In another case, the orders of Tamil Nadu Administrative Tribunal directing the completion of investigation by Director of Vigilance and Anti-corruption within one year was communicated by another Secretariat department ***nearly one year after*** the date of the Tamil Nadu Administrative Tribunal Order.
3. It is observed that often the departments of Secretariat/Heads of Departments do not bring to the notice of the Directorate of Vigilance and Anti-corruption in time the important stages as well as the outcome of the cases filed before Court/Tamil Nadu Administrative Tribunal/Central Administrative Tribunal, arising out of Director of Vigilance and Anti-Corruption enquiry. Such belated information hampers follow up action by Director of Vigilance and Anti-corruption.
4. In view of the above, all the departments of Secretariat and Heads of departments/Collectors are requested to keep the Directorate of Vigilance and Anti-corruption informed ***promptly and in time*** of the important stages as well as the outcome of cases filed before the courts or applications filed before the Tamil Nadu Administrative Tribunal/Central Administrative Tribunal arising out of Director of Vigilance and Anti-corruption enquiries/investigations so that effective follow up action can be taken up by the Directorate of Vigilance and Anti-corruption, wherever necessary. The Heads of Departments are requested to issue suitable instructions to their subordinates also in the matter.

Yours faithfully,

Sub: Establishment - RWE - Extension of Service beyond the date of retirement on superannuation - Re-employment - Instructions - Issued.

While approving the proposal of re-employment to a workman who was allowed to continue in service beyond the date of superannuation in Chidambaram Electricity Distribution Circle, the Full Board has observed that proposals of this kind are received in large numbers and this shows that officials concerned are not taking adequate care to maintain the service registers and watch the date of retirement of the employees under their control properly.

2. In such cases, regularisation of service has to be done necessarily by way of re-employment as the individuals are allowed to continue beyond the actual date of retirement on superannuation. In a number of cases, the following grounds are noticed.
 - i) Not verifying the records for the date of birth and not indicating the nature of the record verified (S.S.L.C certificate or any other certificate of qualification, Transfer certificate etc.) in the Service Roll.
 - ii) Omission of the Signature of the individual and attestation by the Officer in the Service Roll.
 - iii) Belated verification of the date of birth certificates produced by the employees.
 - (iv) Omission to follow the instructions issued in Chief Engineer/Personnel's Memo. No.125259/1318/S6(1)/86-1 dt.10.9.86 wherein it is ordered to launch a drive for updating the Service Roll and to permit the workmen to see their Service Rolls for verification once in a year.

- v) Record of the dates of retirement of the employees not maintained upto date and notice of retirement not issued to the staff as per instructions issued in B.P.Ms.(Ch)No.220 (Sectt.Br) dt.11.6.84, without giving room for extension of service beyond the date of superannuation.
- 3. In view of the above observation, the attention of the Superintending Engineers are invited to the Service Regulation and Leave Regulation Manual under Chapter III, General Conditions of Service Regulation 17 and Chapter X Regulations 110(a) & (b) and the Superintending Engineers are requested to ensure that a Register is maintained exclusively for this purpose and checked periodically.
- 4. The Superintending Engineers are requested to follow the instructions strictly as laid down in the Service Regulation and Leave Regulation Manual in order to curb extension of Service beyond the actual date of retirement on superannuation.
- 5. All the Superintending Engineers should ensure that such irregular extension of services are avoided at all costs and failure to do so will entail in severe Disciplinary Proceeding action.
- 6. The receipt of this Memo. should be acknowledged.

OLNEY AARON,
Chief Engineer (Personnel).

Further, reduction of subscription has also been permitted once a year viz., in the salary for the month of March payable in April.
