DSM - Non-feasibility of availing benefits under Clean Development Mechanism (CDM) for the proposed 12 Nos. Bagasse based co-generation plants in Co-operative and Public Sector Sugar Mills - Approved.

(Per) F.B. TANGEDCO Proceedings No.33,

Dated the 06th February, 2013.

1. B.P. (FB) No.136 (Technical Branch) dated 26th October 2010.
2. Extract from the Minutes of the 10th meeting of the TANGEDCO BLTC held on 19.01.2011.
3. Per. CMD TANGEDCO Proceedings No:146 (Technical Branch) dated 30th April 2011.
- 4) Extract from the Minutes of the 34th meeting of the TANGEDCO Board held on 30.01.2013 (Item No.30).

Proceedings:

The Board vide B.P. first cited had approved the proposal of availing benefits under Clean Development Mechanism (CDM) for the 12 Nos.f Bagasse based co-generation plants proposed in the Co-operative and Public Sector Sugar Mills, by incurring an approximate expenditure of Rs.12.24 Crores.

Subsequently, it was directed by the TANGEDCO BLTC vide ref.2nd cited to re-examine the eligibility of the proposed 12 Nos Cogeneration plants under CDM holistically and to come back.

Approval was also accorded vide ref.3 cited to engage a consultant for preparing the pre-feasibility report on a sample basis for two bagasse based co-generation plants (One with boiler pressure of 87 Kg/Sq.cm and other with 110 Kg/Sq.cm) of the proposal 12 bagasse based co-generation plants, prior to pursuing the projects under CDM.

After the pre-feasibility study and re-examination, the TANGEDCO Board was apprised of the critical issues such as need of firm commitment on the usage of coal, declining trend and slashed prices of Certified Emission Reductions (CERs) resulting in low revenue realization etc.

Accordingly, the TANGEDCO Board after careful consideration has approved the proposal of the Special Officer/Energy Conservation for not pursuing the 12 Nos. Co-generation plants proposed in the 10 Nos. Co-operative Sugar Mills and 2 Nos. Public sector sugar mills under the Clean Development Mechanism (CDM).

TAMIL NADU GENERATION AND DISTRIBUTION CORPORATION LTD
Report to accompany the (Per) CMD TANGEDCO Proceedings No. 84 dt.
27.02.2013.

Proposal to send messages through SMS to consumers regarding their current consumption charges and due date of payment, at an estimated cost of Rs.14,62,000/- was approved by the CMD.

Accordingly administrative approval was issued vide (Per) CMD TANGEDCO Proceedings No.231 dt. 31.07.2012 for engaging an SMS provider and for Hardware and Software requirements for a value of Rs. 14,62,000/-.

Open tender for provision of SMS gateway services for outbound messages from TANGEDCO's on line payment application for a period of one year was floated and the same was lodged as the qualified bidders backed out citing the prevailing market changes due to additional IUC charge being applied between mobile operators as per the regulation made by TRAI (Telecom Regulatory Authority of India). Hence, a revised estimated has been evolved.

In this regard, in order to limit the expenditure to TANGEDCO, it is suggested that two SMS may be sent instead of three SMS, as approved earlier for one consumer in one billing cycle. At present there are 18 lakhs consumers who have registered their mobile numbers for online payment for both cycles and considering the present rate of raise in registering, another 12 lakhs consumers are expected to get registered. As such, the expected 30 lakhs consumers may be divided into two categories viz., odd month consumers and even month consumers which would require SMS to be sent to 15 lakhs consumers every month.

It is also proposed to send the first SMS to all the 15 lakhs consumers every month immediately on uploading the assessment details and the second SMS may be sent 3 days before the due date of the non-payers only by way of reminder. Normally, about 30% of the consumers remit their CC charges after 17 days from the date on which the Meter reading was taken. In such a situation, the second SMS would be required to be sent to only 30% of the 15 lakhs consumers, i.e., only 4.5 lakhs numbers of SMS and this would reduce the expenditure.

Under such circumstances the following is the estimated expenditure involved in providing SMS service (based on the techno commercial proposal submitted by M/s. Unicel Technologies Pvt Ltd., Bangalore, who is providing SMS service to M/s. Indian Bank,) to the consumers.

Description	Qty	Unit Price (INR)	Monthly exp. (INR)	Annual Exp (INR)
(1)	(2)	(3)	(4)	(5)
One time Application setup charges	1	5000.00	5000 (one time)	5,000.00

SMS charges for Registered consumers (per cycle)	15+4.5 lakhs	0.20	3,90,000	46,80,000.00
