| Total including Mettur | | 939.60 | 1366.81 | (—) 427.21 |

IV. Performance of Thermal Stations :**(i) Tuticorin (5 x 210 MW):**

The details of generation at Tuticorin during March '94 were as follows :

| Unit | Availability factor (%) | Generation (M. U.) | Plant Load Factor (%) |
|-------------------|----------------------------|-----------------------|--------------------------|
| I (210 MW) | 100.00 | 155.070 | 99.25 |
| II (210 MW) | 90.43 | 131.290 | 84.03 |
| III (210 MW) | 100.00 | 143.750 | 91.99 |
| IV (210 MW) | 54.85 | 84.970 | 54.38 |
| V (210 MW) | 67.26 | 102.670 | 65.71 |
| Station (1050 MW) | — | 617.730 | 79.07 |

During the financial year 93—94, Tuticorin generated 5492.297 MU. The plant Load Factor of station A with 3 x 210 MW alone is 76.04 % with a generation of 4196.56 MU.

(ii) Ennore (2 x 60 MW + 3 x 110 MW) :

During March '94 Ennore generated 128.266 MU with a Plant Load Factor of 38.31 %. The Unitwise generation was follows :

| Unit | Availability Factor (%) | Generation (M.U.) | Plant Load Factor (%) |
|------------------|----------------------------|----------------------|--------------------------|
| I (60 MW) | 64.99 | 20.953 | 46.94 |
| II (60 MW) | — | — | — |
| III (110 MW) | 40.27 | 23.171 | 28.31 |
| IV (110 MW) | 63.51 | 34.956 | 42.71 |
| V (110 MW) | 88.60 | 49.186 | 60.10 |
| Station (450 MW) | — | 128.266 | 38.31 |

(a) Unit II shut down on 28-11-'93 for annual overhaul.

(b) Unit IV shut down on 28-3-'94 for annual maintenance.

During the financial year 1993—94 Ennore generated 1849.213 MU with a PLF of 46.91%.

Unit IV attained the highest generation of 583.294 MU during 93—94 since the inception of the P.H.

(iii) Mettur (4 x 210 MW) :

The details of generation at Mettur during March '94 were as follows :

| Unit | Availability Factor (%) | Generation (MU) | Plant Load Factor (%) |
|------------------|----------------------------|--------------------|--------------------------|
| I (210 MW) | 89.91 | 135.90 | 86.98 |
| II (210 MW) | 94.99 | 145.30 | 93.00 |
| III (210 MW) | 89.64 | 139.01 | 89.97 |
| IV (210 MW) | 92.34 | 141.86 | 90.79 |
| Station (840 MW) | — | 562.07 | 89.94 |

During the financial year 93—94 Mettur generated 5620.50 MU with a PLF of 76.39 %.

(iv) Coal Particulars for March 94 :

| Sl. No. | Particulars | Tuticorin | Ennore | Mettur |
|---------|------------------------------------|-----------|--------|--------|
| 1. | Coal linkage (Lakhs Tonnes) | 4.10 | 2.10 | 4.25 |
| 2. | Coal receipt (-do-) | 4.34 | 1.38 | 3.55 |
| 3. | Coal consumption (-do-) | 4.62 | 1.20 | 3.91 |
| 4. | Coal stock as on 31—3—'94 (-do-) | 0.93 | 1.99 | 3.25 |
| 5. | Coal consumption (Kg/unit) | 0.75 | 0.93 | 0.70 |

(v) Auxiliary consumption and oil consumption :

(A) March '94 :

| | Tuticorin | | Ennore | Mettur |
|---|-----------|------|--------|--------|
| | A | B | | |
| Auxiliary consumption (%) | 7.6 | 7.72 | 12.60 | 8.33 |
| Oil consumption (MLUG) (B) During '93—'94. | 0.71 | 0.83 | 5.80 | 0.557 |
| Auxiliary consumption (%) | 7.86 | 9.5 | 12.7 | 8.78 |
| Oil consumption (ML/UG) | 2.27 | 6.95 | 4.0 | 0.809 |

V. Training :

The following special training programmes were conducted during March '94 :

1. Training programme on Management Development Programme for Asst. Exe. Engineers conducted from 15-3-94 to 26-3-94 with 23 participants.
2. Training Programme on Stores Management for Stores Personnel conducted from 17-3-94 to 23-3-94 with 25 participants.
3. Financial Management for Executive Engineers conducted at IFMR from 28-3-94 to 2-4-94 with 24 participants.
4. 15 Engineers from Board deputed to Engineering Staff College of India, Hyderabad to attend the training programme on "Training for Trainers" from 15-3-94 to 28-3-94.
5. 5 Assistant Executive Engineers deputed for "Training Programme on Digital Protection of Power Apparatus and System and Semi Annual Paper Meeting of the Electrical Division" from 11-3-94 to 13-3-94 conducted by I.E.(I), Kanpur.
6. 40 Engineers deputed for Training Programme on Personal Computer conducted by M/s. Lan Eseda Computer Centre, Madras for 5 days in two batches from 7-3-94 to 11-3-94 and 21-3-94 to 25-3-94.
7. 20 Engineers deputed for Short-term Course on "Thermal Power Plant Pollution Monitoring" on 24-3-94 and 25-3-94 at MIT/Chrompet, Madras conducted by Appadurai Chair for Power Systems, Anna University, Madras-25.
8. 20 Engineers deputed for Short-term course on "Thermal Power Plant Instrumentation" conducted for 3 days from 21-3-94 to 24-3-94 at MIT/Chrompet, Madras by Appadurai Chair for Power Systems, Anna University, Madras-25.
9. 20 Engineers deputed for Short-term course on "Corrosion, Damages, Maintenance and Rehabilitation of Structures for 4 days from 28-3-94 to 31-3-94 at Anna University, Madras conducted by Appadurai Chair for Power Systems, Anna University, Madras-25.

VI. Revision of Tariff :

In G.O. Ms. No. 35, Energy (A-2) dt. 1-3-1994 the Government has revised the tariff rates which came into effect from 1-3-1994.

VII Counting of Military/War Service

In Memo. No. 3670-N1/94-2 dt. 5-3-1994, the Board has adopted the G. O. Ms. No. 903, Finance (Pension) Department dt. 31-12-93 according to which the Military/War service rendered should be counted for pension even to those retired prior to 13-5-1991 and they are eligible to draw consequential arrears with effect from 13-5-1991.

VIII. Agricultural Services—Issue of 90 Days Notice to Special Priority Applicants:

In Memo. No. SE/IEMC/EE3/AEE2/AE/FV36/D76/94 dt. 17-3-1994, the Board has ordered that all the wells coming under the Special priority category based on Government Orders and recommended by the authorities of the concerned departments have to be inspected by the AEE/AE before issue of 90 days notice in order to ensure that they are eligible for the Special Priority.

IX. Effecting of Additional Load for Agricultural Services coming under SFS:

In B. P. (FB) No, 74, Technical Branch dt. 10-3-1994, the Board has ordered that in respect of additional load in agricultural services under SFS, the estimated cost of extension for the additional load should be collected and supply extended on priority. A sum of Rs.150 per HP per year should also be collected.

X. Purchase of Stores—Purchase Preference :

In Circular Memo. No. SE/MMI/EE\$A3/FSCI&PI/D680/94 dt. 18—3—1994 the Board has communicated Government Letter No. 354/BPE/94-1 dt. 25—2—1994 wherein the Government has exempted the Tamil Nadu Electricity Board from the operation of the orders issued in para 4 (e) of the G. O. Ms. No. 330, Finance (BPE) Department dt. 3—5—1991 subject to that the TNEB should buy only from the registered SSI Units in Tamil Nadu by Open Tender.

XI. Enhancement of Initial Security Deposit and Change of Nomenclature of Security Deposit :

In B. P. (CH) No. 61, dt. 18-3-1994, the Board has ordered change of the nomenclature of security deposit as current consumption deposit and also revision of initial quantum of current consumption deposit for prospective HT/LT consumers.

XII. Revision of Miscellaneous Charges :

In B. P. (FB) No. 94, Technical Branch dt. 30—3—1994 the Board has ordered revision of miscellaneous charges for various categories.

XIII. Commissioning of New Units During 1993—94.

 v. Memo. (P) No. 62956/O & M Cell-I (4)/92-1, dt. 26-10-92.

It is noticed that there is undue delay in finalising the Disciplinary Proceeding/Enquiry Proceedings and its report by the Enquiry Officers concerned inspite of repeated instructions issued in the references cited. For example in a case, an enquiry officer has taken two years and nine months to complete the enquiry despite the case is not a complicated one warranting such abnormal delay on the part of the enquiry officer.

2. In order to avoid such delays, it is hereby instructed that whenever the enquiry officer is appointed to enquire into D. P. cases, he should see that the time schedule prescribed in B. P. Ms. No. 1485, dt. 5-10-78 and the flow chart prescribed in B. P. Ms. (Ch.) No. 142, S. B. dt. 13-4-87 to watch the progress of Disciplinary Proceedings cases and subsequent instructions issued there to from time to time shall be scrupulously followed in all Disciplinary Proceedings cases at all levels. The Chief Engineers concerned should monitor the Disciplinary Proceeding cases relating to the circles under their control whether they are being finalised within the time schedule and they should also send half yearly statement regarding all Disciplinary Proceeding cases to the Chief Engineer/Personnel with stage and progress. The Chief Engineer/Personnel in turn will consolidate the statements and submit to the Chairman once in six months for his information.

3. The receipt of this memorandum may be acknowledged.

Board's Proceedings Ms. No. 1070, dt. 27—5—72
Board's Proceedings Ms. No. 1815, dt. 12—12—75

Proceedings :

In the Board's Proceedings cited, the Board prescribed the authorities competent to award punishments under the Tamil Nadu Electricity Board Standing Orders in respect of workmen other than those engaged in clerical work appellate authorities for the workmen covered by the Standing Orders for non-clerical and also clerical and allied workmen and time limits within which appeals should be filed. It is considered that the orders in the Board's Proceedings cited may be revised and comprehensive orders covering all aspects may be issued in a single order.

2. Accordingly, the Tamil Nadu Electricity Board passes the following orders :—

- (i) The Authority competent to impose various punishments on the workmen under the Standing Orders shall be as indicated in Annexure-I to these proceedings. These orders are issued by the Board in pursuance of the provisions in S. O. 32(i) of the Tamil Nadu Electricity Board Standing Orders in respect of workmen other than those engaged in clerical work and S. O. 21(i) of the Standing orders for workmen engaged in clerical departments of the Tamil Nadu Electricity Board and in modification of the orders issued in the Board's Proceedings first cited.
- (ii) The Authority indicated in col. (2) of the statement in Annexure I shall also be competent to suspend and to frame charges against the workmen as mentioned in that column.
- (iii) The Authority with whom appeal shall lie and the time within which appeal shall be filed shall be as indicated in Annexure II to these proceedings. These orders are issued for the guidance of the Officers of the Board, who will pass final orders in disciplinary cases as the above are required to be indicated in the final orders in a disciplinary case vide S. O. 32 (vii) (h) of the Tamil Nadu Electricity Board Standing Orders in respect of workmen other than those engaged in clerical work and S. O. 21 (vii) (h) of the Standing Orders for workmen engaged in clerical Departments of the Tamil Nadu Electricity Board. These orders shall supersede the orders already issued in the Board Proceedings second and third cited.

6. This Branch Lr. No. 101895/R3-2/91-3, dt. 29-7-93.

I invite attention to the references cited wherein detailed instructions had been issued in regard to the procedure to be followed for processing the proposals for employment assistance to the dependants of Board's employees who die in harness.

2. In spite of these above instructions and guidelines, it is noticed that the proposals are not sent to this office in complete shape. The following discrepancies are noticed in most of the proposals received from the Superintending Engineers.

- (i) The date of birth of deceased is not furnished against the column provided in Annexure-II. In the absence of this column, it is not possible to ascertain whether the employee died while in service or after retirement.
- (ii) The age and educational qualification of the applicant should be furnished only after thorough verification, and genuineness. In doubtful cases the concerned educational authorities may be addressed and ascertained the genuineness of records especially the applicant possess VIII Std. passed or below qualification. It is also noticed that some of the educational qualification certificates produced by the applicants are from un-recognised schools. It should be ascertained and verified, whether the certificates produced by the applicants are issued by the recognised institution.
- (iii) The designation with official seal of the Enquiry Officer is not furnished.

3. I also invite attention to the B.P. (Per.) (Ch.) No. 330 (Adm. Br.) dt. 2-11-93 wherein clear instructions were issued with regard to ascertain the indigent circumstances of the families of deceased Board employees and these instructions contained in the B.P. should be followed scrupulously, while sending proposal with the necessary certificate from the Tahsildar regarding the property.

4. It is requested to adhere the above instructions strictly and send the proposals in complete shape after observing all conditions.

I request that the receipt of memo. may be acknowledged.

Copy of Letter No.60189/HBAI(1)/92-7, Government of Tamil Nadu, dt. 24.11.93 from Thiru L.N. Vijayaraghavan, I.A.S., Secretary to Government addressed to all District Collectors, all Heads of Departments, all Secretaries to Government, Madras - 9.

Sub: Loans and Advances - House Building Advance sanction of loan to Government
Servants - Inspection of Construction of Building - Instructions - Issued.

- - - -

It has been brought to the notice of the Government that one of the Government employees was sanctioned House Building Advance for construction of house and also an additional advance for its completion. The main advance was sanctioned during 1985 and the additional advance was sanctioned in 1987. The loanee Government Servant is reported to have furnished a completion certificate in 1988. On receipt of some allegations against the individual in regard to misuse of the House Building Advance Sanctioned for construction and for completion, it has been found that the advance has not been utilised for the purpose for which it was sanctioned. According to Rule 5(IV) of the rules relating to grant of advances to Government Servants for building etc., the balance of House Building Advance will be payable when the house has reached roof level, provided the HOD/Collector is satisfied that the development of the area in which the house is built is complete in respect of amenities such as water supply, street lighting, roads, drainage and sewerage. According to Rule 7(a)(i) of the rules relating to sanction of House Building Advance, the construction of the house or enlargement of the living accommodation in the existing house as the case may be shall be carried out in accordance with the approved plan and specifications on the basis of which the amount of advance has been computed and sanctioned and that the HOD/Collector may arrange to have an inspection carried out to verify the correctness of the certificates/reports. Had the disbursing authorities inspected the construction work at appropriate stages, the lapse mentioned above could have been averted.

2. All the Collectors/HODs/Disbursing Authorities are therefore requested to arrange for inspection of the construction or enlargement of houses, at appropriate stages by the concerned authorities to ensure that the advance sanctioned to Government Servants is utilised in full for the purpose for which it is sanctioned to them.

3. The Collectors/HODs are requested to initiate disciplinary action against the Officers concerned for their failure to inspect the construction of house/enlargement etc. at appropriate stages.

4. All the Collectors/HODs are requested to acknowledge receipt of this letter and to send a copy of this letter to all the disbursing authorities in their districts.

I am directed to issue the following clarification regarding the levy and collection of Profession Tax for guidance.

(i) LIABILITY TO PAYMENT OF TAX FROM 1.4.92

According to sub-section(3) of section 1 of the Tamil Nadu Tax on Professions, Trades, Callings and Employments Act, 1992, the Act shall be deemed to have come into force on the 1.4.92. As such the payment

ii) RECOVERY OF TAX IN MONTHLY INSTALMENTS:

According to rules of the Tamil Nadu Tax on Professions, Trades, Callings and Employments Rules, 1992, the drawing and disbursing Officers shall recover the half-yearly tax in the pay bills of the employees for the month of April or October of every year. According to rules, if the pay of an employee was not drawn during October or April the Profession Tax deduction shall be made as and when the pay of the individual is drawn subsequently. There are no provisions to recover the profession tax in monthly instalments.

iii) INCLUSION OF HOUSE RENT ALLOWANCE AND CITY COMPENSATORY ALLOWANCE FOR CALCULATING SALARY

According to Section 2(7) of the Tamil Nadu Tax on Professions, Trades, Callings and Employments Act, 1992 'Salary' includes pay or wage, Dearness Allowance and all other remunerations received by any person on regular basis, whether payable in cash or in kind and also includes perquisites and profits in lieu of salary as defined in Section 17 of the Income Tax Act but does not include bonus in any form or gratuity. As regards whether House Rent Allowance and City Compensatory Allowance come under perquisites and profits, as defined under Section 17 of the Income Tax Act, 1961, it is stated that the expression 'Profits in lieu of Salary' as defined in sub-section(3) of Section 17 of the Income Tax Act includes any payments due to or received by an assessee from an employer. The definition in sub-section (3) is a comprehensive one by virtue of which all payments made by an employer to an employee, whether made in pursuance of a legal obligation or voluntarily are brought under the caption 'Profits in lieu of salary'. By virtue of the inclusive definition contained in Section 2(7) of the Tamil Nadu Tax on Professions, Trades, Callings and Employments Act, 1992, House Rent Allowance and City Compensatory Allowance have to be included within the term 'salary' for purpose of collecting profession tax under the said Act.

According to entry I in the schedule to the said Act, salary or wage earners whose monthly salary or wage are Rs.1,500/- and above are liable to pay profession tax for the half year at the minimum and maximum rates specified therein. In view of the said provision the employees of the Board employed in areas covered by the Factories Act 1948 (Central Act LXIII of 1948) with a gross monthly salary or wage of Rs.1,500/- and above are liable to the profession tax and the tax is to be deducted from their salaries or wages as per the provisions of the Tamil Nadu Act 24 of 1992.

iii. Memo. (Permanent) No.74346/O&M Cell(4)/91-1, dt. 20.11.91.

In the Board's Proceedings read above, orders were issued among other things that when the staff serving in various offices of the Tamil Nadu Electricity Board Complex were deputed for official work within Madras City, they were eligible to claim actual expenses at the rates specified therein. Subsequently in September '90 the above orders were made applicable to all the employees of the Board serving in various offices situated within Madras City limits. In the reference third cited while issuing orders revising the rates based on the orders of the Government of Tamil Nadu, it was also ordered therein that in future, the employees of the Board who are deputed for official work within Madras City shall be permitted to claim actual expenses of Autorickshaw/Taxi charges prevailing at the time of claim consequent on revision by Government of Tamil Nadu.

2. Recently the Government of Tamil Nadu have revised the rate of Auto fare. The Superintending Engineer/Coimbatore Electricity Distribution Circle/South has also requested to clarify whether the actual

expenses at the rates paid to employees in Madras City may be made applicable to employees in other places also.

3. After careful consideration and in supersession of all the orders issued in this regard, it is hereby ordered that the employees of the Board deputed for official trip in Madras City or Mofussil areas shall be paid auto charges as indicated below or the actual expenses incurred by them whichever is less:-

(i) Plain Regions:-

- (a) Minimum Charge Rs.5.00 (for 2 Kms.)
(b) For every additional Kilometer Rs.2.50 per K.M.

(ii) Ghat Regions:-

- (a) Minimum Charge Rs.6.00 (for 2 Kms)
(b) For every additional Kilometer Rs.3.00 per K.M.

ENERGY DEPARTMENT

AMENDMENT TO THE SCHEDULE TO THE TAMIL NADU REVISION OF TARIFF RATES ON SUPPLY OF ELECTRICAL ENERGY ACT.

(G.O.Ms.No.35, Energy(A-2), 1st March 1994, Maasi 17, Srimuga, Thiruvalluvar Aandu-2025.)

No.II(2)/EGY/717(g)/94.

In exercise of the powers conferred by section 4 of the Tamil Nadu Revision of Tariff Rates on Supply of Electrical Energy Act, 1978 (Tamil Nadu Act I of 1979), the Governor of Tamil Nadu hereby makes the following amendment to the Schedule to the said Act.

2. The amendment hereby made shall come into force on the 1st March 1994.

AMENDMENT.

In the said Act, for the Schedule, the following Schedule shall be substituted, namely :—

THE SCHEDULE.

(See section 3)

PART A—HIGH TENSION SUPPLY..

High Tension Tariff I:

Registered factories, tea estates, textiles, railway tractions, fertilisers, Salem Steel Plant, Heavy Water Plant, Caustic Soda, Calcium Carbide, Aluminium and Potassium Chlorate and all other industrial establishments.

| Area. | Rate per KWH. | Rate per KVA of maximum demand per month. |
|-----------------------------------|-------------------|---|
| (1) | (2) (in Paise) | (3) (in Rupees) |
| Madras Metropolitan Areas | 220 | 85 |
| Non Metropolitan areas | 210 | 85 |

Tariff concession for High Tension Industries coming under High Tension Tariff I.—(a) In the case of new High Tension Industries to be set up in the areas other than the Madras Metropolitan areas, the following concessional tariffs shall be charged for the first three years from the date, the consumer is given service connection under high tension tariff I :—

| | |
|-----------------------------|--|
| For the First year | 60 per cent of the High Tension rates. |
| For the Second year | 70 per cent of the High Tension rates. |
| For the Third year | 80 per cent of the High Tension rates. |
| For the Fourth year | Full Tariff. |

The above concession shall apply to both unit rates and maximum demand charges. This concession shall not however, be applicable to an industry set up before the 3rd May 1989. The Concession shall not also be applicable to a consumer, who utilises power from his own generating units or makes other arrangements for production purposes and utilises the power supplied by the Board for auxiliary purposes only :

Provided that the High Tension Industries set up in any area (including industrially under developed area, notified as such by the Government) before the 3rd May 1989 which are availing tariff concessions or reduction under High Tension Tariff I as on the 2nd May 1989, shall continue to avail the said tariff concession or reduction until the expiry of the period of five years from the date the consumer is given service connection under High Tension Tariff I.

Explanation.—For the purpose of Electricity tariff concessions for new industries the term 'new industries' shall mean a new investment by any entrepreneur including by an existing industry in any area other than the Madras Metropolitan areas, provided the assets other than cash, of the existing industry, are not transferred and shown as assets of the new industry.

(aa) The tariff concession shall be applicable to expansion of industry also to be set up in any city, municipality, township or panchayat union limit other than the Madras Metropolitan areas in which the main industry is functioning, provided the assets, other than cash of the existing industry are not transferred and shown as the assets of the expansion :

Provided that the tariff concession shall be applicable only once, to a new industry or an expansion of the industry in the area comprising the satellite town of Maraimalai Nagar New Town developed by the Madras Metropolitan Development Authority, irrespective of whether such industry has availed of such concession outside the area of Maraimalai

Provided further that the concession for the expansion of industry shall not be applicable to the existing industry availing the concession for the additional load in the High Tension service for its expanded activity beyond the period of three years or five years, as the case may be, as specified in item (a) and the proviso thereto, respectively.

Explanation.—The term “expansion” shall mean an increase in production which results in an increase of 25 per cent or more in the consumption of electricity by the industry with reference to the highest electricity consumption of such industry in the three completed financial years preceding the application:

(a) A Low Tension Industry converted into a High Tension Industry is not eligible for the concession.

(b) New Industry to be set up in the areas other than the Madras Metropolitan areas which will work night shift only and existing industry, which is introducing night shift only between 9-30 p.m. of a day and 5.30 a.m. of the next day, shall be given a further concession of forty per cent of the appropriate rate for energy consumed during night shift only for a period of seven months from July to January during the period of five years. This concession shall apply to energy rat arrived at after giving the concession referred to in sub-item (a) for new Industries:

Provided that in respect of those having one day shift and one night shift, the night shift concession shall stand reduced from forty per cent to twenty per cent.

Explanation.—For the purpose of this clause “Existing Industry” means an industry which has not completed five years from the date the consumer is given service connection and which is still eligible to the concessional tariff rate.

(c) (i) The new industries to be set up in the Madras Metropolitan areas shall not be eligible for any tariff concessions.

(ii) If the consumer availing High Tension Supply under this tariff does not for any reasons, utilise the power load for more than thirty days, then the energy utilised in the service for lighting and non-industrial purposes shall be billed under High Tension Tariff VII.

(iii) In the case of supply under High Tension Tariff-I, the usage of electricity for bonafide purposes of lighting, heating and power loads in the residential quarters within the factory or estate premises shall be metered separately by the Consumer, taking High Tension Supply and paid for to the Board at Low Tension Tariff I. The units so metered shall be deducted from the total number of units registered in the main meter of the High Tension Supply for billing purposes.

High Tension Tariff II:

Recognised educational institutions, hostels run by recognised educational institutions, Government Hospitals, actual places of public worship, orphanages, public libraries, water works, public lighting and such other institutions declared by the Government from time to time.

General provisions applicable to consumers covered under High Tension Tariffs I to VII—

(i) Any High Tension Supply involving a sanctioned demand above 5,000 KVA plus 2 per cent marginal adjustment shall be given supply only at 33 KV, if available in the area or at EHT Voltage.

(ii) Time limit to avail supply at 33 KV or EHT Voltage—(a) *Category I.*—Existing High Tension Consumers, whose sanctioned demand exceeds 5,000 KVA have been given time limit upto 31st August 1985 to avail the supply at the voltage indicated in item (i) above.

(b) *Category II.*—Existing High Tension Consumers whose sanctioned demand is 5,000 KVA or less and who require additional demand by which the total sanctioned demand would exceed 5,000 KVA shall be given the additional demand only after they are ready to avail the supply at the voltage indicated in item (i) above.

(c) *Category III.*—New High Tension Consumers requesting supply for a demand above 5,000 KVA shall be given supply only at the voltage indicated in item (i) above.

(iii) *Extra Levy.*—(a) *Category I.*—In the case of existing High Tension Consumers whose sanctioned demand exceeds 5,000 KVA and who do not avail supply at the voltage indicated in item (i) within the stipulated period they shall be charged an extra levy of three paise per KWH over and above the normal tariff, for the entire energy consumed.

(b) *Category II.*—The existing High Tension Consumers whose sanctioned demand with the additional demand sanctioned exceeds 5,000 KVA may with the approval of the Board be allowed the additional demand at the high Tension Supply itself for a period not exceeding 12 months from the date of sanction of the additional demand, provided they agree to be charged the extra levy of three paise per KWH over and above the normal tariff for the entire energy consumed till they avail the supply at 33 KV or at EHT voltage as may be applicable.

(iv) *Power Factor/Low Factor Surcharge.*—In respect of High Tension Service connections, the average power factor of the consumers installation shall not be less than 0.90 lag. Where the average power factor of High Tension Service Connection is less than the stipulated limit of 0.90 lag the following compensation charges will be levied :—

| | |
|---|---|
| 0.90 lag and below and up to 0.85 | 1 per cent of the current consumption charges for every reduction of 0.01 in power factor. |
| Below 0.85 to 0.75 | 1½ per cent of the current consumption charges for every reduction of 0.01 in power factor from 0.90. |
| Below 0.75 | 2 per cent of the current consumption charges for every reduction of 0.01 in power factor from 0.90. |

Current consumption charges include the charges of recorded demand and the energy charges at notified tariff rate excluding concessions, if any.

The compensation charges for low power factor will be levied after three months from the date of coming into effect of this tariff notification.

(v) Billable Demand :

The maximum demand charges for any month and at the point of supply shall be based on the KVA demand recorded in that month or 100 per cent of the sanctioned demand whichever is higher. The above 100 per cent demand charges will be effective from June 1994 monthly reading onwards.

FAX MESSAGE

According to G.O.(Ms)No.35, Energy (A2) Department, dt. 1.3.1994, all HT consumers are to maintain a power factor 0.9 LAG from 1.6.1994 onwards.

All HT consumers (Tariff I to VII) may therefore be issued with a notice immediately to provide adequate compensatory equipments before 31.5.1994 if not already provided to bring the power factor to 0.9 LAG and above failing which they have to pay the following compensation charges from 1.6.1994 onwards.

| | | |
|----------------------------------|---|---|
| 0.90 LAG and below and upto 0.85 | : | 1% of the current consumption charges for every reduction of 0.01 in power factor. |
| Below 0.85 to 0.75 | : | 1½ % of the current consumption charges for every reduction of 0.01 in power factor from 0.90 |
| Below 0.75 | : | 2% of the current consumption charges for every reduction of 0.01 in power factor from 0.90 |

current consumption charges include the charges of recorded demand and the energy charges at notified tariff rate excluding concessions, if any.

Dated acknowledgement of each of the HT consumers should be obtained for having received the above notice.

Suitable instructions to all Superintending Engineers (Electricity Distribution Circles) may be issued so that the notice is issued to all HT consumers before the end of this week.

- i. G.O. Ms. No.145, (Public Works (U2) Department) dated 30.1.92 of Government of Tamil Nadu.
- ii. Item No.30 of minutes of the 699th meeting of Tamil Nadu Electricity Board held on 25.2.94

Proceedings:

The Government have introduced the Self Financing Scheme (S.F.S.) in G.O.Ms.No.145, Public Works (U2) Department dated 30.1.92 of Government of Tamil Nadu and have ordered that power connection may be given on priority to the agriculturists who are willing to pay the actual cost of extension or Rs.25,000/- whichever is higher and they shall pay electricity consumption charges at the rate of Rs.150/- (Rupees One hundred and fifty only) per Horse-power per annum.

2. The above G.O. does not cover the collection of cost of extension for effecting additional load to the agricultural services effected under Self Financing Scheme.

3. The Tamil Nadu Electricity Board after careful consideration directs that the estimated cost of extension for the additional load to the agricultural services effected under Self Financing Scheme may be collected and supply extended on priority. In addition to collecting the cost of extension, a sum of Rs.150/- (Rupees One hundred and fifty only) for each additional Horse-power should be collected per year.

Ch.'s Lr. No. 1196/IEMC/EE(T)/AEE/AE2/94-4, (Technical Branch), Dated 16.3.1994.

Sub: Electricity - Revision of tariff rates for supply of Electrical Energy to Municipal Licencess - Notice Issued.- Regarding.

Ref: G.O.Ms. No.35, Energy (A2) Department, dated 1.3.94.

The Government of Tamil Nadu in the G.O. cited (enclosed) have ordered revision of tariff rates to all the consumers including Municipal Licencess.

Accordingly, electrical energy supplied to the Municipal Licencess by the Tamil Nadu Electricity Board will be charged at the revised tariff with effect from 1.4.94 as indicated below.

High Tension Tariff-III (Licencess)

| | Rate per Kwh (in paid) | Rate per KVA of maximum demand per month (in Rupees) |
|---|------------------------|--|
| 45 percent on total power consumption | 100 | 50 |
| Remaining 55 percent of power consumption | 100 | 50 |

As per para IV of the General Provisions applicable to consumers covered under High Tension I to VII the average power factor of consumer installation shall not be less than 0.90 lag and compensation charges at the rates indicated in the G.O. will be levied if the power factor is less than the stipulated limit of 0.90 lag with effect from 1-7-94.

As per para (v) General Provisions applicable to consumers covered under High Tension I to VII the maximum demand charges for any month and at the point of supply shall be based on the KVA demand recorded in that month or 100% of the sanctioned demand whichever is higher. The above 100% demand charges will be effective from July' 94 monthly readings onwards.

The above rates are subject to revision and levy of surcharge and other statutory levies that may be enforced from time to time by the Central or State Government.

The Electricity tax on consumption of energy which is to be levied on the new tariff rates, wherever applicable, shall also be levied, collected and remitted to Government.

Receipt of this letter may please be acknowledged.

Sub: Electricity — Agricultural power supply under special priority—Inspection before issue of 90 days notice—Orders Issued—Regarding.

Ref: U.O. Note No. 42354/VCI/93-4/dated 18-2-94 from Inspector-General of Police (Vigilance) to Member (Distribution).

Inspector-General of Police/Vigilance has suggested in the reference cited to issue general instructions to cause strict inspection of the special priority wells before issue of 90 days notice.

The above matter has been examined and the following instructions are issued.

All the wells coming under special priority category based on some Government orders issued and recommended by the authorities of departments concerned have to be inspected by the Assistant Executive Engineers/Assistant Engineers/Junior Engineers before issue of 90 days notice, in order to ensure that they are eligible for the special priority. If any discrepancy is found, then the matter could be taken up with the authorities of the departments concerned who have recommended the cases for special priority. Supply to such cases can be extended only if they satisfy the conditions for special priority.

2/- In the G.O. first cited, among others, orders have been issued prescribing a system of purchase preference for purchase of stores etc. by Government departments/Public Sector Undertakings/Boards and Local bodies. Among the institutions in the priority list, SIDCO comes as fifth item as item (e) in respect of the products manufactured within the State and supplied thro' SIDCO under its "Market Assistance Scheme". In the reference second and third cited, Tamil Nadu Electricity Board has stated that the direct procurement from registered SSIs poses problems and as Tamil Nadu Electricity Board has a good procurement system it can undertake the procurement itself. Hence, the Chairman, Tamil Nadu Electricity Board has requested the Government to exempt the Board from the purview of operations of para 4 (e) of the G.O. first cited.

5/- The Government after careful consideration, exempt Tamil Nadu Electricity Board from the operation of the orders issued in para 4 (e) of the G.O first cited, subject to the following conditions:

- (i) Tamil Nadu Electricity Board shall buy only from the registered SSI Units in Tamil Nadu, scrupulously observing the product reservation for SSI :
- (ii) The purchase shall be made only on the basis of open tender.

Letter No. SE/IEMC/EE3/AEE2/AE/F V. 29/D.77/94, (Technical Branch), Dated 19—3—1994.

Sub: Eley-Extension of supply to agricultural pumpsets situated in the Banks of Bhavani and Cauvery River under Self Financing Scheme-Clarification issued—Reg.

Ref: Lr.No. DEVPI/F. Agrl/CR. 557/93/dated 25—1—94 received from SE/Kanyakumari EDC addressed to CE/D/Tirunelveli.

Adverting to the above, it is clarified that the orders issued vide Member (Distribution)'s letter no. SE/IEMC/EE3/AEE2/D.801/93/dated 18/19—11—93 instructing not to effect supply to the agricultural pumpsets situated within 200 metres from the river banks are applicable to all rivers in Tamil Nadu.

Member (Distribution).

Circular Memo No. IEMC/E2/A1/PC General/Weekly Holiday/D. 19/94 (Techl, Br.), Dt. 25-3-1994.

Sub: Flattening of load curve-Staggering of weekly holidays to even out the daily peak demand-Instructions to implement the scheme-Issued.

At present there are no restrictions on consumption of Demand and Energy by H.T. Industries. The H.T. Industries, which can afford to have weekly off, are observing the weekly holiday mostly on Sundays only. Consequent to these, the grid is operating without any cushion to meet any exigencies, and the difference in daily peak demand recorded in sundays and other days of the week is also high.

It has therefore become imperative to introduce some sort of effective demand management and hence it is ordered that the scheme of staggering of weekly holidays by H.T. Industries is enforced and implemented forthwith.

The Superintending Engineers of all Electricity Distribution Circles are therefore instructed that the scheme of having each day of the week as the weekly holiday by the different segments of the industries, may be got discussed with the H.T. industrialists in the respective areas and to arrive at a mutually agreed workable plan and to enforce the same at the earliest.

The Superintending Engineers may follow the following guidelines in evolving and implementing the workable plan on staggering of weekly holidays:-

(i) The intention of the scheme is only to stagger the weekly holidays already observed by the H.T. Industries. Hence, no industry, which is not in the practice of observing weekly holiday already, need be insisted upon to observe weekly holiday now.

(ii) The ideal plan of the scheme, shall be that the H.T. Industries in each Electricity Distribution Circle are divided into seven groups, with the aggregate Sanctioned Demand of each group being more or less equal, and each such group is asked to observe each day of the week as the weekly holiday. The strategy to be adopted by the Superintending Engineers in grouping the H.T. Industries, either "area-wise" or "feeding substation wise" and in enforcing the scheme, shall be aimed at the above ideal plan, as far as possible, to even out the daily peak demand, without much appreciable "lean" demand on Sundays.

(iii) In case of continuous process H.T. Industries which may not observe regular weekly holiday presently, but which may afford to have break in their process for any consecutive three or four days in a month, may be persuaded to observe four continuous holidays in a month. If there are more than one such continuous process industries in an Electricity Distribution Circle, they may be asked to observe "four days continuous holiday" in a month in such a way that each of such "four day continuous holiday" is different for each industry and are spread over a month.

The Superintending Engineers of all Electricity Distribution Circles are requested to bestow their personal attention in this regard and start implementing the scheme before the end of April 1994.

The receipt of this memo may be acknowledged and the programme of action to be initiated may be confirmed to the Superintending Engineer/IEMC, Madras.

P. Suresh Chander Pal,
Member (Distribution).
