In the Government Order read above, while emphasising the need and circumstances for pursuing simultaneous departmental action, when the criminal case for the official misconduct of Government servant is pending in the Court of Law, instructions were also issued in taking decision on initiation of departmental disciplinary action and placing the Government servants under suspension when a criminal case which is in no way connected with the official duties is pending.

2. As the said instructions were issued in 1983, the disciplinary authorities from various quarters raised doubt, as to whether it is mandatory to place the Government servants under suspension while allegations/complaints are received of First information Report is filed for criminal offences alleged to have been committed by them in private capacity.

3. As indicated in the Government Order read above, placing of Government servants under suspension is to serve as a provision available to the disciplinary authorities to be exercised within the scope of their discretion A Government servant should be placed under suspension only if his continuance in office will be clearly

detrimental to the public interest. The aspects to be borne in mind by the disciplinary authority while exercising the discretionary power to place such Government servants under suspension would relate to the circumstance of the incident nature of complaint, gravity of offence, seriousness of the charge, stage of the criminal case etc,

4. The Government have examined the issue in detail and decided that para 2(i) of the G.O.(Ms) No.124, Personnel and Administrative Reforms (N) Department, dt.22.02.1983 shall be substituted with the following instruction and order accordingly: -

Para 2 (ii) of the G.O.(Ms) No.124, Personnel and Administrative Reforms (N) Department, dated 22.02.1983, holds good, as it is.

Kindly refer the above letters, wherein the detailed guidelines were issued for engaging consultancy services in order to rectify the TDS defaults prevailing in various TANs of the Circles and to avoid Tax demand in TDS viz. 24Q (Salary), 26Q(Other than Salary) 27EQ (TCS). It was repeatedly requested to meticulously monitor the rectification progress so as to push forward the issue.

In the reference (9) cited above, a comparative chart on the TDS default as on 13.06.2018 and 05.05.2018 have been communicated and TAN-wise rectification status were called for. But the status report has not yet been received from many regions and the demands have increased for few Regions. The remarks on status of report and default as on 16.11.2018 are furnished below: -

Sl. No.	Region	Status of report	TDS defaults as on 16.11.2018 (Amount in lakhs)	TDS defaults as on 21.07.2018 (Amount in lakhs)
1.	Chennai North	Not yet received	557.92	414.50

12.	GTP Stations	Received	23.16	23.21
13.	Head Quarters		63.14	66.26
		Total	2036.12	1882.58

It is seen from the Aggregated TDS compliance report as on 16.11.2018, most of the TANs have shown sluggish progress in TDS default rectification and increase of demand. The TAN-wise outstanding report of demand is enclosed.

While reviewing the Compliance report received from the Regions, it is seen that some of TANs are not available in the Aggregated TDS compliance report which was downloaded from TRACES. Hence, it is requested to confirm whether all the TANs of the Region is available in the TAN-wise report attached, the left out TANs may be informed to Head Quarters.

Further, the increase in TDS default amount is due to defaults occurring in TDS returns of Financial Year 2017-2018 and I & II Quarter of the Financial Year 2018-2019 in many TANs. It is requested to advise the Superintending Engineers under your control to instruct the Officers/Staff who are dealing with TDS return filing to take utmost care while filing e-TDS returns and review the TDS defaults in their Circle on quarterly basis. The CPC – Income Tax Office (TDS) issues notice demanding interest, short deduction, late fees etc. on each filing of the TDS return. The Officer/Staff may be instructed to monitor such notice and take action for correcting the defaults intimated in the notice.

It is requested to instruct the Superintending Engineer for sending the list of TANs in which all the TDS rectification work is completed and only Interest and Late filing fee is due to be paid for belated remittance of Income Tax and Late filing of TDS returns. The

report is required for getting approval for payment of Interest on Belated remittance of TDS u/s.201 since it is a statutory liability and to address Income Tax Department for getting waiver for Late filing fee u/s.234E and Interest thereon u/s.220(2) from Head Quarters side. The proposal on Interest due and Penalty for late filing may be sent to Head Quarters for taking final decision/approval.

The details of demand in the TDS returns for each TAN is available in www.tdscpc.gov.in. It is hereby informed that such Interest/penalty for any non-compliance of TDS provisions shall not be borne by TANGEDCO from 01.04.2018. Hence, the Staff/Officer may be instructed to watch the demands from 01.04.2018 and take corrective actions otherwise the same will be recovered from the concerned Staff/Officer who is responsible for non-compliance. The Year-wise, TAN-wise pending TDS default statement is enclosed.

Besides, as per the approval of CMD/ TANGEDCO, the Chief Engineer are requested to arrange to include one training session (for a duration of 2 to 3 hours) on the importance of timely filing of TDS returns and monitoring the TDS defaults in all existing training programmes covering all the Drawing and Disbursing Officers in the Circles through the Training Centers located at various Regions of TANGEDCO. Such training may also be extended to TANTRANSCO Drawing and Disbursing Officers and their Staff.

It is requested once again to take effective steps for rectification of huge defaults in an expedited manner and also furnish the TAN-wise progress on rectification of TDS defaults as on 31.10.2018 to Head Quarters on or before 05.12.2018 without fail as the progress is monitored by the Statutory Auditors who are insisting to make provision for TDS demands as on 31.03.2018.

On mixed/hybrid communication technology. It is intended to adopt RF mesh network for thickly populated areas and Cellular network (GPRS/3G/4G) for areas with scattered population.

A Proposal covering 1.27 lakh consumers was submitted to Chennai Smart City Ltd. (CSCL) on 17.09.2018 for an amount of Rs.112.75 Crores. TANGEDCO Presented its case at the 6th Smart City High Powered Project Sanctioning Committee (HPPSC) meeting held in the Old Conference Hall, Secretariat on 12.10.2018 at 5.00 PM under the Chairmanship of Additional Chief Secretary to Government, Finance Department, GoTN.

In continuation, M/s. CSCL has communicated the minutes of the HPPSC meeting stating that the Committee, in respect of above, has approved the project cost of Rs.86 crore subject to the condition specified in the appraisal report.

Project Scope:

The project scope for AMI solution for Implementing Smart meters shall comprise of design, supply, installation, commissioning, integration and maintenance of the AMI system in T.Nagar area under Smart City program covering around 1.41 lakhs consumers. The original proposal submitted and approved is for 1.27 Lakh Consumers. However, taking into consideration the Consumer growth, the total Consumers have been revised now to 1.41 Lakhs as per field statistics. Accordingly, revised detailed estimate has been evolved as per Annexure-II

The Major components involved are:

1. Smart Meters, DCUs (RF), Modems (HT, DTs, Ring Fencing), DCUs (Substations).
2. Network connectivity.
3. IT Hardware and Software for TANGEDCO Data Centre/Chennai and DRC at Madurai.

The revised detailed estimate works out to Rs.118 crores (excluding taxes) as per Annexure-II. As only Rs.86 crores has been approved by HPPSC, GoTN., the remaining amount shall be borne by TANGEDCO since, CSCL has instructed that the project cost over and above Rs.86 Crores (as a grant) shall be met From the TANGEDCO funds. Further, TUFIDCO during the meeting has stated that (i) the consumer count should not be reduced below 1.27 lakh consumers. (ii) Energy Audit can be carried out for the whole pilot area.
