From the Director (Generation/TANGEDCO Lr.No.Dir/Gen/
TANGEDCO/F.NCTPS-II/D.No.28/21, Dated 08.09.2021.

PROCEEDINGS

In his letter read above, the Director (Generation)/TANGEDCO has stated that the NCTPS-II, Turbine Maintenance division and Ash handling division are under the control of Superintending Engineer/Mechanical Maintenance-II and they are two major critical zone where enormous and heavy volume of works are involved. Turbine Maintenance is a core division without which the plant could not run and Ash handling division is completely involved with environment, safety, health and evacuation of ash is a tedious task which has to be continuously carried out, failing which the generation could not be carried out. Hence, he has requested to approve for reallocation of works (duties and responsibilities) of the following areas on the basis of mutual work load sharing for better administration and ease of maintenance works since Boiler & Turbine coming under single head will prove to perform better control than distributed workloads. As such, there will not be any financial implication over this.

1. Turbine Maintenance division presently under Superintending Engineer/ Mechanical-II circle reallocated to Superintending Engineer/Mechanical-I Circle.
2. Areas from Inlet gate of ESP ducts to outlet gate of ESP ducts presently under Mechanical-I Circle reallocated to Mechanical-II Circle in addition to the Ash evacuation system being looked after.
3. Areas related to APH & ECO hoppers reallocated to Mechanical-II Circle.

2. The Direction (Generation)/TANGEDCO has, further, suggested that, in order to have effective control, performance and administration, Executive Engineer/Electrical post now looking after Turbine Maintenance Division and transferred to Office of the Superintending Engineer/Mechanical-I Circle may be re-designated as Executive Engineer/Mechanical. Instead one number Executive Engineer/Mechanical/Generation (Shift)/NCTPS-II post may be re-designated as Executive Engineer/Electrical/Generation (Shift). In fine, he has requested to issue suitable orders in this regard.

3. The above proposal has been examined in detail and it has been decided to accept the same. Accordingly, it is hereby ordered that the following reallocation of works between office of the Superintending Engineer/Mechanical-I Circle/NCTPS-II and the Office of the Superintending Engineer/Mechanical-II Circle/NCTPS-II.

Sl. No.	Nature of work	Work presently attended by	Work re-allocated to

3.	Areas related to Air Pre Heater (APH) and ECO Hopper (APH & ECO hoppers Sections of BM Division)	O/o. SE/Mechanical-I Circle	EE/Mechanical/AHPS & FOPH Division O/o. SE/Mechanical-II Circle

4. Consequent to the orders issued in para-3 above, the nomenclature of the following posts shall be re-designated as follows.

1. The nomenclature of the post of "Executive Engineer (Electrical) Turbine Maintenance Division, Office of the Superintending Engineer/ Mechanical-II Circle" be re-designated as "Executive Engineer (Mechanical), Turbine Maintenance Division, Office of the Superintending Engineer/Mechanical-I Circle".
2. The nomenclature of the post of "Executive Engineer/ Mechanical/ Generation (Shift), NCTPS-II" be re-designated as Executive Engineer/ Electrical, Generation (Shift), Office of the Superintending Engineer/ Operation/NCTPS-II.
