ANNEXURE

Copy of: Letter No.1763/BPE/99-1, dated 20.9.99 from Thiru L. Krishnan, I.A.S., Additional Secretary to Government, Finance (BPE) Department, Govt. of Tamil Nadu, Fort St. George, Chennai-9 addressed to the Chief Executive Officers of all State Public Sector Undertakings/Board.

Sub: State Public Sector Undertakings/Boards - Deputation of Personnel
from Central Government to State Public Sector Undertakings/Boards -
Procedure - Regarding.

It has been brought to the notice of Government that in one of the Statutory Boards of the State Government, Junior Audit Officer of a Central Government Department drawing pay in the scale of pay of Rs.2,200 – 4,000 has been appointed as Chief Audit Officer in the scale of pay of Rs.4,100 – 5,300 (pre revised) on deputation terms and condition without the specific approval of the State Government which has resulted in payment of salary and allowances against norms. Eventhough it is permissible under the terms and conditions of deputation of Central Government officials to State Autonomous Bodies to draw pay in the scale of pay of the post in which he is appointed, it is desirable that an officer holding a post in the equivalent cadre or atleast holding a post only one level below the post for which he is deputed is selected and appointed to that deputation post in the foreign body.

2. In this connection, I am directed to request you to ensure that wherever it has been decided by the State Public Sector Undertakings/Boards to appoint any of the Central Government employees on deputation basis to any post in the State Public Sector Undertakings/Boards, the person to be taken on deputation from the Central Government should hold an equivalent post in his/her parent department or at the most hold a post only one level below the deputation post of the foreign body.

3. I am directed to request you to adopt the above instructions in your Corporations/Board and make suitable provisions in the Service Regulations after placing the matter before their respective Boards.

Yours faithfully,

Sd./S.Raghavan,
for Additional Secy. to Government.

Electricity - Application of L.T. Domestic Tariff/Commercial Tariff to the common utilities for the
multistoreyed buildings/Residential Complexes - Ordered..

(Permanent) B.P. (FB)No.133

(Technical Branch)

Dated: 25.7.2000
Aadi 10, Vikrama,
Thiruvalluvar Aandu 2031.

Read:

1. Minutes of Officers meeting held on 22.5.2000 (item-4).
2. Item No.8 of Minutes of 832nd Board Meeting held on 17.7.2000.

Proceedings:

As per the existing rules, if the multi-storeyed buildings are utilised for only domestic purposes then the water pumping motor and the common lighting in the premises around the flats etc., will attract L.T. Tariff-IA (domestic) only. If the multi-storeyed buildings are utilised for domestic and non-domestic purposes, then the supply given to water pumping motor should be charged under L.T. Tariff-IX (presently L.T. Tariff-V).

Many flat owners have represented that in the case of multi-storeyed buildings/residential complexes, even if one single flat is utilised for commercial purposes, due to the adoption of commercial/general purpose tariff for the common utilities such as common lighting, lifts, water pumping motor etc., maintenance cost had increased considerably and hence requested for reconsideration.

To mitigate the hardship to the residents of such multi-storeyed buildings - Residential complexes, after careful consideration the Board directs to adhere the following procedure.

1. In respect of multi-storeyed buildings/residential complexes having both domestic/commercial utility and in the event the **number of Tenements/Flats** utilised for commercial purposes does not exceed 25% of total Tenements/Flats, in such cases the LT Services relating to common utilities such as common lighting, water supply motor, lift etc., be categorised under L.T.Tariff-I A.

2. In respect of multi-storeyed buildings/residential complexes where the **number of flats/ Tenements** utilised for commercial purposes exceeds 25% of the total number of Tenements/ Flats the L.T. Services relating to common utilities such as common lighting, water supply motor, lift etc., be categorised under L.T. Commercial Tariff (L.T. Tariff-V).
3. The authority for considering change of Tariff from L.T. Tariff-V to L.T. Tariff-IA, in such cases shall be vested with the Executive Engineers/O&M concerned and the change of tariff shall be effected by taking RTR after ensuring that the revised norms are satisfied.

The revised norms as above shall take prospective effect from the date of issue of the B.P. and past bills rendered under commercial tariff shall not be revised.

Member(Distribution).
