Letter No.71907/C31/2010-1, (Secretariat Branch) dated 14.9.2010.

Sub: Legal Cell - Seeking opinion of Legal Cell - Method of Earlier Instructions issued - Reiterated.

Ref: 1) Chairman's Circular in Memo.No.66111/LC-2/84-1, dt.7.10.1984.

2) Legal Cell Lr.No.48594/LC2/96-1 (BOSB) dated:27.7.1996.

In the Circular Memo. first cited, instructions have been issued to the effect that the subordinate offices should address their references only to the concerned branch of Board viz. Secretariat Branch, Administrative Branch, Technical Branch, Accounts Branch or Audit Branch, as the case may be, and such branch concerned will examine the issue with reference to the rules and regulations and the previous papers, if any, in the first instance. If there is any point on which the advice of the Legal Cell is required, such branch concerned should obtain the orders of the officer incharge and then refer the matter to the Legal Cell. Thereupon, the Legal Cell will render its opinion to the branch concerned for further action and the branch will communicate the decisions/instructions to the subordinate office concerned. However, the said instructions does not bar the subordinate offices to send references directly to Legal Cell seeking approval of counter affidavit, written statement, etc. to be filed in Courts, seeking opinion to file appeal, etc. against the orders of lower Courts and seeking permission to engage advocates on behalf of the Board. In short, crux of the said circular, inter-alia, has been that the subordinate offices should not, in general, directly address any reference (except the above mentioned) to the Legal Cell and the same has been reiterated in Legal Cell letter second cited.

2. However, very often, the subordinate offices are making references to Legal Cell directly without sending such references to the branch concerned of the Board; without mentioning the rules, regulations, instructions, orders, etc. in force; and with bereft of even factual particulars. Further, some of the said branches of the Board are also issuing directions to the subordinate offices to directly address the Legal Cell for opinion and to take further action accordingly. The aforesaid actions of the subordinate offices and branches of the Board are not only contrary to the Chairman 's Circular Memo., first cited it causes

day-to-day difficulties to the Legal Cell in discharging the assigned actual duties. In order to mitigate the situation and in order to maintain quality and quantity of work at each level, the very concept of issuing such instructions/orders is to be honoured in letter and spirit. Accordingly, it is hereby informed that the cases referred to the Legal Cell not in conformity with the said instructions will not be entertained and therefore it is requested by Legal Cell that all officials concerned may bestow their personal attention to honour the aforesaid instructions, for better implementation and result. This will facilitate the offices/officers in all level to maintain absolute time discipline and save man power and curtail unnecessary expenditure caused to the Board.

3. Therefore, I am to request you to follow the instructions issued in the Circular Memo, first cited scrupulously. I am also to request you to circulate this instructions to all the officers/offices under your control for strict adherence.

A. Arunagiri,
Legal Adviser.

Sub: Establishment – Tamil Nadu Electricity Board – Submission of files to officers – Instructions – Issued.

Ref: From the Chairman's Desk No.145/2010, dated 21.09.2010.

Of late, it is observed that many a time the Notes/Drafts put up by various offices, are typed and put up based on the higher officers' directions/ decisions and are signed by all the officers from the bottom level to the top level. In view of the above, it is hereby instructed that all the officers should submit the files as initiated by the first level officers along with the remarks/recommendations of higher level officers as they are made, so as to correctly bring out the factual position on the subject and also help the decision making level to fully acquaint with and make relative assessment of the varying view points.

Sub: Tender - Stipulation of financial turnover criteria Arbitration clause -
Certain instructions - Issued - Reg.

Ref: Minutes of 018th BLTC Meeting for TANTRANSCO held on
28.7.2010.

In the Minutes of BLTC meeting cited under reference it has been directed that the commercial conditions stipulated in TNEB Tenders like financial liability and arbitration may be studied further. After such study, the following instructions are issued:-

2. In regard to financial turnover criteria, it is reiterated that the existing practice of 25% of the estimated value of tender in any one of the immediately proceeding 3 financial years for ensuring the financial liability/financial soundness of the bidder may continue to be stipulated.

(a) In regard to stipulation of arbitration clause for referring any dispute arising in respect of any contract, it has been observed that arbitration as a dispute settlement mechanism may not be suitable in view of huge cost involved by way of expenses to the arbitration proceedings. Further, in the arbitration proceedings, the aggrieved party is entitled to file appeal before the competent court for the reasons specified in Sec.34 of the Arbitration and Conciliation Act 1996, as a result subsequently petitions are filed before the competent Courts seeking to set aside such awards.

(b) Hence it has been decided that existing clause for jurisdiction for the legal proceedings may be continue to be stipulated in the tender documents. The necessary undertaking towards jurisdiction for Legal Proceedings may also be obtained in non-judicial stamp paper of appropriate value along with the offer.

(c) All Tender Inviting Authorities are requested to adhere to the guidelines as above and to incorporate in the tender documents appropriately.

C.P. Singh,
Chairman.

The Honourable Tamil Nadu Electricity Regulatory Commission in the reference 5th cited have issued orders for permitting open access power as additionality but limited to the sanctioned demand of the consumer.

2. Based on the above, the following working instructions are issued for fixing TNEB demand and energy quota.

1. The TNEB base demand / base energy as worked out on the basis of circular dt.17.11.2008 shall remain.

Procedure for working out TNEB base demand & base energy and fixing of quota:

TNEB Base Energy consumption calculation:-

- Base energy consumption as illustrated in working instructions dated:1.11.2008. A
- Actual monthly average energy portion from captive sources (thermal, wind, biomass etc.) / third party sources during the three consecutive months taken for calculation of base energy. B
- The actual energy availed by the consumer from TNEB, $C : A - B$
- The TNEB energy quota for the consumer, D $(C \times S/100) = D$
where 'S' is the percentage to be allowed as applicable.
- TNEB Evening Peak hour energy quota = 10% of D

TNEB Base demand calculation:-

- The base demand as illustrated in working instruction dated: 1.11.2008 : E

- ii) Calculated demand for the captive sources (thermal, wind, biomass etc.)/third party sources for the month taken for calculation of base demand : F

$$((F = \text{Energy supplied by Captive / third party sources in a month} / (\text{No. of days in the month} \times 24 \text{ Hrs.} \times \text{PF}))$$
- iii) Actual demand supplied by TNEB to the consumer, $G : E - F$
- iv) TNEB demand quota for the consumer, H : $(G \times S/100)$
 Where 'S' is the percentage to be allowed as applicable.
- v) TNEB Evening Peak hour demand quota : 10% of H

3. The Quota is to be fixed and intimated to the consumer for the TNEB supplied power (D & H) and the evening peak hour energy and demand quota only.

4. Procurement through Open access will be treated as an additionality. The ceiling, up to which a consumer can utilize power including the TNEB quota demand, captive power and third party purchase would be the sanctioned demand.

5. There would be no need for advance declaration by the consumer for the wheeling of captive power as stipulated in SMP No.1 of 2009 or procurement of third party power as stipulated in the Interim order dated 17.8.2010, communicated in Memo.No.CE/Comm/EE/DSM/AEE1/F.R&C/D.332/2010, dt.28.8.2010.

6. The equivalent demand brought in by the consumer from captive and third party sources should be subtracted from the maximum demand recorded by the meter of the consumer. Balance would be the demand actually supplied by the TNEB. If this figure exceeds the quota demand of the TNEB, the consumer would be liable to pay excess demand charges at the rates stipulated in the order of the Commission in M.P. No.42 of 2008.

7. Similarly, the energy brought in from captive and third party sources would be subtracted from the total energy consumed by the consumer. The balance would be deemed to be the energy actually supplied by the TNEB. If this quantum exceeds the energy quota of the TNEB, the consumer would be liable to pay excess energy charges at the rates stipulated in the order of the Commission in M.P.No.42 of 2008.

8. The need for advance declaration of the consumer for procurement of power through open access is dispensed with.

9. The consumer shall not exceed demand/energy quota fixed for the TNEB power for any reasons, either due to outage of generator of their supplier or short supply from their supplier, etc., it is their responsibility to monitor this with their generator.

10. This order shall come into force from 17.8.2010.

11. For the above procedure, the detailed billing & working procedure will be evolved and communicated by the CFC/Revenue.

C.P. Singh,
Chairman.
