards maintenance of computer and its accessories and related equipments.
 - ix) purchase of costly life saving medicines for emergency purpose and urgent repairs of the equipments in the Dispensary.
 - x) expenditure towards taking xerox copies on urgent matters.

- (e) The Chief Medical Officer and the Executive Engineer Computer Centre shall be authorised to exercise the powers delegated to the Superintending Engineers and Executive Engineers respectively in B.P. Ms. (Ch.) No. 128, Tech. Br. dt. 24-6-83.
- (f) Procurement of fuel is not a petty item of expenditure to be booked under imprest in a routine way. As it is an anticipated item of expenditure necessarily to be incurred, it shall be met by making permanent arrangement for the purpose. However, in extraordinary circumstances, payment under imprest can be resorted to but not exceeding the limit of powers delegated in B.P. Ms. (Ch.) No. 128, T. B. dt. 24-6-83 and in (Per.) B.P. (F.B.) No. 64, S.B. dt. 10-8-94.
- (g) In case of all other predictable items of recurring expenditure which are not covered by any delegation, temporary advances shall be opened specifying the purpose and the expenditure shall be strictly for the purpose specified in the sanction.

2. All the Chief Engineers/Superintending Engineers are requested to follow these instructions strictly and also advise the imprest holders under their control to adhere to the above instructions.

3. The receipt of this memorandum should be acknowledged.

Copy of Letter (Ms) No. 97391 / Per. N/93-2 dt. 8-3-94 from Thiru M. Ahmed, I.A.S. Secy. to Govt. addressed for all Department of Secretariat and all Heads of Department.

Sub: Disciplinary Proceedings—Initiation of action on the Report of "Commission of enquiry" and "enquiring authority" in Disciplinary cases—Instructions issued.

An instance has come to the notice of the Government where a "Commission of enquiry" was appointed to enquire into grave irregularities against Government officials and certain aspects of the Commission's findings were not brought to the notice of the Enquiry Officers entrusted to enquire the charges framed in the said case to enable him to explain divergence of views from the findings of the "Commission of enquiry". So, the reasoning behind the findings of the Enquiry Officers can be deemed to be their explanations to the divergent views.

2. The procedures before a Commission of enquiry and the enquiring authority in a disciplinary case are not the same. They are under different legal provisions and start from different corners. While an enquiry commission tries to ascertain the facts, a departmental enquiry analysis the specific imputations. Once the imputations could not be proved and there are no grounds for alternative imputation, it is desirable that the matter be allowed to come to a close. In order to avoid the above contingency it is necessary that important aspects of the Commission's findings should be brought to the notice of the Enquiring Officers and they have to be asked to explain divergence of views, if any, so that the reasonings behind the findings of the enquiry officers can be deemed to be their explanation to the divergence of their views. In the above circumstances, it is desired that wherever disciplinary action is initiated under Rule 17(b) of the Tamil Nadu Civil Services (Classification, Control and appeal) Rules against officials on the basis of the reports or findings of "Commission of Enquiry" such reports of relevant chapters thereof should from the imputations leading to the charges and should be communicated to the accused officers. In cases where minor punishments are warranted, explanation may be called for under rule 17(a) of the said rules on the basis of the findings in the report/relevant chapters thereof, which should be communicated to the delinquents.

3. All the disciplinary authorities may therefore be instructed to ensure that the procedure indicated in para 2 above are strictly observed without fail.

Yours faithfully,
Sd/- x x x

5. Per. B.P. (FB. No.) 24 (Adm. Br.) dt. 15—5—90

Proceedings :

At present the dependant of the deceased employees of the Board and one member in each family displaced on account of acquisition of lands for project areas, and also the dependants of persons invalidated on medical grounds are appointed as Helper (Trainee) and Office Helper (Trainee) for a specific period of 3 years with the consolidated wages as indicated below :

- Rs. 500/- P. M. for the first year
- Rs. 650/- P. M. for the second year
- Rs. 800/- P. M. for the third year

on completion of the period of training they are being absorbed in the respective regular posts.

2. The Unions and the Trainees have represented that the wages offered to them may be enhanced as the net amount after incurring expenses towards conveyance to reach the office from their residence is very meagre. It is also represented that the training period of three years may be reduced to one year.

3. After careful consideration, the Board has decided to reduce the training period as one year and to enhance the wages as Rs. 750/- P. M. for the said period in respect of Office Helper (Trainee) and Helper (Trainee) with effect from 1—9—94.

4. Accordingly the Board hereby directs that :

1. the training period of three years prescribed for Office Helper (Trainee) and Helper (Trainee) be reduced from three years to one year and the wages of Trainees enhanced from Rs. 500 to Rs. 750/- (Rupees seven hundred and fifty only) per month with effect from 1—9—94 (payable in 10/94).
2. Those who have completed one year of training period as Office Helper (Trainee) and Helper (Trainee) as on 31—8—94 A.N. be considered for Regular Helper or Office Helper.
3. Those who have not completed one year training as on 31—8—94 have to undergo training till the date of completion of one year period.
4. The Office Helper (Trainee) Helper (Trainee) to be appointed on the above schemes in future from 1—9—94 shall undergo one year training period and get wages of Rs. 750/- (Rupees seven hundred and fifty only).

Finance

Letter No. 1994/X/DFC/(S)/A. 4/94, (Accounts Branch), Dated 2—8—1994.

Sub : Maximum—Inventory level to be—maintained for the year 1994—95—Communicated.

A statement showing the Inventory level to be maintained by the Circles for the year 1994-95 as approved by Chairman, Tamil Nadu Electricity Board is enclosed for strict adherence. This level is the maximum i.e. the ceiling. The inventory level in Circles should be well below the maximum at any point of time during the year 1994 - 95.

2. The total inventory as on 1—6—1994 is Rs. 353.65 Crores. This was Rs. 344.65 Crores on 1—6—1993 and Rs. 295. 76 Crores on 1—6—1992. This shows that in the last two years, Rs. 57.89 Crores worth of inventory has been added at the average of Rs. 2.41 Crores per month.

3. It is seen from the inventory maintained that the Circles have not shown any importance of the circulars issued by this office to maintain the inventory level to the bearest minimum. The stocking of materials in the stores yard for imaginary use and in disproportionate quantities has also been objected to by Reserve Bank of India and commented upon by Public Undertaking Committee in their reports.

4. In the earlier years it was construed that a circle is permitted to hold stocks upto the maximum level fixed for the year as a matter of routine and this practice should be discontinued with immediate effect. Every purchase should be made carefully and prudently based on the actual requirement for works.

5. It is requested to ensure that an effective control over the reduction of inventory of the circles by inspecting the Stores and reviewing stock position personally. The maximum inventory level should not exceed the limit prescribed for 1994—95 and any proposal for revision (or) ratification of the excess stock held in the Circles will not be entertained. It is the responsibility of the Superintending Engineers concerned to keep the inventory level below the bearest minimum.

6. Receipt of this letter may be acknowledged to the Financial Controller/Purchase, Office of the Chief Financial Controller, Madras-2.

1. From CE/NMTPP Lr. No. CE/NMTPP/Adm. I/A2/R 31/0195/26/91-1, dt. 25-2-91.

Proceedings :

The Chief Engineer/North Madras Thermal Power Project has reported that the work of Basin Bridge Gas Turbine Project at Madras was commenced on 23—2—91 Forenoon. The Chief Engineer/North Madras Thermal Power Project has stated that since the Gas Turbine Project is considered as a project for all purposes and the staff and officers posted in this project are eligible for sanction of project special pay and project allowances at the rates mentioned in (Per.) B.P. (Ch.) No. 200 (SB) dated 13—9—90. The number of staff employing in the project now are 34 only. The Chief Engineer has therefore recommended for the grant of the project special pay and project allowance to the above staff.

2. The matter has been examined and after careful consideration, the Tamil Nadu Electricity Board hereby directs that the existing 34 employees working in the Gas Turbine Project at Basin Bridge Power House be granted project special pay at the rates indicated in the Annexure to these proceedings. Project Special Pay should be granted only as long as the Gas Turbine Project at Basin Bridge Power House is under project construction stage.

3. The orders will take effect from the date of issue of this order.

- (6) G. O. Ms. No. 584 Fin. (Sal.) Dept., dt. 11-7-94.

Proceedings :

In the Board's Proceedings first cited, the Board sanctioned a medical allowance of Rs. 15/- per month in lieu of medical reimbursement scheme to the Board employees who wish to opt out of medical reimbursement scheme. This order came into force with effect from 1-9-89.

2. In G. O. Ms. No. 293 Finance (Salaries) Department, dated 4-4-94, the Government enhanced the rate of medical allowance from Rs. 15/- per month to Rs. 30/- per month with effect from 1-4-94 with the usual conditions that the existing Government servants, who wish to opt for this scheme should exercise their option within a period of one month from the date of issue of orders (4-4-94) and that option once exercised would be final. The above orders of the Government were adopted to Board employees in (Permanent) B. P. (Ch) No. 170 (SB) dated 25-6-94. It was also ordered in the Board Proceeding that the employees who are recruited on or after 25-6-94. (date of B. P.) would be paid only the monthly medical allowance of Rs. 30/- per month and they would not be eligible for Medical Reimbursement Scheme. It has also been clarified in Board's Memo. fifth cited that the employees continuing under Medical Reimbursement Scheme would only be permitted to choose this Medical Allowance Scheme.

3. In supersession of their earlier orders the Government of Tamil Nadu, have in their G. O. Ms. No. 584 Finance (Salaries) Department, dated 11-7-94, issued revised orders for retention of both the medical reimbursement scheme and medical allowance scheme, allowing the government servant now in service to opt for any one of these schemes.

4. The Tamil Nadu Electricity Board after careful consideration, fall in line with the Government Orders and directs in supersession of the earlier orders of the Board, that both the medical reimbursement scheme and medical allowance scheme (Rs. 15/- p.m. from 1-9-89 and Rs. 30/- p.m. with effect from 1-4-94) be retained, and the Board employees now in service are allowed to opt for any one of these schemes. After coming over to one scheme, the Board employees will not be allowed to change their options. All Board employees who desire to opt for medical allowance scheme shall exercise their option for medical allowance scheme before 15-10-94. If no option is exercised by this date, it will be presumed that they have opted for Medical Reimbursement Scheme.

5. Orders regarding new appointees to the Board's service will be issued later.

Circular No. SE/MM. I/EES/A2/F6/D 906/94, (Techl. Branch), dt. 1—8—94.

Sub: Sale of Surplus/Obsolesces Scrap material, condemned vehicles & Plant & machineries etc. through open tenders/Public Auction—Acceptance of belated remittance of sale value— collection of interest for the delay— Orders issued— Regarding.

Surplus/Obsolete/Unserviceable/Scrap materials, condemned vehicles and Plant and machineries etc. are disposed off through open tenders/Public auction following the procedures laid down from time to time in this regard. The sale amount (cost of materials) should be collected within 21 days (twenty one) from the date of receipt of the confirmation of the sale by the bidder/tenderer as per clause 29.4 (i) of the Tender Regulations vide Permanent B.P. (F.B.) No.17 (Accounts Branch) dt. 5—8—1991. It should be clearly indicated both in the specification and in the sale order that failure to comply with the requirement shall entail forfeiture of the Earnest Money Deposit.

During unavoidable circumstances Superintending Engineer may grant extension of time upto seven days from the date of payment of sale price and the Chief Engineer may grant further extension of time upto seven days thereafter and Board Level Tender Committee may grant any further extension of time as per clause 29.4 (ii) of Tender Regulations.

It is observed that number of proposals are received from the field Chief Engineers/Superintending Engineers seeking approval of the Board Level Tender Committee to grant further extension of time beyond the extension period granted by the Chief Engineers. In order to effect quick realisation of sale value it has been decided to collect interest charges for the delay beyond the extension of time granted by Chief Engineer.

The Tender Committee in its 588th meeting held on 11—7—94 has ordered that in future, an interest at 2% (two per cent) per month or part thereof should be collected for the period beyond the extension period granted by the Chief Engineer.

All the Superintending Engineers/Chief Engineers are requested to act accordingly in collecting the sale price from the successful tenderers.

Circular Memorandum No. SE/IEMC/EE (T)/AEE/AE2/Welding set under LT TF.IX/CR. 05215/94 (Technical Branch), dated 2—8—1994.

Sub: Electricity—Welding set in the service given under L.T. Tariff—IX—charging of extra levy of 25%—clarification—Regarding.

Ref: S.E./Tirunelveli—Kattabomman Electricity Distribution Circle letter No. SE/TKEDC/AO/R/RCS/A1/F. T & C File/R. 272/94 dated 1—6—94.

The Superintending Engineer/Tirunelveli Kattabomman Electricity Distribution Circle in his letter cited above has requested clarification as to whether the extra levy of 25% has to be charged or not in respect of SC No. A. 577, Tenkasi which was effected on 13—12—82 with a connected load of 360 Watts under L.T. Tariff—VIII now L.T. Tariff—IX, and an additional load of 2 KVA and 0.5 HP to provide a welding set and drilling m/c was effected subsequently on 18—2—92.

As there is no provision for charging extra levy of 25% for provision of welding set under L. T. Tariff—IX and considering the fact that there is loss of revenue, if the Welding set is continued to be permitted in the service under L.T. Tariff—IX, since the rate per KWhr under L.T. Tariff—IV + 25% is more than that under L.T. Tariff—IX, it is informed that the consumer may be advised to avail a separate service for Welding set after segregation of loads within a reasonable period (say two months) failing which the entire consumption of the service will be liable to be billed under L.T. Tariff—IV + 25% until such time separate service is availed for welding set.

All the Superintending Engineers of Distribution Circle are advised to follow the above procedure for similar case, if any.

A. P. Muthuswami,
Chairman.

(2) Circular Memo. No. SE/IEMC/EE3/AEE2/AE/D. 276/94/dated 25—7—94.

Many of the field officers have expressed the difficulties in implementing the instructions issued in the Circular Memo. dated 19—5—94 cited under reference (1) and requested further instructions. The matter has been examined and the following clarification is issued.

The Circular Memo dated 19—5—94 has been issued based on the letter from the Special Commissioner and Commissioner for land administration to the Chairman/T. N. E. B. Hence, the instructions issued in the Circular Memo. dated 19—5—94 will stand.

However, the exact description for (a) the Canal/Channel/Water resources and (b) whether a particular River/Canal/Channel/Water resource for which the extension of supply to agricultural pumpset is banned may be ascertained from the Executive Engineer/Public Works Department. Wherever the P.W.D. authorities insist on clearance, the parties may be advised to obtain No Objection Certificate from P. W. D. to proceed further for extension of supply.

Read also :

5. From the Chairman, Tamil Nadu Electricity Board D.O. Lr. No. CH/CE/35110/93-9. dt. 1—12—93.

ORDER :

In the G. O. first read above, the Government ordered exemption in respect of additional tax payable under the Tamil Nadu Electricity (Taxation on Consumption) Act, 1962, by any new Industrial undertaking established in the State of Tamil Nadu for a period of three years from the date of commencement of the manufacture or production of the principal product. The G.O. was given effect from 30—7—1992.

2. In the Government order fourth read above, it was ordered that additional tax on the consumption of energy levied during the period from 20—1—1992 (ie. the date of announcement of New Industrial Policy) to 30—7—92 be set off against the future additional tax on energy to be collected from new units which enjoy the concession with reference to orders issued in G.O. first read above.

3. In his letters third and fifth read above, the Chairman, Tamil Nadu Electricity Board has recommended that this tax exemption may be given to new Industries who have completed three years prior to 30—7—1992, but who have not completed 5 years of tariff concession period, for the balance period of 5 years beyond 30—7—1992. He has requested that the G. O. may be amended so as to provide for tax exemption for new Industrial units for the balance period of five years beyond 20-1-1992 for whom five year tariff concession has been extended by the Tamil Nadu Electricity Board.

4. The Government have carefully considered the suggestion made by the Tamil Nadu Electricity Board. The new Industries started before New Industrial Policy but enjoying 3/5 year new Industry tariff concession did not suffer tax prior to September 1991 when the tax on consumption was introduced. The Government consider that exemption of additional tax on consumption be allowed for the unexpired period of 3/5 years and they accordingly direct that the concession granted in G.O.(1) read above, as amended in G.O.(4) read above, be extended to the new Industries for whom Three/Five years Tariff Concession was extended by Tamil Nadu Electricity Board, for the unexpired period of 3/5 years beyond 20—1—92 as the case may be.

As per the existing norms, High Tension Control and Metering Cubicles have to be provided by the Board for high tension service connections if the sanctioned demand exceeds 1000 KVA at 11 KV and 2000 KVA at 22 KV.

2. The Rule 50 of Indian Electricity Rules 1956 as modified from 8—2—86 says that an OCB should be provided by a H.T. consumer at the point of supply if their aggregate transformer capacity is above 1000 KVA for 11KV system and 2500 KVA for 22 KV system, but limited to 2000 KVA only for 22 KV system. The Rule 50 of I.E. Rules 1956 further states that if the point of commencement of supply and the consumer apparatus are near each other, the Circuit breaker near the point of commencement of supply shall be considered sufficient.

3. After terminating the Board's point of supply in the H.T. consumer's premises, the consumer has to avail supply within 15 feet from the termination of Board's point of supply by erecting necessary structure/Breakers.

4. As a H.T. consumer should provide Circuit Breaker at the commencement of point of supply providing another control and metering Cubicle within 15 feet becomes superfluous.

5. (i) After careful consideration of the above, it is hereby ordered that the provision of Control and Metering Cubicle by Board, in H.T. services with a sanctioned demand above 1000 KVA who are insisted to provide an OCB at the commencement of point of supply as per the modified I. E. Act, may be dispensed with.

(ii) H.T. metering sets with H.G. Fuse unit shall only be provided in H.T. services above 200 KVA availing supply from 11 KV to 33 KV level.

(iii) The control and metering cubicles already installed in H.T. services as per the earlier norms shall be permitted to serve its useful life after which these may be replaced with H.T. metering sets along with H.G. Fuse units. However upto 200 KVA at 11 KV and 22 KV, metering on Low Tension side shall be provided.

6. This order takes effect from the date of issue of this order. However, to those H.T. applicants for whom no metering cubicles have been erected and supply is yet to be effected the instructions in para 5 (ii) above shall be followed.

Thiruvalluvar Aandu 2025

Read :

1. Circular Memo. No. SE/EMC/EE3/AEE/D. 127/92 dated 26-6-92.
2. Minutes of the 710th Meeting of the Tamil Nadu Electricity Board held on 22-8-94. (Item No. 14).

Proceedings :

On Load Sanction, the High Tension applicants are advised to pay an Earnest Money Deposit (EMD) for the sanctioned load at appropriate tariff within 30 days of the communication.

2. A two months extension of time is also being granted, First extension of one month by the Superintending Engineer/Electricity Distribution Circle concerned and second extension of another month by the Chief Engineer/Distribution of the Region concerned for payment of Earnest Money Deposit provided the extension of time is applied for, by the applicant in advance before expiry date of payment granted for the initial period of 30 days.

3. Of late, it is seen that frequent representations for further extension of time beyond the period of extension granted by the Superintending Engineer/Electricity Distribution Circle and the Chief Engineer/Distribution for payment of Earnest Money Deposit requested by the H.T. applicant are referred to Headquarters.

4. In order to discourage the H.T. and L.T. applicant, from seeking further extension of time as in para (3) above, the following orders are issued.

4.1. Wherever an H.T. applicant seeks further extension of time for payment of Earnest Money Deposit beyond the date of expiry of extension of time granted by the Chief Engineer/Distribution of the Region concerned, a 'Non-refundable' fee at 2% on Earnest Money Deposit may be charged per month/part of month of extension of time to be granted and collected before referring to Board's Headquarters for granting extension of time. The H.T. applicant should seek such extension of time before the expiry of the already extended date.

4.2. Whenever a Low Tension applicant seeks further extension of time for payment of Earnest Money Deposit beyond the date of expiry of two months of extension of time already granted by the Executive Engineer (O & M) concerned, a 'non-refundable' fee at 2% on Earnest Money Deposit may be charged per month/part of month of extension to be granted and collected before referring to the Superintending Engineer/Electricity Distribution Circle concerned for granting further extension of time. The L.T. applicant should seek such extension of time before the expiry of the already extended date.

5. The High Tension and Low Tension applicants shall be informed of the above orders in para 4.1/4.2 respectively by suitably incorporating the same in the respective Earnest Money Deposit Advice letter being communicated to them on load sanction.

6. This order takes effect from the date of issue of this proceeding. However, if any H.T./L.T. applicant has already sought for further extension of time for payment of Earnest Money Deposit and received the application for extension before the date of this order, this order need not be given effect to those cases only.
