Sub: Filing and defending cases before the Courts and Regulatory
Commissions - Further instructions - Issued.

- Ref: 1) Legal Cell Lr.No.03298/LA/L.C./96-1, dt.12.01.1996.
2) Cir.Memo.No.88187/C31/2010-1, dt.10.11.2010.

of 2011/Clover Energy/D.No.1499/2011, dt.18.11.11.

In the Legal Cell letter under reference first cited, various instructions and guidelines issued from time to time in the matter of filing and defending of cases were compiled and forwarded to all the Chief Engineers and Superintending Engineers for adherence.

2. In the Circular Memo. under reference second cited, specific instructions have been issued, inter-alia, for maintenance and furnishing of connected records to the Courts/Regulatory Commissions; maintenance of a separate record/Diary for each case indicating every development of the case; and ensuring entrustment of the cases to suitable officials who are capable of rendering all assistance to the Standing Counsel/Counsel on Record to facilitate smooth conducting and proper adjudication of the cases.

3. While so, the Secretary, Tamil Nadu Electricity Regulatory Commission in his letter under reference third cited communicated the observations of the Commission in a particular case heard on 03.11.2011, wherein the Commission after taking a serious view of the delay in filing counter affidavit despite granting adequate time of four weeks to the TANGEDCO and the tendency to file the counter affidavit belatedly without filing a petition in time praying the Commission to extend the time limit held that it is an unacceptable one and is to be deprecated in strongest terms. Further, instances have come to notice that the officials, in some occasions, in the habit of not properly briefing the Standing Counsel concerned and, at times, briefing minutes before the actual hearing of the case.

4. The Regulatory Commission is a statutory body and an adjudicator under the Electricity Act, 2003. As observed by the Commission, the non-filing of counter affidavit in time or filing the same belatedly without praying to grant further time to file counter in advance are, no doubt, very serious issues and the same ought **not** to have been practiced.

5. The cases filed before the Regulatory Commission(s) generally involves policy, pure technical/accounting issues, issues affecting adversely the exchequer of the Corporations substantially, etc. Considering the same and also in view of the adverse financial position being experienced of late by the Corporations, the Head of the Department concerned or the officer concerned of the Circle/Region/Branch are hereby directed to personally ensure that the Standing Counsel/Counsel on Record/any expert engaged to present the case are properly/adequately briefed with complete details required for the case at the time of handing over of the brief history of the case, para-war remarks to the petition filed against the Corporation together with the connected records, so as to ensure the interest of the Corporations, to enable such Counsel to present the case more effectively and enable the Commission to adjudicate the issue in its proper perspective. Any deviation or dereliction on the part of the officials noticed in this regard will be viewed seriously.

Read: Extract of the minutes of the 19th Meeting of the TANGEDCO held on 15.11.2011. - Item No.8.

Proceedings:

In the Budget Speech for 2011-12, GOTN has proposed to take up the replacement of 40 year old existing 5 units of ETPS (450 MW) with a single unit of 600 MW at a cost of Rs.3600 Crores either under State Sector or through Joint Venture.

It is estimated that around 90 acres of land could be made available for setting up of new replacement unit in addition to the already proposed ETPS annex (1 x 600 MW) after dismantling the existing Units of ETPS.

The said land and also all the systems proposed for ETPS annex viz., coal handling system, raw water, cooling water system could be beneficially utilized for setting up of a new unit of 600 MW capacity under State sector. The existing Ash dyke is sufficient for both the Annex unit and the new unit of capacity 600 MW.

Under the above circumstances, Board has accorded approval for the following:

- Setting up of new power plant of 1x600 MW Capacity "ETPS Replacement" in the ETPS complex duly replacing the existing units by TANGEDCO itself under State sector in addition to the Ennore Annex unit (1x600 MW) in the pipeline.
- To incur expenditure of about Rs.25.00 Lakhs for the initial development study like EIA Study etc.
- To approach GOTN for getting necessary orders for the establishment of the project under State sector.
