2. In the B.P. under reference cited (1), the Tamil Nadu Electricity Board directed that the existing minimum period of service of seven years as "Inspector of Assessment" prescribed for promotion to the post of Revenue Supervisor, shall be modified as three years. The Board Office Audit Branch during the course of verification of imprest Petty Cash Book and connected records in the Office of the Tirunelveli Electricity Distribution Circle in their Audit Slip Nos.171, dated 18.07.02 and 242, dated 26.02.02 has pointed out that the labour payments have been made from imprest, instead of by Chit Agreement by violating the instructions issued in Board's memorandum first cited by the Superintending Engineer/Tirunelveli Electricity Distribution Circle as mentioned below :-

Audit Slip No. & date	Office	Works	Period	Amount
171, dt.18.7.02	Tirunelveli EDC	Works relating to extension of services involving erection of poles etc. except the Section Offices attached to Vikramasingapuram Sub-Division.	4/99 to 3/01	Rs.2,18,466/-

The Board Office Audit Party has suggested to recover the labour payment made through imprest from the respective imprest holders and to intimate the recovery particulars to the Audit Branch.

2. The Superintending Engineer/Tirunelveli Electricity Distribution Circle in their letters fourth and fifth cited has clarified that none of the contractors have come forward to take up the minor extension works by executing the Chit Agreement and insisted to pay their labour charges daily according to their day to day works. In order to achieve the target fixed to the division to take up the minor extension works, the labour payment has been made daily from the imprest and such payment was unavoidable. Therefore the Superintending Engineer/Tirunelveli Electricity Distribution Circle has requested ratification for the above action for not effecting the recovery of the labour payment from the imprest holder. The request of the Superintending Engineer/Tirunelveli Electricity Distribution Circle has been carefully examined.

3. After careful consideration, it is hereby ordered that the action of the Superintending Engineer/Tirunelveli Electricity Distribution Circle for having made the labour payment for an amount of Rs.2,80,750/- (Rupees two lakhs eighty thousand seven hundred and fifty only) (Rs.2,18,466/- + Rs.62,284/-) through imprest instead of by Chit Agreement for the works mentioned in para 1 above as pointed out in two Audit Slip Nos.171, dated 18.07.02 and 242, dated 26.02.02 in violation of the Board's Memo. (Per.) No.36352/O&M-I(4)/97-1, (S.B) dated 20.12.97 is approved and ratified as a special case.

4. All Chief Engineers/Superintending Engineers are hereby instructed that in order to avoid further occurrence, the expenditure of labour payment for various capital works should not be made through imprest and to adhere the Board's instructions scrupulously in future. Any deviation in this regard will be viewed seriously.

The said proposal has been approved by the Board. Accordingly, the Tamil Nadu Electricity Board hereby issues the following guidelines to all the members of the Departmental Promotion Committees for strict adherence:-

I. EFFECT OF PENDENCY OF VIGILANCE ENQUIRY / CHARGES ON INCLUSION IN A PANEL FOR PROMOTION

SL. NO.	NATURE OF ENQUIRY/ CHARGE	EFFECT
1.	Preliminary of detailed enquiry undertaken by DV&AC/other D.P. authority.	Need not be held against the Officer/employee for inclusion in the panel.

This will be equivalent to charges framed under Reg.8(b) of TNEB Employees' D&A Regulations and charges framed to impose major penalties for the employees covered under both the sets of Standing Orders. Hence, it should be held against the officer/employee.

SL. NO.	NATURE OF ENQUIRY/ CHARGE	EFFECT
5.	Remittal orders issued by the Government directing the appropriate authority to initiate disciplinary action on receipt of the report.	Unless specific charges have been framed under Reg.8(b) TNEB Employees' D&A Regulations and charges framed to impose major penalties for the employees covered under both the sets of Standing Orders, the remittal orders issued by the Government need not be held against the officer/ employee. If the currency of punishment continues at the time of subsequent consideration for the next panel(s), he should still be passed over on the grounds that an officer/employee should not be considered for promotion or promoted during the currency of any punishment.

- III. It is further clarified that charges framed under Regulation 8(b) of the Tamil Nadu Electricity Board Employees' Discipline and Appeal Regulations and any of the punishments awarded after the crucial date but before actual promotion, shall also be held against the officer/ employee.

To

Sir,

Sub: Recovery of excess amount disbursed on account of Audit objection -
Instructions to follow the Principles of Natural Justice - Regarding.

- Ref: 1) Order of the High Court dated:30.10.2009 in the W.P.No.2423-
2425/2008.
2) Government letter No.72411/Finance (PGC) Department,
dated:17.2.2010 addressed to the Accountant General.
3) From the Accountant General D.O.Letter No.AG (A&E) Legal
Cell/WP.2423, 2424, 2425/2008, 1790/71471, dated:29.3.2010.

The Accountant General in his inspection note for the year 2004-05 has pointed out that Thiru.M.Sivaprakasam's pension was wrongly fixed at Rs.2910/- instead of Rs.2181/-, Thiru. M. Ganesan's pension was wrongly fixed at Rs.3757/- instead of Rs.2772/- and Thiru. L.N. Srinivasan's pension was fixed at Rs.3637/- instead of Rs.2762/- with effect from 01.04.1999 and the excess payment made to the individuals has been recovered from their pensionary benefits from July 2004 to April 2006. Aggrieved by this the individuals filed W.P.No.2423 to 2425/2008 and the Hon'ble High Court in its order dated:30.10.2009 has held that the amount has been recovered from the petitioners without any notice to them which can only be said to be an arbitrary exercise of power as opposed to the well established canons of justice especially in violation of the principles of natural justice. Accordingly the Hon'ble High Court has set aside the recovery orders on the Accountant General and directed to repay the amount already recovered, the petitioners. The Hon'ble High Court has also advised the Accountant General to revise the pensionary benefits of the petitioners after giving notice and sufficient opportunity to the petitioners. Government in the letter second referred based on the order of High Court has asked the Accountant General to revise the pension of the petitioners as per rules after giving notice and sufficient opportunity.

2. The Accountant General in the letter third referred above has pointed out that in a few cases even the reduction of pension has been struck down by the High Court applying the principles of natural justice. The recovery of excess paid amount on account of incorrect fixation of pay / pension not due to the misrepresentation of the individuals, but effected later on detection during audit, doesn't stand the test of judicial scrutiny in view of the pronouncement of the Supreme Court in the case of Syed Abdul Quadir and others Vs. State of Bihar. Besides, the Accountant General has stated that if the reduction of the benefits based on admissible pay as per rule 30 "Emoluments" of Tamil Nadu Pension Rule-1978 is quashed it would undermine the authority of the Accountant General who is the designated Audit Officer for the purpose of Tamil Nadu Pension Rules. The Accountant General has therefore stressed the Government for a need to devise a suitable mechanism by which fixation of pay made in respect of a Government servant is subject to audit check within a reasonable time so as to avoid huge loss to the state exchequer when the recovery is over turned. The Accountant General has also stated that mandatory provisions may also have to be made in the Tamil Nadu Pension Rules to ensure the authority of the Accountant General to refix the pay and pension while finalizing the pension proposals.

3. Government after careful examination of the suggestion of the Accountant General, in detail has observed that in various cases, the courts held the view that the excess amount paid was not because of any misrepresentation or fraud on the part of the Government Servant/pensioner and they have no knowledge that the amount being paid to them was more than what they are entitled to., In this connection it may be stated that the recovery made based on audit at a later date is not on the ground that the pay fixed is by fraud or misrepresentation with their knowledge etc. It is the primary function of the internal audit wings to find out the erroneous fixation. The order of the courts made the audit wings of the Government redundant. Further, the various orders of the courts in this regard, embolder wrong fixation, not worrying about recovery in future since the recovery can be shielded under the umbrella of the court orders. Even though recovery has been quashed by Hon'ble High Courts, I am to state that there are decided cases in which recovery has been upheld. In Union of India Vs. Sujatha Vedachalam (2000(9) SCC 187) the Hon'ble Supreme Court did not bar the recovery of excess pay, but directed recovery in easy installments. Similarly in Government of India & others Vs. Col. (Retired) B.J. Akkara (Transfer case (Civil) No.72 of 2004) it has been held that the petitioners who have obtained orders of interim stay have been receiving excess pension even after the clarification contained in the circular dated: 11.9.2001 and that they are bound to refund the excess received after 11.9.2001. Hence it is a settle principle that a decision in a case is a precedent on its own facts and each case presents its own features. The only thing in a decision that is binding on a party is the principle upon which the case is decided as held by Hon'ble Supreme Court in Oriental insurance Co. Ltd. Vs. Smt. Rajkumari & Others (case No. Appeal (Civil) 5209 of 2007).

4. The Accountant General has stressed the Government for a need to devise suitable mechanism by which fixation of pay made in respect of the Government servants is subject to audit check with in a reasonable time so as to avoid huge loss to the State exchequer when the recovery is over turned. Subjecting the pay fixation of Government Servants to 100% audit check not feasible as it requires parallel establishment setup of audit wing. As suggested by the Accountant General a mechanism has to be evolved. In the meantime, Government directs that whenever wrong fixation is noticed responsibility should be fixed on the persons concerned for such wrong fixation and applying the principle of natural justice the recovery should be made only after giving due notice and sufficient opportunity to the individuals. Government also emphasise that fixing responsibility for the erroneous fixation is primary important and action should be taken against the persons responsible for such erroneous fixation. Further, in this respect attention may also be invited to the clarification issued by the Government of India in the U.O.No.728 EV(A), dated 7.2.78 wherein the pensioners relief is not covered by the Pensioners' Act and hence there is no objection to the recovery of Government dues to the entire extent of Pensioner's relief. Accordingly, the Government in G.O. (MS) No.702 Finance (Pension) Department, dated 7.10.88 has directed that Government dues including overpayment of

pension/Family Pension can be recovered from Dearness Allowance/ Additional Dearness Allowance on Pension / Family Pension without the consent of the Pensioner/Family Pensioner.

K. Shanmugam,
Principal Secretary to Government.
